...ord isn't the cinch it would ... The column "Roaming Corridor" which we write for each issue of the Occident is read, at the most, by not more than 1,000 subscribers while this column is read weekly by many, many thousands all over the Hilltop, the majority of whom are adults. The prospect of writing a column that will appeal to that many readers is to say the least frightening.

However with not little urging, and a suit of heavy armor to ward off the taunts of classmates, we have gone ahead with the project.

Thanks:

Thanks are in order for the members of The Record staff who have been so gracious to the hard working Occident members who have been under foot down here for the past week.

Also thanks to Principal Dr. H. H. Reighley of West, who has been kind enough to allow the use of school time in editing The Record this week.

This opportunity that The Record affords for a look into the practical side of journalism has been replete with many new experiences and thrills.

It is an opportunity that is sincerely appreciated by all who have been fortunate enough to take part.

Rebounding Cowboys Batter Reider, Harris In 9-1 Win

By Roy Meloney

Springing back from a stinging defeat suffered the day before at the hands of North in the district tournament, the West baseball team captured the city championship by defeating a gallant group of Terriers from Aquinas 9-1 last Tuesday on the losers' diamond.

It was the eight consecutive victory in the league and although the season will not be completed until Tuesday the Westerners have clinched the championship.

West Starts Fast

The Cowboys wasted little time in breaking into the scoring column as they tallied one run in the first inning when Jack Baird, Richard Carter and Dick Hoover came through with singles. Big Bill Reider, Aquinas hurler, then tightened and held West in check until the fourth frame when once again the offensive power of the Cowboys began to work, and before the third out was registered four runs had crossed the plate. Reider then gave way to Bill Harris who also failed to stop the attack to any great extent as four runs were scored against him in the sixth inning to account for the final score of nine runs f... West.

Swisher Gives Up Two Hits

Bob Swisher, West ace fireballer, was in great form as he held Aquinas hitless for five and one-third innings. Bill Seiple ended all hopes of a no-hitter when he lined a clean single to left. Pirik also received credit for a hit although it was of questionable calibre. These two were the only base hits obtained from the offerings of Swisher.

After the two hits Swisher weakened to walk the next two batters and force in the only run scored by the Terriers.

It was the fourth straight time that one run had cheated Swisher from having a shut-out. His record for the league stands at four wins, while allowing only nine hits in 28 innings.

Hoover Hits

Dick Hoover led the 14-hit barrage with three for three while Jack Baird connected for the game's only home run when he clouted a four bagger in the fourth inning.

McNamee, arrangements; Ira Claggett, soft drinks; Joe Briggs, bean stand; Alvie Nafzger, sandwiches; Curt Roberts, coffee; Ed Planck, concessions; Ray Percy, stands; Tom Lewis, dancing; Billy Southworth and Paul Rausch games and contests; Jack Shank, ice cream; and C. Former Hilltop Residents Interned

By Mary Jane Edsell

"Message received through state department informs us entire family interned with 'friends' at Manila. Other reports intimate internements receiving fair treatment," reported the New York Office of Standard by telegram. Mrs. Hewitt interprets the message as meaning that Mr. Schlereth, his wife, the former Mary Virginia Hewitt, a graduate of West High School, and their two children, Hewitt, five, and Linda, two, are being held at a private home in Manila instead of the regular war prison at Santos, and she hopes they will be exchanged for Jap prisoners before the end of this year.

Mrs. Hewitt also said this was the first news of the couple since December, and that since the outbreak of the war ... cables had been received. No direct information has been given since the fall of Manila, and both families had tried to reconcile themselves to the fact that there would probably be no news at all until the close of the war. Rebounding Cowboys Batter Reider, Harris In 9-1 Win

By Roy Meloney

Springing back from a stinging defeat suffered the day before at the hands of North in the district tournament, the West baseball team captured the city championship by defeating a gallant group of Terriers from Aquinas 9-1 last Tuesday on the losers' diamond.

It was the eight consecutive victory in the league and although the season will not be completed until Tuesday the Westerners have clinched the championship.

West Starts Fast

The Cowboys wasted little time in breaking into the scoring column as they tallied one run in the first inning when Jack Baird, Richard Carter and Dick Hoover came through with singles. Big Bill Reider, Aquinas hurler, then tightened and held West in check until the fourth frame when once again the offensive power of the Cowboys began to work, and before the third out was registered four runs had crossed the plate. Reider then gave way to Bill Harris who also failed to stop the attack to any great extent as four runs were scored against him in the sixth inning to account for the final score of nine runs for West.

Swisher Gives Up Two Hits

Bob Swisher, West ace fireballer, was in great form as he held Aquinas hitless for five and one-third innings. Bill Seiple ended all hopes of a no-hitter when he lined a clean single to left. Pirik also received credit for a hit although it was of questionable calibre. These two were the only base hits obtained from the offerings of Swisher.

After the two hits Swisher weakened to walk the next two batters and force in the only run scored by the Terriers.

It was the fourth straight time that one run had cheated Swisher from having a shut-out. His record for the league stands at four wins, while allowing only nine hits in 28 innings.

Hoover Hits

Dick Hoover led the 14-hit barrage with three for three while Jack Baird connected for the game's only home run when he clouted a four bagger in the fourth inning.

"Hilltop Growing Community" Says 90 Year Old Man

"Take it from an expert, Mr. Hugh Carr, 2582 W. Broad-st, who celebrated his ninetieth birthday on May 20, says that the Hilltop is an up and coming community." Mr. Carr speaks as one who has seen the Hilltop grow from a few small homes into the prospering community it is today.

Born in Pennsylvania, he moved to Columbus in 1875, first taking up residence in the "bottoms" and later moving to the Hilltop in 1906. He built his present home at 2582 W. Broad-st and has resided there for 36 years. At the time of construction the only house on the south side of the street was number 2585.

Former Hilltop Residents Interned

By Mary Jane Edsell

First official report of internement of former Hilltop residents was that of Mr. and Mrs. Howard Schlereth, Standard Oil Co. representative in the Philippines, received last Saturday night, May 16, by Mrs. Schlereth's parents, Mr. and Mrs. Guy H. Hewitt, 203 W. Kenworth-rd.

"Message received through state department informs us entire family interned with 'friends' at Manila. Other reports intimate internements receiving fair treatment," reported the New York Office of Standard by telegram. Mrs. Hewitt interprets the message as meaning that Mr. Schlereth, his wife, the former Mary Virginia Hewitt, a graduate of West High School, and their two children, Hewitt, five, and Linda, two, are being held at a private home in Manila instead of the regular war prison at Santos, and she hopes they will be exchanged for Jap prisoners before the end of this year.

Mrs. Hewitt also said this was the first news of the couple since December, and that since the outbreak of the war two cables had been received. No direct information has been given since the fall of Manila, and both families had tried to reconcile themselves to the fact that there would probably be no news at all until the close of the war. The message came as quite a surprise to everyone as well as a long awaited relief accomplished only through the constant efforts of the state department, Red Cross, newscasters and especially Congressman John M. Vorys, who took a special interest in the case.

Last Seen in '38

Mr. and Mrs. Schlereth and son, Hewitt, were last seen in November of 1938 in the States, but their daughter, Linda, has never been here. Every three years Mr. Schlereth was granted a six month vacation to the United States. Their families greatly anticipated their arrival some time after last Dec. 5 with the new little girl, but his leave was cancelled immediately upon the declaration of war.

According to the 1926 edition of the West High annual, Mrs. Schlereth had been an honor student throughout her entire school career. Her class history ranked her very high in her studies and activities, which included: senior class secretary, junior executive committee, annual staff, '25, associate editor '26, class play, junior farce, "L" Society, Espanolismo secretary '24, Green Domino, Girl Reserves, Radion Club.

Mrs. Schlereth graduated from the Arts College at O. S. U. as did her husband from the foreign commerce department. Mr. Schlereth left Columbus that same fall of 1930 to work in the Philippines and came back in 1933 at which time they were married.

His executive work in the Orient has kept him from his own home here in Columbus most of the time, although his father and mother, Mr. and Mrs. Andrew J. Schlereth, still reside on the Hilltop at 247 S. Terrace-st.

Will You Please Help Us?

On May 18th, the General Maximum Price Regulation, was put into effect on most retail commodities. Some 1,900,000 stores were licensed by your Government, ourselves included.

We can lose our license if we purposely charge more than we should for any item. We can be fined or otherwise suffer.

As you may well imagine, it is going to be a tremendous task to adjust our daily business procedures to the provisions of this highly important order. We expect to work overtime to insure its success, a job which we accept willingly for it is one of the many things necessary to the winning of the War.

So we ask you to bear with us. If our clerks cannot answer all of your questions pertaining to the law . . . if we ask you NOT to make purchases in quantities beyond your needs . . . and if there be some confusion (as there well may be), please be patient.

We recognize the need for Price Regulation and we are eager to make it work. We realize that we can accomplish this end only if we have your support, confidence, and your help.

Local Plant Makes Unique Ruby Glass

By Rachel Dines

The Westlake Glass Co., a Hilltop organization since its founding, has the distinction of being the only factory in the United States to manufacture ruby glass by melting coatings of ruby and crystal glass together.

In 1925, after his graduation from West High, Ralston Westlake, inspired by an imported ruby glass his father, the late Councilman Milton Westlake, sold, developed a secret formula of his own for making this type of glass.

Mr. Westlake started the business in a little building back of his home at 2499 W. Broad-st. The industry expanded every year until they moved to their present site, an industrial zone and close to railroad trackage, at 3294 W. Broad-st.

Lack of space prompted them to erect a storage building to the west of their factory. They are now installing a new furnace to accommodate the war orders for ruby globes and lenses, used in airports and on ships.

Mr. and Mrs. Westlake make summer merchandizing trips to the outstanding state and world fairs. Various resorts and gift shops throughout the United States carry novelties made by the glass company.

The Westlake industry manufactures a line of tableware, specialties, including ash trays, baskets, trinkets and children's mugs, lens for airport signals and globes used in danger signals on ships. They also make a few items of amber glass.

Priorities have affected the glass industry in only one way—it is impossible to obtain steel molds for new designs; otherwise all materials are plentiful.

If gasoline rationing comes to the nation as a whole, Mr. Westlake expects it to affect the trade of the gift shops carrying their specialties.

Mr. Westlake, his wife, a son, David, seven, who attends West Broad School, and their daughter, Diane, one, reside at 3294 W. Broad-st.

Salem Church To Hold Services

Memorial services will be held in the Salem M. E. Church, Demorest-rd and Alkire-pk, Sunday, May 24, at 2:30 p. m.

An appropriate program has been arranged and Boy Scout Troop 45 of West Junior High School will dedicate the flag pole which has been presented to the church and erected in the cemetery which adjoins the church yard.

The ceremony will be led by Eagle Scout Gerald Gifford Jr. in honor of his grandparents, the late Mr. and Mrs. Scott Welch and his great grandparents, one of whom was Ryan E. Large, a member of Co. C, 191st Ohio Infantry during the Civil War.

It is not often that one deprivation helps out in another, but the rationing of gas is going to help a lot of us to save tires.

Hilltopper Has Original Poetry

Mrs. Wyatt Millikin, residing at 53 S. Warren-av, has been writing poetry for three years and during that time has shown such outstanding talent that she was given space in "Who's Who in Poetry."

She writes of many different subjects, but chooses as her favorite "old mother nature."

All poets dream of writing a poem that will live forever. Mrs. Millikin has selected an old house for the subject of her masterpiece, because a strange beauty lies in the fact that it knows so many secrets which it will never disclose.

Having already written many of this nature she is still dissatisfied and will continue to work until her dream becomes a reality.

A sample of her unusual gift follows:

Unforgotten Loveliness

In dreams I played with a fairy sweet,
Whose cozy home and safe retrent
Was a pink peach bloom,
Each petal a dainty room.

She rode about on wings of wind
And thot she had greatly sinned,
Unless she carried fragrance sweet
To all little fairies she chanced to meet.

The dainty rooms at last fell
What became of the fairy I cannot tell.
But when I see the blush of a peach
Wonder if beauty is to teach,
No loveliness is ever lost
If shared with others at any cost.

Hilltop Sports Reel

By Roy Meloney

Before we start ram'lin I want to express my appreciation to Mr. C. C. Hartley for his extreme generosity in permitting we students of West to edit his fine paper THE HILLTOP RECORD. We hope we have not destroyed any of its fine reputation by our so-called joulnalistic jabberings.

THE WEST baseball team finally accomplished its long awaited dream of bringing the sole possession of the City League Championship to the Hilltop. Their goal was attained last Tuesday when they defeated a fighting but outclassed nine of Aquinas 9-1 at the Mount Vernon Avenue school.

Meloney

Only Central and the arch rivals of North now stand in the way of a perfect record in the league. Due to the fact that a team seldom goes through the city league schedule undefeated a victory over the Pirates and the Polar Bears would establish the Westerners as one of the few squads which have obtained, this feat since the origin of the league.

It should be a "whale" of a battle and may the best team (West) win.

George Williams should be heartily congratulated on his fine job of coaching the West diamond team. His ability to get the most out of his players without "driving" has proven a main factor in the team's excellent showing.

WE HEAR from a certain little birdie that Charles "Chuck" Koterba will unveil one of the finest ball clubs in his managerial career when his State Hospital team takes the field in the opening game of the Saturday Baseball League which will commence activity in the near future. In addition to the returning members of last year's fine team, many new and promising players will be on its roster. Good luck, "Chuck," and bring home the "bacon."

That same gossiping little feather-bearer has also made it known that the Sullivant Avenue Gun Club, situated adjacent to the airport field, has been quite an active group, being one of the very few of its kind in Columbus. Another good point for this grand old place known as the Hilltop.

FROM FOOTBALL TO BANKING—Mr. Curt Wilcox, manager of the Ohio National Bank, is a former West High athlete, starring in football. He was also a member of the "W" Association, a club composed entirely of lettermen.

CRUISING CRUEA — That graceful skating form displayed at the Bender Rink is by none other than Frank "All American" Cruea, the manager of both the pool and the rink. The question is how much does he charge for lessons.

BASEBALL STILL REIGNS—Mike O'Malley is still active at his favorite sport, baseball. He is associated with the Allen Milks team which is rated as one of the top clubs of the state.

AT IT AGAIN—Herb Davis, a prominent member of the Camp Chase Legion Post 98, will once again head the Post baseball team. Last year his Junior Legion team was city and district champions and the outlook for another successful season is very bright.

Here they are, folks, the 1942 City League champions!

The boys pictured here carried the banner of West High to glorious heights this season as they roared through to eight consecutive league victories and with two games still remaining have clinched the crown.

The team has won 17 of 19 played, having bowed to Lancaster 4-2 in a practice game and to North 3-2 in the district tournament.

Bob Swisher, who is pictured on the front page, and Dick Hoover comprised the best pitching staff in the city. Swisher, a fastballer, has been undefeated so far, making this year the greatest of his three played for West.

Hoover, the ace southpaw, was outstanding on the mound for the Cowboys, defeating the best teams of the city. He is rated as one of the toughest hurlers in the league to hit. He is a junior in school.

Richard Carter and Jack Baird are the team's two leading hitters, both of them batting above the .400 mark.

Play On State Hospital Diamonds

Outstanding Teams To Play Night Baseball

Hilltop softball fans will have an opportunity this season to see major softball in both the men's and girls' divisions at the State Hospital diamond where both the Columbus Night Softball League (men's) and the Columbus Girls' Night Softball Leagues will play.

Ten Men Teams

The men's loop is composed of Columbus' 10 outstanding clubs including Hilltop Merchants, National Guarantee & Finance, Bartlett Prosecutors, Tims A. C., Rollerland, Bobb Chevrolet, Highway No. 6, Standard Savings & Loan, Timkens All-Stars and Ferguson Auditors. Such pitchers as John Schaeffer, Ralph Solt, Adam Schumacher, "Windy" Burke, Hop Cassidy, Warren Gerber, Bill Marshall, Bob Wilcox, "Smitty" Truss and "Dixy" Kirkendall will be seen in action.

Merchants In League

The Hilltop Merchants team played last year in this league under the banner of Ben Brew Beer and finished third in the race against the toughest opposition in town. The team remains intact, managed by Jimmy Martin, and is backed this year by the following sponsors: Haunts Food Market, Kent's Modern Market, First Federal Savings & Loan, Seiller's, Hilltop Record, Mayor Floyd Green, Westwood K. of P. Lodge, Jones Lumber & Coal, Hilltop Van & Storage, Wylie S. Shroyer Funeral Home, Westmont Theatre, Wyatt Millikin, Schmelzer's Restaurant, Ben Brew Beer, Les Denton Service Station, H. S. Anderson, Insurance.

Opening Game at 8 O'clock

The men's league will play on Mondays, Wednesdays and Fridays and the girls' league on Tuesdays with double-headers each night. The first game will be a twilight affair starting at 8 and the second game under the lights at 9:30.

The girls' league is composed of Wylie S. Shroyer Funeral Home, Standard Savings & Loan, J. & K. Shoes, R. Wilke Meats.

Tourney To Start July 27

The central district tournament will start July 27 and the state tournament will be played in Columbus at the State Hospital diamond Aug. 21-22-23.

House Recruits Naval Air Cadets

Wayne House, former commercial teacher at West Senior High School, left Columbus on Feb. 15, to enlist in the U. S. Navy in Detroit.

He was sent on to the Naval Reserve Aviation Base at Grosse Ile, Mich., where he remained for four days. Through transfer to the Ohio Naval Aviation Cadet Selection Board, Mr. House was then able to return to Columbus.

While carrying out his duties of enlisting Naval flyers from the entire state of Ohio, Mr. House stated that several West High boys had been through that office.

Having taught for three years on the Hilltop, he hopes to return to West after the war.

Allen Milks Win From Jackson

Another baseball opponent fell before the superior diamond play of the Allen Milk nine, which is composed mostly of Hilltop boys, last Sunday, the victim this time being the Jackson, Ohio, club. The final score was 7-2 and was played on the losers' field.

The winning batteries were "Lefty" O'Connor and Bob Whetstone on the mound while Mike O'Malley was behind the plate.

The Allens' team will play again this Sunday, facing a strong outfit in Chillicothe.

Crosby Chosen New Hi-Y President

In an election held Tuesday, May 12, the Hi-Y Club of West High elected Donn Crosby president for the coming year.

Other officers chosen were: Lewis Erf, vice-president; Guy Kent, secretary; and Jim Cotner, treasurer. Ernest Dahlen was elected sergeant-at-arms.

EXPERIENCED WITH STOVES

H. H. Goodwin, owner of the Gas Appliance Adjustment Co., 629 Columbian-av, has had 10 years' experience in the manufacturing end of the stove business. He is experienced in providing every kind of service to a gas range.

Cowboys To Play Central Tuesday

For the third straight time the baseball game between the Central Pirates and the West Cowboys has been canceled because of bad weather conditions. The game was rescheduled for Monday afternoon at West.

The contest was originally scheduled for last week but it was rained out and since then has been called off twice. The game is an official city league meeting although the outcome has no bearing on the championship because the Westerners have already made sure that they would receive full share when they defeated Aquinas Tuesday.

Central was defeated by West in the first round clash by the score of 5 to 1.

The probable starting pitchers will be Southpaw Dick Hoover for West and Ray Louthen for Central.

West Drops Tourney Final To North 3-2

For the third consecutive year the West baseball team has been eliminated from the District Class A Tournament by their arch rivals, the North Polar Bears. This season the West team had proven the victor in 17 out of 18 games, walking through three district tournament teams to reach the finals against North.

Then the Polar Bears and the Cowboys met last Monday on the latter's diamond and a "battle royal" took place.

West Scores Twice

West jumped to an early lead when Jack Baird was hit by a pitched ball in the first inning, went all the way to third on an infield error on Wisdom's ground ball and scored when Roy Meloeny drove a grounder to the shortstop; Wisdom scored the second and final tally when Bruck, the North hurler, fumbled Hoover's bouncer.

The Cowboys held fast to their two run lead for five innings behind Southpaw Dick Hoover's slants and all looked serene for the West cause.

Then came the fatal sixth as North came through with three base hits, and, combining them with two costly errors, three big runs crossed the plate for the Polar Bears.

Jim Reeder, who relieved Bruck earlier in the game, quenched a seventh inning rally by the Cowboys and North gained the precious victory making them district champions for the third straight year.

June 7, Alfred Converse, 66 Whitethorne-av, will be graduated from Franklin University, where he is studying to become a certified public accountant. He has attended day school a year and must now attend night school for three more years before he will become a C. P. A.

Golfers Win Five Matches

With the season drawing swiftly to a close the West golfing team looks destined to end in second place in the city league. Their record at present is five wins against one lone defeat, that coming at the hands of the leading squad from Upper Arlington.

There are still three more matches before golfers will call it "quits."

The West team is composed of Charles Snyder, Mondo Lombardi, Bob Susie and Tony Oddi and is coached by George Collins.

Camp Chase Favored In League Play

Although the season has not as yet gotten under way the Camp Chase Post 98 Legion baseball team, under the guidance of Manager Herb Davis, has composed a strong and very potent neucleus for this year's squad. The post team ran away with the city and district championship honors last season, only to be stopped in the second round of the state tournament.

The club will undoubtedly be favored again to repeat their winning ways with six members returning from the championship squad, plus four more recruits from the West High baseball team.

Among those returning are Dick Hoover, West star southpaw; Charles Weidner, catcher; outfielders, Jim McElwee and Dick Gilmore; infielders, Bill Richards and Dick Ollp, who can be used as a catcher, infielder or an outfielder. They are all at present members of the West squad but will join the team at the completion of school play.

The new boys to the team will be George Ours, a pitcher, Richard Carter and Mater Alban, infielders, and Ira Blackwell, an outfielder. All but Alban are also on the high school roster.

More additions will be made to the present list and all boys wishing tryouts for the team, announced Davis, should get in touch with him at the Legion Post on W. Broad-st.

The team will be entered in the North-West League.

The standings are as follows:

WARNING! "FLYING ANTS" ARE TERMITES
Once each year reproductive termites (often called "flying ants" or "swarmers") leave their nests to fly into the open. This is the way termites start new colonies. If you see these winged insects around your property, you have a definite indication that a termite colony is at work nearby. This is a warning to call in a Terminix Inspector, representing the world's largest termite control organization. Without cost or obligation he will tell you whether termites are damaging your property.

Round About The Hilltop

By Dorothy Mers

This column is being revived with all due apologies to Mr. P. W., its originator, who will soon take up duties at Wright Field, Dayton. The members of the Occident staff to whom he has given endless time and effort wish him all the luck in the world.

We heard that . . . Roy Bowen, former West High dramatics teacher and now with the U. S. Army, sent the cast of Pride and Prejudice a wire of congratulations for the fine work they did . . . Joan Myers, graduate of West and now affiliated with the Henry County Hospital as lab technician, returned home last weekend for a short visit with her family . . . Mr. and Mrs. "Eddie" Edsell, 635 S. Burgess-av, have pitched their tent at Red Bird stadium since the baseball season began . . . Sgt. Bailey Wade, stationed at Craig Field, Ala., is in a base hospital and would appreciate a letter from all his former classmates. His address is: Sgt. Bailey Wade, U. S. Army Air Corps, Craig Field, Selma, Alabama . . . M. V. Bates, 2424 Sullivant-av, has been laid up with the flu . . . Thomas Reed, who resides down Huron way is a couple of years behind the time or may be he was ready to spend a quiet week in jail. He drove from Ft. Knox, Kentucky, home with 1941 license plates on his car. Oh me!!

Seen around the Hilltop . . . Jim Cooper's blue orchid-iris . . . A. C. Keidel with a dandy dandelion-less lawn . . . Gates Trout whose flowers scent Eldon Ave. . . . Many uniformed service boys home on furlough; Graduates from West now in service number approximately 200 . . . Rev. Joseph B. Shellhaas cheering the West baseball team on to victory . . . a very disillusioned bunch of baseball players after the North-West district finals but they had the spirit to come back to down Aquinas 9-1. It was a hard game to lose but they took it like true sportsmen.

Carl Capretta wondering when the draft will get another one of his boys . . . A sure sign of spring is Frank Shepard battling the ants in his garden at 491 Wrexham Ave. . . . Jack Shank coming into the Record office, and driving a bunch of West journalism students, who are taking over this week's publication, crazier than ever. If possible! . . . Lt. Henry Garber trying to get some new recruits for his Bomb Squad.

LICENSE SUSPENDED

The driver's license of Robert L. Thompson, age 18, of 487 S. Burgess-av, was suspended for 15 days in the current drive to enforce maximum limits. He was driving 45 miles per hour.

"THE BATTLE OF ARMAGEDDON"

There's a wicked breed, in every creed,
We must get rid of that stock,
Our Fathers' creed—sterling honesty
Since they landed at Plymouth Rock.
Now greed and sin have entered in
Nations are suffering decay;
Continual unrest, in every man's breast
Was never the American way.

Our own Nation must use co-operation
Regardless of calling or station,
Grant Representation, More Equalization
And a reasonable Stabilization.
Democracy and Tyranny cannot endure
Only one is going to stand;
We'll find some day—TOO LATE TO PRAY
The Lord has taken command.

Some of the gunpowder taken in the capture of Fort William and Mary in Newcastle, Dec. 4, 1774, the occasion of New Hampshire's first armed resistance to Great Britain, was used in the Battle of Bunker Hill.

A private's pay in the New Hampshire regiments of the Continental Army during the Revolutionary War was $6.66 a month. A major general received a monthly stipend of $166. Later in the war a 10-pound bounty was offered recruits by town and state, and the Continental Congress offered a bounty of $20 to each enlistee, plus 100 acres of land and a suit of clothes.

USE YOUR CAR
Don't Store It
Says the Chicago Motor Club in Motor News—
Remember the old days when, with the first sign of cold weather, the family bus was "put up for the winter?" The car was jacked up, often the tires were removed, the radiator drained, a cover placed over the car and there it sat until spring.
If, in the interest of economy, some feel that such practice would be wise today, there are several factors to be considered.
Allowing an engine to stand for several months without running might cause enough trouble to require that your engine be torn down, cleaned out and re-assembled which is an expensive operation. It is also possible that you might need to replace parts injured by corrosion. Modern engines operate at high pressure, high speeds and high temperatures and may accumulate deposits of gum on certain moving parts which do not interfere with normal operation. If the engine is allowed to stand, however, without running this gum could harden and "freeze" such parts as pistons, piston rings, valves, etc., necessitating a general engine overhaul. Then again, moisture within the engine, which is driven off by the heat of operation when the car is run, could very well cause rust and corrosion to bright friction sur-

Don't Black Out Your Advertising . .
. . Says Prof. F. A. Russell of Univ. of Illinois
★★
Prof. F. A. Russell, advertising expert of the University of Illinois College of Commerce, says the wise farsighted business man will not "black out" his advertising during the war. He says:
"There may be priorities, rationing, outright prohibition of manufacture or sale of some products, shortages, and a definite seller's market during the war," he said, "but when the war ends the nation will have an enormously enlarged capacity for the production of peacetime products."
He recalled that many firms which stopped advertising and ceased maintaining a contact with their customers during the seller's market of the last war never were able to come back when a buyer's market was restored after the war. In England today, many advertisers, although unable to supply goods, are maintaining customer contact by advertising and looking forward to peace when the "battle of brands" will be resumed.
New People in Every Community
"Likewise, the war is bringing sudden shifts in population and in buying groups. The rich are feeling poor and the poor are feeling rich. The advertiser must educate perhaps millions of potential new customers about his product."
The increased buying power of farm groups and wage earners and the decreased buying power of salaried workers due to rising prices and taxes—these shifts must be studied and the new customers reached.

known that the Sullivant Avenue Gun Club, situated adjacent to the airport field, has been quite an active group, being one of the very few of its kind in Columbus. Another good point for this grand old place known as the Hilltop.

FROM FOOTBALL TO BANKING—Mr. Curt Wilcox, manager of the Ohio National Bank, is a former West High athlete, starring in football. He was also a member of the "W" Association, a club composed entirely of lettermen.

CRUISING CRUEA — That graceful skating form displayed at the Bender Rink is by none other than Frank "All American" Cruea, the manager of both the pool and the rink. The question is how much does he charge for lessons.

BASEBALL STILL REIGNS—Mike O'Malley is still active at his favorite sport, baseball. He is associated with the Allen Milks team which is rated as one of the top clubs of the state.

AT IT AGAIN—Herb Davis, a prominent member of the Camp Chase Legion Post 98, will once again head the Post baseball team. Last year his Junior Legion team was city and district champions and the outlook for another successful season is very bright.

Columbus Night Softball League (men's) and the Columbus Girls' Night Softball Leagues will play.

Ten Men Teams

The men's loop is composed of Columbus' 10 outstanding clubs including Hilltop Merchants, National Guarantee & Finance, Bartlett Prosecutors, Tims A. C., Rollerland, Bobb Chevrolet, Highway No. 6, Standard Savings & Loan, Timkens All-Stars and Ferguson Auditors. Such pitchers as John Schaeffer, Ralph Solt, Adam Schumacher, "Windy" Burke, Hop Cassidy, Warren Gerber, Bill Marshall, Bob Wilcox, "Smitty" Truss and "Dizzy" Kirkendall will be seen in action.

House Recruits Naval Air Cadets

Wayne House, former commercial teacher at West Senior High School, left Columbus on Feb. 15, to enlist in the U. S. Navy in Detroit.

He was sent on to the Naval Reserve Aviation Base at Grosse Ile, Mich., where he remained for four days. Through transfer to the Ohio Naval Aviation Cadet Selection Board, Mr. House was then able to return to Columbus.

While carrying out his duties of enlisting Naval flyers from the entire state of Ohio, Mr. House stated that several West High boys had been through that office.

Having taught for three years on the Hilltop, he hopes to return to West after the war.

Allen Milks Win From Jackson

Another baseball opponent fell before the superior diamond play of the Allen Milk nine, which is composed mostly of Hilltop boys, last Sunday, the victim this time being the Jackson, Ohio, club. The final score was 7-2 and was played on the losers' field.

The winning batteries were "Lefty" O'Connor and Bob Whetstone on the mound while Mike O'Malley was behind the plate.

The Allens' team will play again this Sunday, facing a strong outfit in Chillicothe.

Crosby Chosen New Hi-Y President

In an election held Tuesday, May 12, the Hi-Y Club of West High elected Donn Crosby president for the coming year.

Other officers chosen were: Lewis Erf, vice-president; Guy Kent, secretary; and Jim Cotner, treasurer. Ernest Dahlen was elected sergeant-at-arms.

RECIPES

"AN APPLE A DAY"

Remember when little Johnny use to carry a big red apple to his teacher? And you can bet his teacher was well pleased, since apples have long been a most desirable fruit. In fact, they might be considered one of nature's perfect packages, waxed and polished, air-tight, and easily opened. They are inexpensive, yet tasty and nutritious, so why not include some of these new ideas in your menus?

Apple Snow Balls

1 C. Washed rice
2 C. water
6 Apples
¼ C. sugar
2 Tbsp. butter
¼ C. raisins
Cinnamon

Cook rice in 2 C. water in covere sauce pan 45 minutes. Spread rice on individual squares of white cheesecloth and place one peeled and cored apple in the center of the rice in each square. Fill cavity of apple with sugar, a small piece of butter and a few raisins. Sprinkle with cinnamon. Bring up corners of cloth so that rice will stick on all sides of the apple and tie on top thus making a round ball. Steam until apples are soft. Remove clothe immediately. Serve with cream.

Apple John

4 apples
1 C. sugar
½ tsp. salt
½ tsp. cinnamon
1½ C. flour
½ C. graham flour
1 tsp. salt
2 tsp. baking powder
2 Tbsp. sugar
2 Tbsp. fat
1 egg
1 C. milk

Wash, pare, core, and slice apples. Place in deep pie plate or baking dish, adding the sugar, salt and cinnamon. Set aside. Sift, measure and sift white flour, add graham flour (entire wheat may be substituted), salt, baking powder, and sugar. Work in shortening. Beat egg slightly, add milk, mix with dry ingredients. Spread dough over apples. Bake 45 minuutes in a moderately hot oven, 375 degrees. Serve with cream or maple sauce.

Spiced Apple Muffins

2 C. pastry flour (sifted before measuring)
½ C. sugar
4 tsp. baking powder
½ tsp. salt
½ tsp. cinnamon
1 C. milk
3 tsp. melted butter
1 C. finely chopped raw apples
1 egg, beaten.

Sift together flour, sugar, baking powder, salt, and cinnamon. Combine milk, beaten egg and butter and add to dry ingredients. Mix thoroughly and fold in chopped apples. Drop in well greased muffin tins and sprinkle on a mixture using 2 Tbsp. of sugar and ½ tsp. cinnamon. Bake in a moderate over, 375 degrees, for 20 to 25 minutes. Makes 12 muffins.

First Hilltop Doctor Has Practiced Here 49 Years

By Lois Jones

Forty-nine years ago, Apr. 3, 1893, Dr. Howard Whitehead, 2230 W. Broad-st, located on the Hilltop as the first physician in private practice here.

Dr. Whitehead taught school for four years before he entered medicine and held teaching certificates in Delaware and Franklin Counties.

In 1893 he graduated from Starling College which is now St. Francis Hospital.

He recalls that when he came to the Hilltop the street cars came only to the foot of the hill and the rest of Broad-st was known as the National Road.

There were few houses and only two one-room school houses attended by about 50 children. One was located on Clarendon-av and has since been turned into a private dwelling; the other was on the northwest corner of Broad and Warren, which has long since been torn down.

Remembers Toll Gate

He recalls the old toll gate which was operated just beyond the Big Four viaduct.

At this time there was only one grocery store on the Hilltop, operated by David Mitchell, on the corner of Wheatland and Broad.

There were no improved roads and he made all his calls on foot except when he could borrow a friend's horse.

Dr. Whitehead calls Glenwood M. E. Church his hobby, as he was a charter member of the organization and because he has spent much time and money in the church. He also has held many offices in the church.

Dr. Whitehead is proud to be the first, though not the oldest, doctor on the Hilltop.

Wedding Bells: The rule of 10 years' standing which prohibited navy and marine corps officers from marrying within two years after being commissioned has been set aside by the navy for the duration. Word was flashed to all ships and shore stations immediately.

New Hampshire is one of three states in the Union which have no state motto. The other two Indiana and Ohio.

Final rites will be held tomorrow morning at St. Luke's Cemetery in Danville, Ohio, for Fidelis Sapp, age 71, of near Danville.

Mr. Sapp died of euremic poisoning at Mercy Hospital in Mt. Vernon, Ohio, after a three weeks illness. He is survived by his wife who resides in Danville; four sisters, three brothers and eight children. Two of his sons live on the Hilltop: Harley, 311 S. Roys-av, owner of the Broad-Warren Market, and Ray, proprietor of Ray's Market, at 220 Lechner-av; and one brother, O. W. Sapp, 160 S. Huron-av.

In Military Review

A dance and military review will be presented at the St. Aloysius Academy and Cadet School Sunday, May 24.

Two Hilltop boys will participate in the military review. They are Larry Sewell, 817 S. Eureka-av, and John May, 93 Westgate-av, who will be color bearer.

Staggering Loss of Lives In Traffic

Motor vehicle traffic claimed 2,458 lives in Ohio during 1941 as compared to 2,070 fatalities for 1940, according to official statistics just released.

This increase in deaths was attributable to the increase in traffic due to national defense, announced H. G. Sours, director, Ohio Department of Highways.

On a travel basis, the Ohio death rate for 1941 was eight per cent higher than for 1940.

Of the 2,458 traffic deaths in the state last year, approximately one-third of this number were on state highways outside municipalities.

"This increase," Director Sours cited, "was due, as for the state as a whole, to the great increase in motor travel on these highways."

Collisions between motor vehicles accounted for almost half of the 1941 fatality toll on rural state highways.

"The most frequent driver violation," said Harry E. Neal, chief engineer of the division of traffic and safety of the state highway department, "was speed over the legal limit or speed too fast for road and weather conditions. Next most common fault of drivers," he added, "was operating on the wrong side of the road. The most favorable 1941 trend on state highways outside municipalities, pointed out Director Sours, was the reduction in auto-train fatalities.

Attend Convention

Attending the annual convention of the Synod of Ohio at Toledo are Rev. C. P. Mitchell and lay delegate, Newton Thatcher, vice-president of Hilltop Evangelical Lutheran Church Council.

Rev. Mitchell also spoke at the twenty-fifth anniversary service of the Church of the Reformation in Detroit, Mich., Sunday evening, May 10.

He was a guest at the anniversary banquet, May 17, at Indianola Lutheran Church in Columbus, whose congregation is also celebrating its twenty-fifth anniversary.

War Prohibits Oil Used On Roads

It is going to be a dusty, dusty summer, was the conclusion reached at the annual meeting of the Franklin County Township Trustees Association. This conclusion can be blamed definitely on the war as the government demand for fuel oil will require practically all of the present national output. The trustees agreed to cooperate with the government since this fuel oil can be used to a much better advantage in the war program. Chances are that for the duration of the war no oil will be obtainable for dust control. Crankcase oil will have to be used instead of fuel oil as formerly.

NYA Trains Youths For War Industries

The war production training shop of the National Youth Administration, 270 Greenlawn-av, is turning out boys and girls trained to work in Columbus war industries. Youths who complete the three months training period have little trouble finding employment, according to Robert A. Conner, shop superintendent.

Interested youths may apply at the shop at 270 Greenlawn-av, or at the personnel office, 9 E. Fourth-st. Both young men and young women are eligible, and they must be between 17 and 25, inclusive.

State Departments To Conserve Miles

Reduction by 35 per cent of automobile miles traveled by employees of the Ohio Bureau of Unemployment Compensation doing authorized travel on state business is the aim of several reorganization moves.

Complying with Gov. John W. Bricker's request to save rubber by traveling less, the bureau has redistricted the state to eliminate mile-consuming trips. Effort was made in the redistricting plan to arrange areas so that railroad and bus transportation could be used more advantageously, Administrator Herschel C. Atkinson said.

Plans are also under way for the formation of "swap rides" clubs among the bureau personnel in the central office here.

Wanted: Statesmen

We heartily recommend for your current reading the discussion of our Congress as condensed in this week's issue of Time magazine.

"Again a contemptuous laugh went up from the nation. This time it was X cards for Congressmen." So starts their story.

Certainly there is an indictment of the American people in the words of Columnist Clapper who says, **"Congress has remained a collection of two-cent politicians who could serve well enough in simpler days. But the ignorance and provincialism of Congress renders it incapable of meeting the needs of modern government. People don't give a damn what the average Senator or Congressman says. The reason they don't care is that they know what you hear in Congress is 99% tripe, ignorance and demagoguery and not to be relied on."**

Certainly there is every cause for the people of Franklin county who make up this congressional district to give this matter serious thought and at least do their part in contributing a member to the next congress who will not be placed in this category.

It is our opinion that our present representation is definitely of the above quality. He now has the well earned title of "Wrong John Vorys."

Quoting Time: **"Too often a seat in Congress is only the reward for dumb loyalty to party machines; Congress has too many members with no conception of world events, men who are no more fitted to lead than any ward heeler."**

This is no new thought to this column. We have long maintained that the weakness of the American governmental program lies in the fact that we have reached a stage where our representatives and officials are selected by party leaders who pick these men for what they can get out of them rather than for any good they can do in the office they seek.

Here in Franklin county we have had the notable example of the party holding a prearranged "convention" to which the party leader sends his henchmen to do his bidding in "nominating" his candidates.

And what chance has a candidate who is not endorsed by the party? The public has reluctantly sat back and accepted the public officials who have been hand picked on the basis of "dumb loyalty to party machines."

What can we do about it?

Now is the time to do something about it!

One of the two candidates nominated in the August primaries will be elected this fall. Already the two parties have selected their candidates. It is likely we will have our choice of the lesser of the two evils this fall unless the people of Franklin County can get out and draft a candidate that can be put over even in the face of organized party opposition.

It is well enough that the two parties fight for their candidates in the fall election but it is detrimental to our system of good government to have a strict party endorsement and organized campaign in the primaries.

The Congress to be elected this fall will be faced with perhaps the most difficult task of any Congress in the history of the nation. They will be faced with the task of further prosecution of the war and perhaps the most important duty of a settlement of the peace.

We believe our people have reason to be dissatisfied with the way our pre-war program was handled and of the handling of the affairs of the nation following the declaration of war.

As previously stated, we do not believe a man can be wrong as many times as Mr. Vorys has and still be entitled to return to Congress as our representative. We hold no personal feelings against him, nor does his party affiliation mean a thing to us.

Furthermore it is proof again of this reward for party loyalty that makes it possible for him to get the wholehearted support of the county organization in the face of his record.

It isn't too late for a better candidate to get in the race. So far we haven't heard of any of the possible congressional timber of either party that isn't already bored full of political party-termite holes.

Today we are fighting a war abroad for the preservation of American Democracy. It is time we started fighting to preserve it at home.

DEMOCRACY

Democracy's great form will never die!
Too deeply is it rooted in the earth—
Though cruel devastations cause a dearth
Of bloom, and many boughs are crushed thereby.

The lovely rose now serves to verify,
That strength untold can be in frailty's girth—
And Life will differentiate the worth
Of things, and cause the roots to multiply.

Though Earth's fair breast may feel the stir of seeds
That strive to grow, so thickly are they sown—
Old ones, that have been given a new name,

And in reality the vilest weeds—
We shall perceive Democracy has grown
Again, and overshadows all their shame.

West Gets Revenge, Down North High By 2-0 Score

Finishing their most successful season in some time, the West High baseball squad shut out the North Maroons 2 to 0 Tuesday, avenging their earlier defeat in the district finals. Hoover allowed the Bears but three hits.

The season's league record looked like this:

West 10;	East 1.

Stores To Close Wed. Afternoons

Hilltop retail stores will be closed on Wednesday afternoons during June, July and August starting next Wednesday, June 3. After a canvass conducted by the Hilltop Business Men's Association this week it was revealed there was an almost 100% cooperation among local business firms for the half holiday program.

The half day of rest will be welcomed again by employees of these firms.

This is the third year the program has been followed on the Hilltop and it is anticipated it will be more successful this year than at any previous time. This is especially true in view of the many extra demands for time created by the war emergency.

Committee in charge of the closing program is headed by Ray Haunts, assisted by Paul Leininger, Chester Herbert, Charles Kent, Harold Fox, C. C. Hartley and C. J. Penfield.

Effective next week Hilltop grocers will have no deliveries on Wednesdays.

This change in their service is brought about by a new order from the government to reduce their delivery service another 25 percent, effective June 1.

Hilltop housewives are urged to give their hearty cooperation by ordering their groceries on Tuesdays.

Local chain store outlets will also cooperate by closing Wednesday afternoons.

Stores will be closed each Wednesday afternoon during the summer except in weeks in which there is a holiday.

Starling New City Champions

It looks like the West Side will take care of all the baseball championships for the 1942 season just closed, as Starling Junior High's baseball team was assured of at least a co-championship in the Junior High League, by virtue of finishing their schedule without losing a game.

Bob Berry and Bob Phelps did the twirling for the champs, while Renick Parkey was the receiver. Alan Klemm was the first baseman and was the smallest to ever hold down the initial sack for a junior high team.

Bill Kelley turned in a good game at second as did Bob Rickard at short, Bob Humphrey was the guardian of the hot corner. Phelps, John Dolly, Albert White and Jack Buckingham played errorless ball in the outfield. Bob Snyder, James Smith, Kenneth Burgoon and Bill Buckingham took care of the utility assignments.

Albert White led the team in hitting with a healthy .870 average and will be back next year as will Dolly, Phelps and the two Buckinghams.

This is the tenth baseball championship for the Carl Smith coached aggregation in 20 years of Junior High competition.

Otto Rieck Reports From Pearl Harbor

Blackout begins every night at 7 o'clock and everyone must be off the streets by 9:30 at Pearl Harbor according to letters Mrs. Otto A. Rieck, 166 S. Brinker-av, has received from her husband who is stationed there.

On Jan. 27 Rieck left the peace and quiet of Columbus for the belligerent section of the globe. He arrived in Pearl Harbor Feb. 15.

MORAINE FLORIST
RA. 8161

What Men Have Done Can Still Be Done, And Shall Be Done Today.

Sad, yet proud, Uncle Sam thinks of all soldier dead of wars gone by.
And on this Memorial Day, soldiers of World War II are added to that parade of heroes.

Liberty is the name of the cause today. In the past we have recognized the basic truth of Daniel Webster's words, "God grants liberty only to those who love it and always ready to guard and defend it." Today we are asked to defend that cause once more. And we will succeed, for what men have done can still be done, AND SHALL BE DONE TODAY.

"THE REVENUE COLLECTOR"

This night whispered the collector
I am going to find that still
I will follow this gloomy old hollow
The still is around that hill.
The night was dark, but he made a spark
With a match to light his pipe
And that reflector, finished the collector
They thought he was a little over-ripe.

Hunters found a hole in his forehead
Right square between his eyes,
Below the line, where they make moonshine
Are markmen shrewd and wise.
Didn't find the still, and he never will
Left to decay in the mountain clay,
Wild animals of prey, skidded many away
I'm telling you what I heard them say.

— Letters — To the Editor

Mr. C. C. Hartley
Hilltop Record.

Dear Sir:

You and your co-workers are to be complimented on your very fine gesture in permitting the members of the West High School Occident staff to gain some first hand experience on how a paper is run.

The cubs did a good job as evidenced by Friday's issue of The Record. It is an experience they won't soon forget and they also should be complimented for their efforts, also a bouquet for their instructor, Myron Seifert.

Respectfully Your
Carl E. Smith.

To Present Revue

A two act revue written and produced by Miss Keith Lovewell of the Keith School of Dancing will give 150 Hilltop children a chance to show their accomplishments before a large audience at West High School on June 19.

Several solo numbers will be presented by Dale Thatcher, Josephine Feustle, Theresa Levy, Sue Ann Elleman and Joan McKinney. The feature of the evening will be a number presented by Miss Lovewell called "Park Avenue Gentleman," assisted by Miss Sue Ann Elleman. Tickets are now on sale at the studio or may be bought from any of the students.

Don't Overlook The Special Election Tuesday

If you are a qualified voter you should remember to go to your voting place Tuesday and vote on the charter amendment issue in the special election that day.

Little interest has so far been shown in the election and it is anticipated that the large majority of the vote will be that of persons working through the city administration. This is all the more reason why those who are against the amendment should see that their friends do not overlook the issue.

Some time ago we expressed the belief that the amendment would fail. We still believe so for the reason that the people want no new local taxes at this time, have no confidence in the administration of such taxing powers placed in the hands of the city fathers, have not been shown that the administration has had any semblance of an economy program.

It may be true that Columbus enjoys a low tax rate and it is true that the city needs more money for operating expenses but we believe the people must first be given a genuine down to earth example of economy operation before they provide this money.

• • •

The Hilltop is such a desirable place-in which to live that people are now offering rewards for any information telling where they can rent a house in this section of Columbus. For further information see the "wanted" classification on the want ad page of this week's Record.

• • •

Westgate Park Needs Attention

Surely there is a little of the city money floating around for care of the parks that could be properly diverted to repairing the toilets at Westgate Park.

Within a short time the Hilltop will be host to the entire city at the annual Hilltop Bean Dinner at Westgate Park and with the thousands of persons who visit us that day we certainly can't be proud of the condition of the park toilets.

Cost of these repairs would not be extremely high and we believe the city could well afford to do without something else for the time necessary to get this money.

Rev. Freer To Be Speaker Sunday

Rev. C. A. Freer, representative from the Anti-Saloon League of Ohio, will speak at the Hilltop Lutheran Church of Christ on Sunday morning, June 7, at 10:15.

Mr. Freer was pastor of the Wilson Avenue Church of Christ for six years and until recently pastor of the Firestone Park Christian Church, Akron, a pastorate which he held for 12 years. He is now permanently associated with the Anti-Saloon League of Ohio. He was for some time president of the Christian Endeavor Union and for 13 years was executive secretary of the Summit County Disciple Union.

Father Dies

Funeral services were held yesterday for Isaac Donley, 369 Wrexham-av, who died Tuesday. He is survived by his wife, Estella; sons, Clarence and Fred; daughter, Mrs. Ada Davis; four grandchildren. Burial was in Green Lawn Cemetery. Donley was the father of Donley Bros., plumbers.

GRADUATE BANQUET

The twelfth annual banquet to honor all Glenwood 1942 graduates will be held at the church Tuesday evening, June 9, at 6:30. Judge Cecil J. Randall will be the speaker and Harold Mers will be the toastmaster. Parents and friends of the graduates are invited

STRAWBERRY FESTIVAL

Group 2 of St. John Lutheran Church, Mrs. John Crooks, chairman, will sponsor a strawberry festival at the church Friday evening, June 5. Sandwiches, coffee, strawberries, ice cream and cookies will be served, beginning at 5 o'clock.

West Athletes Get Letters

Athletic letters were given to 17 members of the June graduating class Tuesday for participation in the varied sports program at West High School.

Bob Swisher, Phil Wisdom and Ray Laughlin were awarded letters for three major sports.

Other athletes who have been members of athletic teams at West are Herb Baird, baseball; Julius Carter, track; Bill Clark, football; Bill Fausnaugh, football; Richard Jenks, track; Roy Meloeny, baseball and basketball; Tony Oddi, golf; Ed Stewart, football; Robert Susi, golf; Bob Wright, football and wrestling; Dale Young, basketball; Jack Hobbs, football, and Joe Davis, football.

Fourteen baseball players and two managers received varsity letters. Five of this group are juniors and 11 are seniors.

The list includes Herb Baird, Jack Baird, Richard Carter, Bill Clark, Dick Hoover, Harry Hopwood, Ray Laughlin, Jim McElwee, Roy Meloeny, George Ours, Bill Richards, Bob Swisher, Charles Weidner, Phil Wisdom. Managers are Bill Snashall and Joe Gill.

The following 17 boys received letters for track: Bill Fausnaugh, Orus Sheward, Donn Crosby, Bob Bates (captain), Julius Carter, Delbert Smith, Richard Jenks, Jim Jones, Don Murphy, Ernie Dahlen, Jack Bates, Jim Stewart, Don Jenks, Jack Phillips, Noble Allen, Edward Collins and Gilbert Jones.

Red Cross Workers To Meet Tonight

Red Cross Emergency Medical Unit, ward 11 of district four on the Hilltop will hold its first regular meeting Friday evening, June 5, at 7:30, at the Hilltop Lutheran Church, Terrace and W. Broad-st. Mrs. C. H. Webber, 105 N. Burgess-av, is chairman of this ward, assisted by Miss Fay Hassen, 324 S. Ogden-av, and Howard Tuttle, 18 N. Huron-av.

All members are urged to attend and bring neighbors in the ward who are not active in other branches of the O. C. D. The ward needs more workers and proper first aid training will be provided for those who have not had it.

New Gift Store Opens For Business

Miss Kathryn Ogden, daughter of Mr. and Mrs. Albert Ogden, 118 N. Hague-av, will graduate from St. Mary of the Springs College June 10. For the past two years Miss Ogden has been president of the dramatics club at the school. She will graduate as a teacher of English and dramatics.

On June 20 Miss Ogden will leave for Plymouth, Mass., where she will attend the Plymouth Theater Colony to which she has received a scholarship.

WALSH TO HOSPITAL

Jerry Walsh, age 20, is being moved back to St. Francis Hospital. Suffering from an attack of arthritis, Walsh has been recovering at the home of Mr. and Mrs. John McGovern, 684 S. Harris-av. He is an ex-Aquinas athlete. He is the son of Mrs. Mary E. Walsh, 19 S. Cypress-av.

In Sherick Dance Revue

Barbara Bell, daughter of Mr. and Mrs. T. H. Bell, 296 S. Eureka-av, and Sue Keller, daughter of Mr. and Mrs. H. R. Keller, 740 S. Richardson-av, will appear for the third time this year in a Jack Sherick dance revue to be staged at Central High School Wednesday, June 10.

Vote On Charter Amendment At Election Next Tuesday

Polls will be open next Tuesday, June 9, from 6:30 a. m. to 6:30 p. m. for the special election on the city charter amendment. The amendment provides for an increase of 2.5 mills in real estate taxes and is meant to provide about $900,000 to be earmarked for the police and fire departments. The following points have been presented by those for and against the amendment:

For the Amendment

Passage of the amendment would put the city on a pay-as-you-go basis.

Homeowners of Columbus don't pay much for the services they get.

Of the $8.50 the city receives in taxes, $6.37 goes to apply on debts, leaving little for operating costs.

Money received from this amendment would be earmarked for use of the police and fire departments.

The passage of the amendment is needed as a defense measure in view of the services rendered by the police and fire departments.

If this amendment should be voted by a majority vote the citizens will find that the increase is $4.63 per thousand plus $1.01 being put outside limitations, plus any additional levies later which Council may decree. This is the third attempt in two years to get more real estate taxes and this special election alone will cost the taxpayers approximately $20,000.

More than two and one-half million dollars is being paid annually by real estate taxpayers into the sinking fund for city debt charges. This load is carried exclusively by real estate taxpayers. Further, practically the entire city school load is also carried by the real estate taxpayers. They also are leaving out of their figures an item, the $450,000 collected exclusively from property owners on water bills for operation of city sewage treatment plant. The home owners and tenants of this city pay and furnish in proportion to all other general taxpayers the revenue from indirect taxes going into the city general fund. State laws require that out of the cities' anticipated revenues the public health and safety appropriations be made first before anything else," not last. This means that the claim of police and fire emergency is false. It's more than a levy because sleepers giving City Council additional powers over taxes are cleverly concealed in the amendment considerably briefed on the ballot.

Green's Squeeze Levy
Ohio statutes make city take care of public safety, police and firemen first, not last.
There was no real emergency the last time—there is none now.
City revenue is up considerably from previous years and ample funds are available for essential services.
The state is already paying the cost of City Civilian Defense.
The Amendment contains sleepers and is misleading. On the ballot instead of 2.5 mills it is 4.63 mills.
It gives the City Council (a tax spending body) broad tax-rate making authority and extensive power to raise the tax rate at will.
Increased spending once approved is seldom decreased.
Puts all city debt levies outside constitutional limitations, possibly giving City Council blanket authority to issue bonds and increase debt.
Business can pass tax to consumers. Home owner and tenant cannot.
The Rent Control Law provides for increases in rent "where there has been a rise in local taxes."
The city should freeze non-essential spending, and keep down local taxes during the war.

World conditions necessitate and produce action and reaction, defense and offense, war and peace, prosperity and depression . . . ¶ Great problems lie before the graduates of 1942. To some, further preparation is necessary before tackling them . . . others find themselves on the long road that leads to future responsibility . . . in business . . . in government . . . in social activities. There's a challenge for every student . . . a problem to be solved . . . mistakes to be corrected . . . errors to be avoided. There's something that needs licking . . . something that only one person can lick. It may be a personal problem . . . but each personal problem affects a national problem—this is a big country.

Mrs. Goldsack studied landscape painting for a year under the eminent artist, Charles William Duvall. She has been studying the past four years under Robert O. Schadeayn of the Columbus Art School.

IN MEMORIAM

In loving memory of Harley N. Lawyer who died one year ago June 5.
His smiling way and pleasant face
Are a pleasure to recall,
He had a kindly word for each
And died beloved by all.
Some day I hope to meet him,
Some day, I know not when,
To clasp his hand in the better land,
Never to part again.
Sadly missed by his daughter,
Mrs. Blanche Kraner.

14 Hilltoppers In Civil Air Patrol From Local Airport

The Civil Air Patrol at Sullivant Avenue Airport has one of the two girl flying instructresses in Ohio. She is attractive Dolly Heberding, formerly of 121 Belvidere-av. The aviatrix has been in the clouds for three years, with 300 flying hours to her credit, and is an adjutant in the Civil Air Patrol. Along with other air accomplishments Miss Heberding holds a commercial pilot's license.

Fourteen Hilltop men belong to the air patrol, but are not yet qualified for present duty. They are F. Bonnet, 50 N. Burgess-av; Curt Roberts, 303 Belvidere-av; Kilbourne Downey, 28 Stevens-av; Harold Frye, 602 S. Terrace-st; Harry Grooms, 477 Eldon-av; Glenn Hamilton, 2304½ Sullivant-av; Richard Kehlmeier, 485 Belvidere-av; Edward Miller, 171 Belvidere-av; William Oliver, 100 N. Hague-av; Francis Palmer, 111 N. Roys-av; Ralph Rainey, 38 N. Wayne-av; Charles Reaver, 1604 Reaverlane-av; Stanley Reaver, 1604 Reaverlane-av; Vaughn Seeds, 134 N. Eureka-av.

Eddie Arn, owner of the airport, is commander of the patrol. According to him, being a member of the patrol doesn't mean just flying. It also means close order drills. These are patterned after the regular army fashion. A member is also instructed in radio code, both blinker and sound. He is also given a first aid course. A private pilot's license must be produced in order to gain admission to the patrol. The patrol at the Sullivant-av airport is well filled, Arn said.

"There are no set hours for classes," Arn asserted, "because the hours of training are made for the convenience of the member. The entire organization is operated under U. S. army air corps standards."

An airport must have one complete squadron, which includes three full flights equivalent to nine planes, to have a patrol on its field. There must be one observer to each plane.

Arn was on the eastern seaboard the month of April doing flight patrol as well as helping to build up classes.

The Sullivant-av airport was the original municipal airport for the city of Columbus. It is now more or less a fueling station for commercial and other type planes. Each plane which lands there must have arrival and clearance papers. Two new hangars have recently been completed. One was finished in July and the other in December.

The Flag Goes Marching By

Sunday is Flag Day.

Perhaps it will be filled with more meaning this year than at any previous time.

In recent years we have forgotten our beginnings and what it meant to be free. We had become soft and were living in a state of ease. All about us there was suffering and want but little did we know of what was going on nor did we care.

Today things have changed. We have suddenly come face to face with an enemy that seeks to destroy our comfort. Now we must realize more than ever before that if we are to keep our freedom we must be willing to die for it.

Today the American flag moves forward as a smybol of things we love most. It is a promise and a hope to peoples all over the world. It is more fitting than ever that we should honor it.

Another Levy Is Defeated

It was no surprise that the special election on Tuesday brought out a very light vote and defeat for another levy. This was predicted months ago when it was even mentioned.

We cannot understand the city administration and council going along with a program that would place the levy before the voters. Certainly they knew in advance what the outcome would be and knew too that the special election would cost some $15,000 to $20,000.

The public is gullible and can be sold oil stock once . . . but they don't buy the stock again and again if it fails to produce.

Graduation At Home

West High and Junior High graduates this week received their diplomas from the West High stage.

We believe all concerned, the parents, the students and the faculty agree that graduation exercises at home are more satisfactory than at the coliseum.

We hope that even after the war this custom may be continued.

West's programs were impressive and snappy.

We join in extending heartiest congratulations to all the graduates.

George Ours Wins Hauntz Award

George Ours has been chosen as winner of the Ray Hauntz Trophy for 1941-42 for outstanding services in both athletic and academic work during his junior year at West High. He was a pitcher in baseball and a letter winner in basketball and football. Ours made a name for himself recently when he fanned 18 batters in the West-Grandview game.

Ours has made an average of 3.6 in his school work and was accepted into the L Society.

First winner of the trophy was Bob Swisher, recent winner of the Agonis Award.

Brother Reported Missing In Plane

Thomas S. Holleran, age 20, brother of Mrs. William Eberts, 95 N. Burgess-av, was presumed lost this week when a navy patrol plane which he was on had been reported missing. There had been no contact with the plane since it took off on a routine training flight last Friday over the gulf, naval officials at Pensacola, Fla., announced.

Holleran was graduated from West High School in 1939. Holleran enlisted in the navy in February, 1940. The sailor came to Columbus from New Straitsville, O., in 1938 to make his home with his sister at the Burgess-av address.

Holleran became interested in joining the navy while in high school and enlisted in the naval reserve. Not long after he started in active duty at Pensacola he went to the Canadian Royal Air Force radio school. He had been back only a week.

Holleran was one of nine children. There are, besides his sister, Mrs. Eberts, Miss Kathleen Holleran, Miss Zita Holleran, nurse at St. Ann's Hospital; Louis Holleran, John, in the U. S. army, and another brother and two sisters out of the city.

Student Day At Wheatland Church

Sunday will be Student Day at the Wheatland Avenue Methodist Church. Youth of the church will be in charge of every department morning and evening. The sermon at the morning hour by the pastor, Rev. M. E. Nelson, will be "Remember Now Thy Creator In the Days of Thy Youth."

At 3:30 in the afternoon all the Methodist churches of the Lexington Annual Conference in the city will join in a union service at the Wheatland Avenue Church, Rev. C. B. Capher, pastor of the Eleventh Street Church, will preach and his choir will sing. Pastors, members and friends of the other Methodist churches will be present and will take part in the service.

The evening service will be in the nature of a program by the young people under the direction of Mrs. Beatty, the Busy Bee Choir will sing. There are 24 or more of these young people whose ages range from four to 11. There will be no preaching and the service will begin at 7:30 p. m.

Rev. M. E. Nelson and family moved into the parsonage at 326 S. Wheatland-av last Friday. He came to Columbus from Delaware where he was pastor of the Trinity Methodist Church for three years.

Rites Held Thursday For Mrs. Hauntz

Funeral services were held Thursday for Mrs. Lizzie Hauntz, mother of Ray G. Hauntz, Hilltop grocer and city councilman. She died at her residence, 893 W. Town-st, Monday. Burial was in Green Lawn Cemetery by Jerry Spears. Mrs. Hauntz also leaves a brother, Alex Taylor.

Mrs. Hauntz was a native of Pickerington. She was a member of Glenwood Methodist and the Pythian Sisters. She had been ill for some time.

Bible Schools To Open Soon

Vacation Bible Schools on the Hilltop will provide activity for many local children this summer.

Concordia Lutheran Church, 45 S. Brinker-av, will begin its Vacation Bible School sessions on Monday morning, June 22, at 8, and continue four weeks, from Monday through Thursdays each week, 9-11:30 a. m. The school is open to children of all ages.

The annual Vacation Bible School will be held at Bethlehem Lutheran Church, Harris-av at Vida-pl, Monday morning, 9:30-11:30. Children four years or older may attend. The school will be held five days weekly and will close at the end of three weeks, June 16 to July 3.

The pastor, Rev. Elmer J. Klamfoth, and a group of experienced teachers will be in charge.

The St. John annual Vacation Bible School will open June 15 at 9:00 a. m. and will continue for three weeks, closing with a program the evening of July 3.

Any child within the ages of five to 14 years is welcome. Those who will teach are Mrs. Charles Weidner, Mrs. Fred Dickendasher, Mrs. C. L. Wilson, Mrs. Laura Bauer, Misses Martha Lou Mason, Phyllis Weber, Marilyn Beard, Messrs. Harvey Tiller, Don Moss and the pastor, L. L. Cooperrider.

The war has taught the need of Christian training of the children. The Daily Vacation Bible School is a contribution to this cause.

Vacation Bible School for boys and girls of the junior primary ages will be conducted at the Hoge Memorial Presbyterian Church from June 15 to July 3. Classes will be conducted daily from 9 to 11:30 a. m. Monday through Friday of each week. The school will be open and free to all boys and girls.

Insurance Man Goes Back To Horseback To Make His Rounds

When you see a distinguished looking gentleman with a cigar in his mouth riding down Broad-st, on a horse and brief case fastened to the saddle it won't be a carpet bagger.

These are war times and many have to resort to some of the most antiquated modes of transportation. H. F. Cunningham, 2860 Valley View-dr, solved the tire problem by purchasing an ex-race horse from John Davis, well known Hilltop equestrian recently.

Babe, Cunningham's new steed, will carry him about the Hilltop to collect his insurance. First customer to be called on Monday by the insurance salesman on horseback was Sherm Edwards, beauty operator on W. Broad-st.

Cunningham finds it necessary to do without sugar at times in order that Babe may have her share.

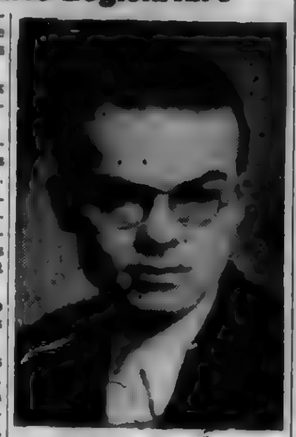
Children's Day

Children's Day program at Hoge Memorial Presbyterian Church will be held Sunday morning at 10:30. The boys and girls from the junior and primary church will present the program. Recitations written by children and published in the "Wee Wisdom" magazine will be used. Committee in charge, Mrs. E. W. Emery, Mrs. Leo VanArsdale and Miss Mary Ann Porter.

BANQUET FOR STUDENTS

Hillcrest Sunday School will have a banquet honoring all high school or college graduates this evening (Friday) at 6:30. Those attending must have reservations. Dr. C. O. Miller is superintendent of the Sunday School.

HOLD ICE CREAM SOCIAL



An ice cream social will be held Tuesday, June 16, 7 p. m., at Concordia Lutheran Church.

Anderson Elected U. B. Superintendent

J. R. Anderson was elected superintendent of the Burgess Avenue Church's Sunday School at an election held Sunday.

Other offices filled by the election were assistant superintendent, L. O. Cozad; secretaries, Betty Taylor, Betty Edwards, Betty Hill; librarians, Joe Gill, Ralph Brown; treasurer, Mrs. W. Curlis; assistant treasurer, Mrs. Paul Mathews; pianist, James Recob; assistant pianist, Margaret Thomas; choirister, R. L. Parker; flower fund secretary, Mrs. F. Waller; superintendent cradle roll, Mrs. J. R. Anderson; athletic committee, C. R. Hill, chairman, Paul Mathews, Wilbur Jones.

Robert Draper To Be Candidate For Member of State Legislature

Robert M. Draper, 74 N. Roys-av, will be a candidate for State Representative, he announced this week.

Draper, a Democrat, will seek nomination at the August primaries.

He is a member of the Columbus Board of Education and was president of the board last year.

Draper is a member of Masonic orders, the Eastern Star, Charity Newsies, Columbus Bar Association and Athletic Club. He is chairman of the southwest district of Boy Scouts.

He has lived on the Hilltop since 1910, is married and has one daughter, Nancy.

He is an attorney with offices in the Huntington Bank Bldg. He is a graduate of West High School and received his law degree from Ohio State University.

Jack Bellar Will Go From Denison To Life In Army

A successful career by a Hilltop lad at Denison University was concluded Monday with graduation exercises at which time he received his diploma: Jack Bellar, son of Mr. and Mrs. Arthur J. Bellar, 326 Algonquin-av.

"Prelude To Destiny" Is Topic Of Senior Class Speaker

"Prelude To Destiny" was the topic of Mary Jane Edsell for the graduating address at West High School Wednesday evening.

Miss Edsell, the daughter of Mr. and Mrs. E. D. Edsell, 635 S. Burgess-av, has studied dramatics five years at West and debating two years. She was president of Girl Reserves, secretary-treasurer of the Debate Club, assistant editor for the annual and room president for the Student Council.

The text of her speech follows:

One hundred and ten years ago, when Stanislaus Augustus was the last king of Poland, that country became the theatre of a long and devastating war. It was defeated. Came the division. Catherine the Second of Russia, Maria Teresa of Austria, and Frederick the Great of Prussia, each took a slice of the unhappy land. Further revolt ended in the surrender of Warsaw and the dispersion of the Poles. In 1832, what remained of liberty-loving Poland was declared a part of the Russian Empire.

Such a catastrophe inspired men and laid the foundation for great masterpieces. Contrasting themes for compositions that would outlive their generation reflected either extreme joy or deep sorrow. Music and other forms of emotion furnished an escape from the pent up passions of a war-torn world. Men were encouraged to exercise latent creative abilities that otherwise might have remained dormant. Out of such a background came the "Prelude in C Minor," from the Aria of Frederick Chopin, expressing his grief over the loss of Polish independence.

Today, as then, the wick that will bring forth the flame of our "Prelude" may be ignited by one of the most vindictive conflicts in world history. Shall we regard this war as an inevitable disaster that will result only in an overloaded burden of mental and physical suffering to be placed on our shoulders and those of our children forever? Or, should we conceive it as an opportunity to make the best of ill fortune by creating, probably not great symphonies or

Injuries In Auto Accident Are Fatal

Joseph L. Miller, age 31, 193 S. Warren-av, died in the Springfield, O. City Hospital Sunday, six hours after a collision at Brighton, 12 miles east of Springfield, on Rt. 40. He was driving east toward Columbus at 2 a. m. when his auto ran into a trailer attached to a car driving west, according to state highway patrolmen.

After the collision Miller's car swerved across the road and broke through a guard rail which prevented it from falling into a ravine, patrolmen said. The victim suffered a fractured skull and bruises.

Until recently he was employed by the Ward Baking Co. on E. Goodale-st. Miller came to Columbus 19 years ago from Salem, Mass. He leaves his widow, Mrs. Patricia Miller; a brother, Frank Miller of Columbus, and two other brothers and three sisters, all of Massachusetts.

Services were held in St. Aloysius Church Wednesday at 9 a. m. Interment was in Galloway Cemetery.

Burd Miller Gets Army Promotion

Burd D. Miller was home this week from Camp Lee, Va., where he has been attending officers training school. He was commissioned second lieutenant May 23 and reported to the air base at Salt Lake City, Utah, Wednesday. He will be in the aviation supply detail there.

Lt. Miller was released from the army Sept. 11, because he was 32 years old and over the age limit for the army at that time. Four months later, Jan. 17, he was back at Camp Lee in the officers training school.

Lt. Miller is the son of Mrs. Olive Miller, 1601 W. Broad-st. When he was on the Hilltop he lived at 126 Westmoor-av.

Levy Loses By 4-1 Vote On Hilltop

Hilltop voters joined with those all over the city Tuesday in registering a protest against levies by defeating the 2.5 mill levy by a vote of four to one.

While the total vote in the city was 6002 for the levy and 25,623 against it the eleventh ward voted 526 for the levy and 2241 against. The tenth ward voted 433 for and 1474 against.

As soon as the complete vote was announced by the county board of elections, Mayor Green, in conference with Safety Director Roy B. Weed and Service Director Grover F. Clements, began plans for a drastic retrenchment program which will be submitted to council in lieu of the $900,000 which the special levy on real estate would have raised this year and next. He predicted a possible "500 lay-offs."

This was the second proposed charter amendment levy in two years to meet a similar fate in the hands of voters. The other was defeated by a vote of nearly three to one.

There is no indication that council would consider any alternative plan for financing the city budget.

However, the Home Owners and Renters Protective Committee, leading opponents of the amendment, in a statement, declared "many economies can be effected without lessening essential city services, and without reduction of wages."

Scouts Plan Ball Game

Hilltop Boy Scouts are selling tickets for the big Boy Scout Night at the Red Bird Stadium next Thursday, June 18, at which time the Red Birds will meet Milwaukee.

Program chairman for the game preliminaries will be Reg Heber, who has been director of the Scout-O-Rama, the annual Scout show for many years but which was cancelled this year, and the ball game substituted, because of the coliseum in the fairgrounds not being available. Mr. Harold R. Lee will assist Mr. Heber with the grand entry.

The bed does not have to have a mattress, Mrs. Plesner said.

Golda will be sent home from the hospital some time this week-end so immediate word from anyone having information about a bed would be appreciated by the family. Call Ra. 7968 or go to the above address.

A Lump Gets In Our Throat
We have seen the flag floating from public buildings, watched our boys and girls pledge allegiance. We remember it on many a Fourth of July picnic in the long ago. All our peaceful yesterdays we have taken for granted. Today it is fiercely and proudly at war. Now many of us are really seeing it for the first time. Suddenly it becomes the most precious thing in the world. There it goes, fluttering across the khaki lines. A lump gets in our throats and we cannot speak because we love it so.

Announcing
A Change of Name . . .
MEMORIAL BURIAL PARK
Will Now Be Known as
SUNSET CEMETERY
Since the organization of the Memorial Burial Park Association other cemeteries since organized and now serving Columbus are using the words "Memorial Park" in their names. We are often asked whether we are the Memorial Park west of the city or one of the ones east of the city. Owing to this confusion of names the Trustees of the Memorial Park Association have obtained from the Secretary of State an amendment to its charter changing its name to Sunset Cemetery Association, effective June 1st, 1942.
No change in policy, officers or management. The Trust Department of the City National Bank & Trust Company still is custodian and one of the trustees who administer the investment of the Perpetual Care Fund of Sunset Cemetery Association, a part of which is invested in defense bonds. Sunset Cemetery wishes to announce the opening of its new granite mausoleum, columbarium and double retort crematory which affords to its patrons the only five-way burial service in central Ohio.
1. INTERMENT: Ground burial.
2. ENTOMBMENT: Crypt burial.
3. CREMATION: Reduction of body to ashes.
4. INURNMENT: Placing inurned cremated remains in niche of columbarium.
5. INGROUNDMENT: Cremated remains inurned and interred in family lot.
May we suggest that it is the sacred duty of thoughtful husbands to provide a burial estate in "advance of need," while not burdened with grief. This accomplished, your duty is but half done. It is likewise to your advantage to get detailed information regarding funeral service and supplies. In no other city the size of Columbus can be found more modern equipped funeral homes or better trained personnel. Attention to these duties will be an eloquent memorial of the affection you bear your family.
Four-grave family lots available as low as $100.00. Convenient terms. Cremation arrangements available through the funeral director of your choice.

WAR Means Rationing, Saving
The Jap attack on the United States has changed the whole picture in the last few weeks. Car owners were warned months ago to save and practice economy for National Defense. Now tires and new cars are rationed—we may face restrictions later on gasoline and oils.
As a car owner you are naturally concerned by the shortage in rubber, by reduced automobile production, and by the possible shortage of gasoline and oils.
We reprint below the suggestions we offered motorists in an advertisement in this paper last August, for prolonging the life of your tires and your car—and for obtaining economical gasoline and oil mileage.
1. Avoid high speeds on the open highway—for safety and economy. 100 gallons of gasoline will give as much mileage at 30 miles per hour as 110 gallons at 50 miles per hour. Oil consumption is one-third less at the lower speed. Tire and engine wear are less too.
2. Avoid "cowboy" driving—racing away at traffic lights, sudden and excessive braking, slipping clutches, running over curbs.
3. Have your car thoroughly lubricated every 1000 miles. Make sure it's done by a dependable dealer with a reputable organization behind him.
4. Change oil every 1000 miles. Dirty oil can cause dangerous wear, increased consumption and costly repairs.
5. Install an oil-bath air cleaner. Have it checked every time your car is lubricated. Keep the entire cooling system clean. Flush both the radiator and engine block, and put in a good rust inhibitor.
6. Keep battery fully charged and add water regularly. Have the voltage regulator checked occasionally. Make sure the water pump, fan belt and distributor are checked periodically.
7. Maintain tires at full pressure for maximum mileage. Tire life is lengthened as much as 25% if you change the position of the tires, including the spare every 4000 miles.
8. Every 6000 miles—or at least every six months—give your car the protection of a complete and careful mechanical check-up.
9. These practical suggestions if followed will give your car longer life—at lower cost.

CLASS SPEECH—

(Continued from page 1)

great paintings, but a workable substitute for war—a world we would want to live in.

As I look about me at this class of which I am a part, I do not see 388 senior high school graduates about to embark on life's adventurous journey, but I see a future generation — one thousand strong — engaged in almost every American pursuit, each a sacred human personality, each building his own independent dynasty—yet maintaining case living together relations. Why is this so? Simply because these people I visualize have been educated. They have learned the need for the exercise of individual initiative under the control of the safety valve of human welfare. They are using wisdom to create a world they want instead of trying to find it.

They have built a world with the golden rule as their motto. The health and happiness of all have been safeguarded through unselfish cooperation. They have realized that every man's wage is a part of another man's cost of living, therefore, they have found it necessary to understand and fulfill their duties to each other. They have placed emphasis upon enjoying life to the brim through self-effort, yet they have set up a practical system of living together. They have proved there is strength in numbers. United they stand.

I have said that my vision of our generation implied education. Let me emphasize that high school training is but the beginning of this process. When you step down from this platform and out into the world, diploma in hand, it will not be the end of school or a ceasing of education—but only the "commencement" of real thinking, and real knowledge put to the practical test of real experience. Life is made up of graduation from one level to another, whether it be in regard to living standards, physical abilities, mental capacity, spiritual elation, social ideals, or other desirable assets.

Are we not determined to make the world a better place in which to live? Let us not forget that we will never get this better world until we get better people, you and me. People who understand the right and can direct their own efforts to do the right. Progress thrives on human ambitions and initiatives, but they must be controlled, from within us, for the good of all. It is this intense personal desire for knowledge and "getting somewhere" under control, that keeps the world moving in the right direction. American progress would be throttled down to extinction by dictatorial curbs upon our traditional freedoms. These curbs must be applied to ourselves, by ourselves, through education. May this war serve to arouse all of us to do something worthwhile toward conserving these ideals.

Should we not, for example, armed with a growing knowledge of free enterprise, be thinking of our part in the peace that must certainly follow the present onslaught! Many of our parents, who were then our age, were thrust into the midst of blood and death to witness the horrible scenes of man killing man. That was a war to end wars. But, hatreds and uncontrolled promotion of national ambitions made the patched up peace of that war a failure. We are at it again! Are we and our parents, because of our educational opportunities of the last 25 years, to be better diplomats at formulating the peace terms which are to close this conflict at arms, than were those who decided the terms of the Treaty of Versailles? Is not now the time to think about peace? Now, when every citizen's thoughts are excited to the peak of production; now while America is on the march?

Shall this peace leave things as they are at the close of this war? Shall the guiding principle be that of every nation for itself? Shall America inject its ideals and authority upon all peoples? Or, shall we, as a symbol of the spirit of freedom and of productive effort under such control, endeavor to convince those who will be representing the powers of the world that national initiatives must be preserved to insure world progress; but that these forces must be controlled in the interest of world welfare.

We are likely to be called upon, at least as voting citizens, to help make these decisions. If each of us today, with some measure of education, knows what we are fighting for, what the reasons are behind America's system of government, what struggles have been fought for the rights and freedoms due all deserving peoples, THEN we are in a position to contribute an harmonious note that will eventually mean the completion of a prelude to a symphony more beautiful than the fondest dreams of a Chopin or a Beethoven.

Champions Coming To Hilltop

"Slingin' Stan" Corgan

Twenty-two-year-old Corgan, a native of Cincinnati, O., is one of the two star pitchers with the world champion Bendix Brakes softball team of South Bend, Ind. The Brakemen are scheduled for a Columbus appearance Wednesday, June 17, at State Hospital field against Ferguson State Auditors, one of Columbus' strongest aggregations.

In 1941, when the Indianans won the world's crown, Corgan won 29 and lost two. He won his last 20 games in succession, including two in the Detroit finals. One of his four no-hitters last season was a perfect effort. He averaged 13 strikeouts per game.

He shares pitching duties with Ike Bierwagen, another 22-year-old star, who in his first season with the Bendix team in 1941 won 30 and lost one. In the Detroit tourney, he won three games, including a no-hitter against Peoria and a 12-inning game against Kodaks.

The South Bend team comes to Columbus with an enviable record. Their 1941 record was 66 victories and four defeats, the last 39 games coming in succession.

Comprised of all employees of the firm, the team is regarded as the best outfitted in the country. This will be their only appearance in Columbus this season. Fergusons return the visit to South Bend next month.

Either Clyde "Dizzy" Kirkendall or Warren "Fireball" Gerber will pitch for the Auditors, whose star-studded team is expected to provide the visitors with plenty of opposition.

Also on the June 17 program will be a game between the Provident Loans of Mansfield, state girls' champions, and Columbus J. & K. Shoes, a perennial state title contender.

The first game will start at 8 o'clock.

"Goodbye, My Lover, Goodbye"

They were going away, to enter the fray
We knew that many would die
Soldiers, marines, with fighting machines
And thousands to fly on high.
While suppressing a sigh, we said goodbye,
Many had a tear in their eye
And they sang that day, before going away
"Goodbye, my lover; goodbye."

The end we'll know, before we get snow
And let me give you a tip
We'll do our best, trusting God for the rest
But we'll never give up the ship.
The final end is near, I predict sincere
OUR PLANES WILL DARKEN THE SKY,
To hope we'll cling, never again they'll sing
"Goodbye, my lover; goodbye."

Hilltopper Tells Tale of Bug In Trinidad With Head and Tail Lights

They tell a story about a certain bug that flies about on the island of Trinidad in the British West Indies. Only those who have been there and seen it believe the story. It seems the little bug is well equipped with two head lights and a tail light.

After flying about a while it will perch on a tree bough and turn out its headlights leaving only its tail light aglow to keep any object from running into it from the rear. When it takes to the air again the bug turns off the tail light and on go the two head lights.

Drivers can see the dashboard instruments of their automobiles from the light given off by the bug.

This tale came to our ears via John W. Lambert, son of Mr. and Mrs. C. A. Lambert, 27 Broadlawn-av, who just returned home after an 11-month stay on the island of Trinidad where he was doing government work. Lambert is an engineer.

The native inhabitants of the island speak a particular English that only they understand. They carry everything on their heads, even a letter. They place the letter on their head with a stone on top of it to keep it from falling. Cars are driven on the left side of the street in Trinidad and the driver is constantly going around oxen pulled carts of the natives.

Trinidad is just 15 miles off the coast of South America and the climate is most agreeable. The days are warm and the nights comfortably cool.

Pelt Hunter Turns Poet

The handsome gentleman in the above photo is none other than C. S. Parks, operator of a service station at Wisconsin and Broad-st, and well known for his weekly verse in the Record.

"Hunting for furs was just an every day occurrence with me," he said, as he explained the photo.

It was back some 30 years when Parks was a telegraph operator for the Western Maryland R. R. in a little station between Elkins and Piedmont, W. Va., that he would seek diversion from work through hunting. He worked the third trick which gave a good deal of daytime to hunt.

Parks' prey consisted of fox, raccoon, muskrat, mink, etc.

The filling station owner had quite forgotten his hunting experiences until recently when his nephew came into the station with a picture of Parks holding some game. After seeing the picture other experiences creeped into his mind. Soon his brain was so flooded with thought that he sat down and wrote the following poem of his hunting trips.

"GOOD OLD WINTER TIME"

I caught the above fur in steel traps
Many long years ago
About twenty-five or thirty perhaps
The date I do not know.
Two gray foxes, a mink and otter
Caught when full and prime
On land and some in the water.
In the good old winter time.

On the north Potomac River
Deep in the Alleghany mountains
Ten below did not make me shiver
High rivers only fountains.
I love the flowers, the summer weather
But when wild fur is prime
I would bunch my traps together
In the good old winter time.

Let's Do Something About It

An Editorial

At least one good thing can come out of the wholesale lay-offs of Columbus police, firemen and other department workers. This is an opportunity to have public confidence in our city government restored.

For a long time we have maintained that our type of city government is far from efficient, that it is operated politically and not on the best business basis. This has been true in past administrations as well as it is today.

Interest in Columbus city government has bogged down because the public has lost confidence. It is time that confidence is restored.

Further evidence of the loss of faith was witnessed right here on the Hilltop Thursday morning as the public almost unanimously called the Wednesday night Broad-st fire a "fine show." They do not believe it was necessary for so much commotion over what they termed a "two bit fire."

It is not fair to blame the present financial crisis on either city council or the mayor. It is a combination of caused that dates back for many years and has finally come to a definite head. The poor handling of it for the past two years has been a joint responsibility of both council and the mayor.

But more particularly we believe one of the main causes of our difficulty lies in the fact that our present form of city government permits inefficiency and politics to enter in.

It is a fact that Columbus city government needs more money in order to maintain the services our citizens expect. It is also true that economies could be effected by a different system. But we believe it has already been forcibly demonstrated that Columbus citizens do not believe in turning more money over to a system which in itself cannot be operated in the best business-like manner.

Therefore it appears that now is the time to start the wheels moving for an entire change in the city government. This can come about only by a completely rewritten charter which will incorporate all the good things of a city manager form of government.

Policemen and firemen who have been in the middle all these years, men who have taken these jobs only because of the security of position they offered, have found they were not secure at all. It is time they ceased being used in this swaying political battle.

It is time these public servants started looking out for themselves and demanded that such a change in city government be brought about which will give them the security they rightfully deserve.

It is time that we have a full time city council paid large enough salaries that will enable them to devote their full time to the job and make it possible to more definitely place responsibility on their shoulders.

This is a time for action. Columbus is aware of the danger that faces the city. But they are likewise aware that a definite and permanent solution of the problem is not merely the raising of enough money to restore police and firemen to their jobs. That is first, but then must come the operation that will remove the ill for all time.

Old Diary Kept By Uncle of Local People Reveals Civil War Life

By Jean Young

"Called out to fight skirmishing. Kept up 'til sundown, then we were shelled and had to retreat."

That is what happened on April 14, 1863, as recorded in the diary kept by James Burnside, during the Civil War. He was the uncle of the Misses Margaret, Eva and Estella Burnside and Mrs. Daniel Churton, 92 N. Powell-av.

It was quite by accident that the now valuable book containing the handwritten recordings of this member of the 126th Regt. of the Ohio Volunteers was found.

The diary was uncovered when a house belonging to the sisters was rented in East Palestine, O., just recently. After moving in the new occupant found old boxes in the attic containing musty papers and among them was the diary and the citizenship papers, yellow with age, that named Edward Burnside a citizen of these United States. He was from Ireland. The paper bears the date of Aug. 29, 1840. Edward Burnside was the Misses Burnsides and Mrs. Churton's grandfather.

Also among these papers were two letters that have been salvaged from the Civil War that were written by a relative. In the contents the writer asked that the receiver pray for the spiritual guidance of the soldiers, as conditions were poor and the men had little or no religious teaching.

"It would make you shutter to hear the oaths and implications they (the soldiers) utter now where there is no chance given to religious service," the writer explained in his pleading correspondence.

In this same letter the author remarks of the notorious Gen. Morgan and his raiders being captured back in his home county of Lisbon.

It seems though that even with the interesting facts gleaned from the letters the family at 92 N. Powell-av, finds great enjoyment in reading over the diary of their uncle. It reads like a book.

In several places in his diary the Northern soldier tells of being so near to the enemy lines that they could hear the roar of the heavy guns. He tells of the day, July 21, 1863, when they had a strong battle with the "Rebs" at Manasses Gap. He writes of how Washington turned out to see the soldiers when they marched through. Each day he records when he walked picket duty and enters the countersign for the day in his diary.

"A wet day. We laid in camp all day when he should have been cleaning out old Lee. No fighting transpired on this day."

That was July 13, 1863.

On July 14 he wrote, "Fell into line of battle and marched up 'til within musket range when we found that Lee had fled. The boys were much disappointed."

The next three days took Burnside on through Maryland with the Northern army in pursuit of Lee and across the Potomac into the Shenadoah Valley.

In a failing script that shows the sign of fatigue from the fever the writer says on July 20—"I gave out on this day."

On the last page written he tells of how ill he is with the fever that was going from one soldier to another in his camp. James Burnside met his death in the battle of the Wilderness, which was the prelude to the invasion of Richmond.

The flank in which he marched had to break in order to pass around a huge tree which stood in its way. In this maneuver a bullet hit Burnside but the troops went on and his body, as far as is known, was never recovered.

Miss Estella Burnside said the book would probably be given to one of the younger members of the family and that the citizenship papers would be covered with cellophane in order to keep it from falling apart.

"We certainly were surprised to get the diary and it is very interesting to us," said Miss Burnside in behalf of her sisters.

Boy Injured In Accident

Sixteen - year - old Richard Ewing, 816 S. Eureka-av, was in very critical condition at Grant Hospital early this week from injuries received when the car that he was driving collided with a bus on E. Broad-st, which also took the lives of two girl companions, in a pelting rain Saturday evening. He suffered a fractured skull, broken wrist and fractured leg.

According to assumptions made by a sheriff's deputy, the cars must have collided head-on in the center of the three-lane highway, and the master weight of the bus, of the Arcodel service, drove it on and over the auto for 210 feet and down the highway.

After that both cars rolled into the ditch on the north side of the road, with the auto underneath and partially buried in mud and water, the deputy said.

Ewing's shoes and trousers had to be cut off in order to remove him from the wreck

He is a sophomore at West High School and was driving the girls to pick up a friend who had been attending a dinner-party, friends reported.

Ewing is the son of Patrolman and Mrs. Oscar Ewing of the Eureka-av address.

A Busted Hot Water Bottle May Help Win The War!

Remember the old time ballad which says, "For the want of a rider a battle was lost?" Well, we're not going to lose this war, but a leaky hot water bottle may supply the extra ounce of scrap rubber that will more quickly give the Axis the axe.

Uncle Sam Wants That Old Rubber Right Now!

Yes, the government wants every disused or worn out articles made of rubber that can be sent to the nation's stock pile, and want you to help get it there in a hurry.

Our Industry Is Collecting It!

Starting June 15, and continuing through June 30th, gasoline stations from coast to coast will help collect scrap rubber and will pay . . .

A Penny a Pound In Spot Cash For Every Pound

contributed by you . . . so take all the old rubber you can collect to the nearest gas station today.

None of the oil companies will receive one penny of profit for this service to the nation. Through the cooperation and efforts of thousands of dealers and gasoline company employees, the scrap rubber will be turned over to the government and will be paid for by Uncle Sam on the basis of $25 per ton (2,000 pounds). The difference between the amount paid by the oil companies and the amount paid by the government has been pledged to the USO, Navy Relief, Army Relief and American Red Cross.

May Help Avert Gasoline Rationing In Central West

Since a shortage of rubber is considered the main reason for the threatened rationing of gasoline in the central states, this is one important way to do your part, and it may help to ward off the need for curtailment of this vital commodity.

MY FATHER

Even as I used to rumple his gray hair—
Tempering its dignity—so, now, I strew
His sombre grave with heliotrope's fair hue
And drape with clover shrine the headstone here.
Then, in the tall, lush grass above him there
I sorrow) and talk with him an hour or two,
Planning the many things I hope to do,
Placing my heart's rich treasure in his care.

Small comfort mine, you think?
So think all those
Who walk beside my father, hear his voice,
And know his full affection. They suppose
That only those so favored can rejoice.

At this we smile in secret, Dad and I;
We know that fathers never really die.

Helen Wolfe Davies, in American Album of Poetry

"ARBITRATE"

Let us shout across the Nation
War there will be no more,
Born up from every humble station
Cruel war we all deplore.
From every station and city mansion
Make them hear and understand
We're in favor of honest expansion
But no more war on sea or land.

Our ship of state should arbitrate,
Treat each man as a Brother;
Don't wait too late for honest debate
Respect the opinions of another.
Foolish hate regulate and subjugate
Just one fight will invite more
Let us arbitrate sincere and sedate
Cooperate against future war.

115 Families In Housing Project

One hundred and fifteen families are now occupying homes at the new public housing project on the West Side, Riverside Homes, with offices at 415 W. Rich-st. and there are 137 vacancies for which qualified defense workers may apply, it was announced today by O. A. Corzilius, director of the Metropolitan Housing Authority. A model home, adjacent to the office at 415 W. Rich-st, may be seen daily from 8:30 to 7 p. m. and on Sundays from noon to 7 p. m. Applications may be made at the same hours, or appointment may be made for other hours, if necessary.

The agreement to open the project first to defense workers in 19 plants certified by the government as war production industries was made by the authority following application for priorities for materials. Workers in war production industries who have been commuting, who are rooming, who have been separated from their families, who are living under doubled-up conditions, or who are living in substandard dwellings locally may apply. The limit on income is $2100, or $2625 where more than one member of the family works.

The apartments, varying from one bedroom, two bedroom and three bedroom units, are completely ready for occupancy. Quarters are planned for efficient care, floor are cement, units are as soundproof as possible, well-screened, well-lighted. Included in the monthly rental are charges to cover light, gas for cooking and constant hot water supply, a gas stove, heat, storage space, laundry facilities, incinerators, play spaces for children. The Sullivant-av bus runs within one block of the project, which is bounded by two sides by W. Rich-st and McDowell-st, and by the Scioto River, and which is adjacent to Sunshine Park.

Highway Program

"It is apparent that considerable misunderstanding have grown out of discussions of and reports on the various regulations and restrictive policies governing highway work as laid down by the federal government since the declaration of war," H. G. Sours, director, Ohio Department of Highways, said today.

First of all construction projects involving the use of any federal aid funds must be approved by the war or navy departments, and their needs in the defense program justified. This is true whether or not the use of critical materials is involved.

The state highway department has been ordered to redesign all structures using structural steel and where at all possible to substitute reinforced concrete.

The Hilltop Record

In Its 26th Continuous Year Of Community Service

Vol. XXVI, No. 10 | The Hilltop, Friday, June 26, 1942 | Total No. 1216

Something Good Will Come Out

It's to be regretted that the affairs of the city have come to the place they have, and that people of Columbus have no more confidence in its administration than they have. Yet this is the fact.

And as we stated editorially last week, it is time something be done about the matter.

It is encouraging to note at this time that something will be done about it.

We have had enough of a response from public spirited citizens to believe that Columbus will in the near future have the privilege of voting for a city manager form of government.

It is too early to predict what course the program will take or who will head up such a group. Certainly it is not too early to learn of all those who are interested in contributing some time and effort to the movement when it does come to a head. We will be pleased to have the names of any and all individuals who are interested.

Encouraging Signs In Hilltop Business

All is not as black as it has been pictured in reports of business conditions.

Here on the Hilltop are encouraging signs of the faith business men have in this community.

This week comes the announcement of the opening of a new large Cussins & Fearn store at Roys and Broad, and also is the news that Seiller's new baby department will be ready for public inspection about July first or tenth.

Year after year the Seiller store has grown with the Hilltop. This year is no exception. The community can well be proud of this fine merchandise establishment and of the constant desire of M. W. Seiller and his associates to give the Hilltop the finest possible shopping center.

Son Writes Home Of Experiences In Australia

Mrs. Henrietta Davis, 2700 Dibblee-av, received her first letter from her son, Gerald, who sailed with the army recently.

The letter follows in part:

April 30, 1942

Dear Folks:

As usual there isn't much to say. Perhaps I'll think of something as I ramble along. We were paid today. My total pay was $86.30 or 26.17 pounds approximately. You'll have to figure it out if you want the exact figure. I used up two sheets of paper getting the answer I did.

The captain left us yesterday. (I don't think that is giving away any military secret. If it is it will be deleted.) I hated to see him go. You know we practically raised him. Remember when he joined the company?

The Aussies treat us fine and the morale is running very high. In fact the boys are inclined to be a trifle optimistic as to when this whole thing will be over. Some of them even go so far as to say they expect to be back in the State by (censored). Of course I am always on the lookout for a little extra money so whenever I hear anyone make a statement to that effect I always offer to make a little wager that we won't. No takers so far though. They always back down. We can buy papers here so we keep pretty well up on the news. We have a hard time keeping up with the New York Yankees or the Cleveland Indians though

I hope you are all fine. I expect to get some mail from you any month now.

Jerry

How's This For Early Tomatoes

About this time of year come stories of firsts in the vegetable gardens of the Hilltop.

And this week comes news that A. E. Kiefer of 505 Nashoba av had his first ripe tomato on June 19. This is eight days ahead of his last year's record.

This has our crop beat by several weeks, we hate to admit.

Cussins & Fearn Will Open New Store on Hilltop About Aug. 1

Wonder how many of the older residents now living in West Columbus or on the Hilltop remember the original Cussins & Fearn Store founded in 1893 in old Franklinton at West Broad and Sandusky-sts.

From the one store (the original building is still standing at 655 W. Broad-st.), Cussins & Fearn have grown to 27 stores and a public garage, now serving all Ohio.

Such growth does not come by accident, it must be founded on service, fair dealing and good merchandise at lower than average prices. That's why every associate in this friendly organization (at times over 500 employees) has, for over 49 years, striven to maintain their slogan of, "A Good Place to Buy".

A lease has been signed with Ed Stauch for the storeroom at Roys-av, and Broad-st, located between the new A & P Super Market and the new Economy Drug Store. Work is already under way with fixture installations, and the opening will be announced in the Record as soon as work progresses far enough to set a date.

Cussins & Fearn still operate a large store at 649 W. Broad which will be continued due to the large volume of business obtained from the Sandusky-st, community. This new Hilltop store is intended to serve not only the Hilltop residents, but the thousands of folk coming in constantly to Cussins & Fearn from West Jefferson, London and surrounding towns and farms.

Cussins & Fearn is a Columbus organization, and all executives live here in greater Columbus. C. J. Penfield is president and has been associated wfth the firm since 1916. He is well known for his civic activities, and as president of the Columbus Zoo. B. L. West, Sr. is vice-president and has served C & F for nearly a third of a century. B. A. Durrant is general manager of all the C & F stores.

Everything From Rubber Egg To Girdles Found in Scrap Collection

Girdles, rubber eggs, flush balls, hot water bottles, overshoes, floor mats, etc., were in rubber piles in many filling stations over the Hilltop this week.

When they hauled the ton and a half that Bill Conn's Texaco Service Station, S. Warren-av and Sullivant-av, had collected the government took four rubber girdles of fairly good size that some patriotic women had graciously donated and toy tires that some tot had parted with. One gentleman came to the station and took the floor mat from the trunk of his car and inserted linoleum in its place.

Lee Greenwald, operator of Lee's Hilltop Station, Eldon and Broad-st, set aside a part of his station for a rubber pile. Patrons dropped their donations there and one person caused a great deal of anxiety when he ran to Greenwald and said he found an egg in the pile. Employes of the station started a fervent search for an egg laying fowl but to no avail. Soon Greenwald joined in the search and found the cause of all the hunting to be but a rubber egg. He collected 1000 pounds of rubber.

Mack's Gulf Service Station, Sullivant-av at Harris, reported he had collected the usual rubber items. Bob Newhauser's Shell Station at Highland-av and Sullivant didn't have the exact figures of his collection but he had a large assortment of rubber items.

An unknown young lady, whose father she said is a plumber, came into W. C. Francis' Shell Station at 2314 W. Broad-st and handed him two sacks of rubber flush balls which weighed 113 pounds all together. With this generous contribution and other rubber material brought in, Francis' collection amounted to 850 pounds.

Hilltop Sunoco, Wrexham-av and Sullivant, received 900 pounds. Murphy's Sunoco Service Station estimated his contributions at 1000 pounds. Penny's Sunoco Service, 309 S. Central-av, collected 300 pounds of rubber. Howard's Mobilgas Service, Powell and Sullivant-avs, collected 300 pounds of rubber. J. J. Williams' Service Station at Sullivant and Wayne-av received 1800 pounds in his collection.

Wearing a Grecian style gown of white chiffon, Miss Margaret Rita Page, daughter of Mr. and Mrs. G. A. Page, 138 N. Eureka-av, became the bride of John K. Radich, son of Mr. and Mrs. Andrew Radich, 268 Dakota-av, Friday morning, June 12, at St. Aloysius Church, with Father William Maloney officiating.

Miss Mary Ann Radich, sister of the bridegroom, in yellow taffeta with pink roses for her flowers, was junior bridesmaid.

The pearl bracelets worn by the bride's attendants were her gifts to them.

Best man for Mr. Radich was Mr. Harry Fickell and ushers were Mr. Charles Page and Mr. Joseph Smith, brother and cousin of the bride.

A reception for 50 guests at the Page home followed the wedding.

When the couple left for their wedding trip south, the former Miss Page was wearing a natural gabardine suit with London tar accessories, using the orchid from her bouquet as a corsage. They will make their home in Portsmouth, Va., while Mr. Radich is employed at the Norfolk Navy Yards.

"A SPRINTER FROM YALE"

He longed for the joy of a western cowboy
And bravely knocked on the door;
He was strong and clean but oh so green
Having never been west before.
Rancher talked coarse—go pick out a horse;
They all looked thin and frail
Boy shook his head, don't need horses he said
I am a sprinter from Yale.

Under the evening skies, Rancher doubted his eyes
Jack rabbits in the corral with cattle,
They shivered and shook each breath they took
And it sounded like the death rattle.
Boy drove them along, with a college song
Couldn't figure why they had no tail;
Outside there were four who would hop no more
Run to death by that sprinter from Yale.

MRS. LOWELL E. HALL

Simplicity marked the marriage of Miss Janet Lucille Cummins and Mr. Lowell Eugene Hall, which took place Sunday noon, June 21, in the First Methodist church, immediately following the morning worship service. Rev. E. B. McIntosh performed the ceremony.

Following the service a dinner was held at the home of the bride's parents, Mr. and Mrs. J. C. Cummins, 237 Demorst-rd, for the immediate relatives and friends.

The bride wore a frock of aqua crepe with which she wore white accessories. Pinned to her shoulder was a white orchid.

Miss Martha Louise Cuckler, the bride's only attendant, wore a frock of pink organdy and her accessories were white. She also wore an orchid pinned to her shoulder.

Mr. Howard Van Horn acted as best man.

The couple left in the afternoon for a short trip to Niagra Falls and on their return will go to their newly furnished home at 591 Waverly-rd.

The bride attended West High School and was employed at the Adair Dress Shop.

Mr. Hall graduated from Laurelville High School, attended Ohio State University and is now employed at Curtiss-Wright.

The Hilltop Record

In Its 26th Continuous Year Of Community Service

Vol. XXVI, No. 11 | The Hilltop, Thursday, July 2, 1942 | Total No. 1217

This Is Not A Lasting Solution

The public is glad to receive the news that many of the furloughed firemen and police are being returned to their jobs and that garbage collections will be resumed.

They are glad to see that necessary economies are being practiced in many city departments and that something tangible has come out of the many meetings city council has been holding.

But it must be remembered that again this is a temporary and partial solution of the problem, one that will bob up again and again within a short time if nothing more is done about it.

This time a partial solution of the immediate problem is made possible because there happens to be some gas refund money available. All the while this money is being turned over for operating expenses we must recall that with this action all hopes of a new fire engine house near Hague avenue are being eliminated. But then, certainly Hilltoppers will agree that this is a better way to spend the money in this emergency.

To build additional fire houses at this time would be exactly like voting increases to city employee salaries without the money to pay them, and like elevating so many men in rank in the fire departments when it was known that there would'nt even be money to pay the regulars.

In recent weeks there has been much fire piled on the heads of members of city council. A more careful investigation of all we are asking from council members for the very little they get out of this service is certainly proof again of the faults of the charter.

Isn't this time for serious consideration of the city manager plan for Columbus?

They're Fighting For Your Independence

Think of this as you go to bed Saturday night on Independence Day 1942. Think of this . . . There's a bullet in a man's leg—so you can be free! So the Nazis won't come over and teach you and your loved ones to be slaves. There's a MAN with a bandage on his head fighting off eight Japanese planes tonight—so you can be free! So the Japs won't dictate where you can live—and how you live!

There's a MAN daring death in the cold belly of a submarine tonight—so you can be free! So your legally elected representatives can govern you from your capitol instead of an Axis leader dictating his laws for you.

Are you doing everything you can so your soldiers can fight on — for you? Is your country asking too much when it asks you to lend at least one-tenth of your pay for War Bonds? Will you be doing too much if you tell your employer tomorrow that you want to lend at least one-tenth of your pay—a dime from every dollar—and for him to set it aside every pay day? Ask yourself these questions as you stand at your window and smell the night air and look out at the stars on this, the anniversary of our freedom.

Wait an hour after eating.
Know the depth of the water.
Don't show off or indulge in horseplay.
5. Remember—accidents help the Axis!

Hilltopper Recalls Experiences In Argonne Forest Siege In World War I

It was a fatigued battalion that sprawled on a hillside in the Argonne Forest Oct. 7, 1918. Lying exhausted with his group was a private, Lowell R. Hollingshead, 18 years old. The silence of the soldier's resting was disturbed by an unknown sergeant who asked for eight volunteers to go through the lines to report the battalion's condition. His grave "desire for food" was the only "incentive" young Hollingshead needed to answer the call for volunteers. Even the dangers of the lurking Germans surrounding him didn't phase the young soldier.

Hollingshead, now a Hilltopper, had been in the famous pocket for five days where the Lost Battalion was trapped. A full blooded Indian from Montana who was with Hollingshead's outfit acted as guide for the party. They had just started on after a short rest when the Indian scented danger. Instantly a rain of machine gun fire apparently coming from nowhere confronted the soldiers.

"For the next few minutes we were in the midst of a terrific machine gun barrage. It fairly rained lead. As the bullets came closer and closer I noticed little spurts of dirt kicking up ahead of and around me," said Hollingshead.

When the hail of bullets ceased a tall German came toward him with a Luger revolver aimed at his head.

The German helped Hollingshead back to the German lines. He had been wounded above the knee by one of the machine guns. While behind the German lines the machine gunner showed him the operations of the machine gun he used to shoot Hollingshead and his buddies down. After that experience the captive was blindfolded and led to an elaborately furnished dug-out where a German officer took him in hand.

Hollingshead said he felt deep resentment when he saw the immaculately dressed officer in his comfortable surroundings and thought of his buddies lying on the hillside in the mire and rain.

The captive was fed and given rest. Then a doctor came and dressed his wound.

While Hollingshead was resting the officer typed a letter and gave it to him, telling him he would be given an escort to show him through the German lines and he was to give the letter to his commanding officer. It was a demand for surrender.

He gave him the letter and a stick with a white piece of cloth tied to it which would serve as his protection in crossing No Man's Land. When he was ready to depart the officer gave him a cane to "aid him in walking." Hollingshead still has the cane.

After he had delivered the message to his commanding officer Hollingshead fell unconscious.

The battalion was finally rescued when help came through the rear lines.

Hollingshead is a guard at the Ohio State Penitentiary. He lives with his wife and daughter, Marilyn, who is a student at West High School, at 3090 Fremont-av.

Church Has Hand Made Pulpit

Several years ago Harold Buehler, 1557 Sullivant-av, conceived the idea of building and carving a pulpit for the Immanuel Baptist Church on Belvidere-av. He leafed through catalogues before starting to be sure he had picked the best. After the pulpit that was to be copied was selected the matter of material loomed before him.

Five years ago Buehler, whose business is making mantels, cabinets and china closets, had bought some black walnut from an old house up north that was 125 years old at the time. He had been saving the wood to finish a room in a house but decided to use it for the pulpit.

Now he had the pattern and the material but time hadn't presented itself. For two years he waited a chance to begin his pulpit. Then six weeks ago he began. He labored, built and carved until at last the pulpit that had been a vision in his mind for so many years was a reality.

On Mother's Day Rev. W. F. Dissette, pastor of Immanuel Baptist Church, held the dedication ceremonies of the new pulpit.

"There's more work to it than there is to talk about it." Rev. Dissette said.

Buehler's modesty prevents him from saying much of the fine piece of art he has donated to the church to which he doesn't belong.

The front of the pulpit has an arched design in the center and the molding around the panel is carved. It is 38 inches high and the top is 20 inches by 28.

"I guess I just made it and gave it to the church because it needed a new pulpit," Buehler said.

Buehler was more eager to talk about the shop he is getting ready to open at 397 Martha-av, than discuss his pulpit.

Museum Exhibit Is Attractive

These are busy days for Henry C. Shetrone, 3038 Crescent-dr, who is director of the "Know Ohio" exhibit at Ohio State Museum which opened Sunday. A special invitation is extended Hilltop residents to visit the exhibit.

Cold Salads For Hot Weather

New methods of refrigeration and speedy transportation make fresh vegetables readily available, so there is no excuse for the heavy "winter" meals that used to linger into early spring. Use them plentifully, now, when appetites, are dulled from cold weather foods.

Stuffed Tomato Salad
6 ripe tomatoes
1 cup salad dressing
2 cucumbers
Lettuce
Salt and pepper

Scald the tomatoes so that skins can be easily removed. Cut a slice from top of each and with a small spoon scoop out center. Peel the cucumbers, cut them into dice, season highly and mix with at least half the dressing. Fill tomato cups with this and put another spoon of dressing on top. Sprinkle with very little finely chopped parsley and served on bed of lettuce leaves.

American Beauty Salad
6 medium sized beets
½ pound cottage cheese
2 tablespoons cream
½ cup nut meats
⅛ teaspoon pepper
¼ teaspoon paprika

Wash beets and cook in salted water until tender. Remove skins and scoop out centers. Season the cottage cheese with pepper and paprika and add salt to taste. Moisten with cream and fill beets with mixture. Garnish with bits of beets taken from centers. Place on beds of crisp lettuce and serve with mayonnaise.

Cucumbers

Cucumbers are usually served pickled or raw in slices. When old, pare, cut in pieces, cook in boiling water, drain, wash and season with butter, salt and pepper. Or, they may be cut lengthwise, in 1/3 inch slices, dipped in crumbs, salt and pepper, egg and crumbs again and fried in deep, hot fat.

Sweet Sour String Beans
1 quart wax beans
1 teaspoon salt
1 tablespoon flour
1 quart boiling water
½ cup sugar
¼ cup vinegar
Salt and pepper to taste

Wash, string and cut beans in pieces. Cook in boiling water until tender. Add salt when nearly done. Drain and reserve 1 cup of water in which beans were cooked for the following sauce. Heat and melt the sugar in a dry, hot frying pan, stir in flour and mix well, then add gradually hot water drained from beans, vinegar, salt and pepper to taste. When smooth, add the boiled beans.

. . . AND ONCE AGAIN WE'RE FIGHTING TO KEEP AMERICA FREE

America is Americans . . . America with a job to do. Joe Smith, Emmie Grant, Susie Brown . . . fighting, working, living, and maybe dying for a single purpose—to keep alive that precious Freedom Americans fought for one hundred and sixty-six years ago . . . to keep alive that "one nation indivisible, with liberty and justice for all." On July 4, 1776, they established a free country . . . and on July 4, 1942 Americans with the same blood in their veins, the same spirit in their hearts are fighting to keep it free.

C. P. O.—What would you do if your gun captain's head were blown off in the midst of a battle?

Seaman—Nothing.

C. P. O.—Why not?

Seaman—I'm the gun captain."

"If anybody says you're looking good, Frank—slug him!" . . .

"You're looking well yourself, Dick—who's your embalmer?"

"How come you are reducing?"

"Oh, to cut down expenses."

"That fellow would starve to death if it weren't for his connections."

"Playboy?"

"No, plumber."

Conceited Song Writer—Everybody whistles the tunes I write.

Parrot—Yes, they whistle them years before you even write them.

THE FOURTH OF JULY
One hot night, I drempt of snow white
A deluge of hail and rain
Leaves turned red the flowers all dead
No heat to affect my brain.
A stream in my dream was frozen solid
I was skating around sedate
Ice nice and cool on that swimming pool
Air never ceased to circulate.

All the farmer's stock had a winter frock
Didn't mind the rain and hail
The reason I know they liked the snow
I saw them wag their tail.
I dreamed sublime of the old winter time
Then the babies began to cry
I awoke with a sigh the ice gone by
It was the Fourth of July.

July 10th Deadline For Unpaid Accounts

Beginning Friday, July 10, persons with unpaid charge accounts dating from before last May 1, face default, the Federal Reserve System said today.
The Federal Reserve's consumer credit regulations, issued May 6, require all charge accounts to be paid in full no later than "the tenth day of the second calendar month following the calendar month during which" the charged purchases were made. The regulations classed all charge accounts unpaid before May 1 along with purchases made during May. Hence all the "old" accounts must be paid in full by July 10 or the customer's credit will be stopped by merchants holding unpaid bills.

UNDERGOES OPERATION

Montie Ball, 18, 386 S. Wayne-av, who underwent an appendectomy in Grant Hospital recently, is believed to be the only boy on the Hilltop who didn't register Saturday or Tuesday. He will be returned home Friday.

LARGE ENROLLMENT

Ohio State University has 6742 students registered for the summer quarter according to an announcement from the school. This is the largest summer enrollment in the history of the school. At this time last year only 4090 students were registered.

"Does dancing with your wife tire you?"
"Gosh, yes. Sometimes I can hardly drag her feet around."

He—I got round-shouldered on my last job.
She—Heavens! What did you do?
He—I opened circular letters.

He—I went to hear a memory expert last night.
She—Was he good?
He—Naw, he forgot to show up.

It was a wise freshman, and when forced to apply at the Wilshire police station for lodging, he gave his name as Smith.
"Give us your real name," ordered the sergeant.
"Well," said the frosh, "put me down as William Shakespeare."
"That's better," said Sarge, you can't bluff me with that Smith stuff."

"It would take two hours to describe all the hot water my dog's got me in."
"Boil it down."

Defense Classes Started at West

Yesterday was the beginning of a new term for the vocational training for defense workers classes at West High School. This new term will expire Sept. 30. There is a class for women which starts at 7 in the morning and ends at 11 a. m. A WPA machine shop class begins at noon and continues until 6 p. m. The evening class starts at 7 p. m. and ends at 10 p. m. This is a project of the federal government in connection with the defense effort.

Instructors of the classes are Phil Waldeck, regular machine arts teacher at West, and W. B. Walsh.

Home Canning Class To Be Conducted

As a fitting cumax to the series of canning schools which have been conducted this season by the Committee on Food Preservation of the Franklin County Nutrition Council, a demonstration of the latest methods in home canning by Miss Georgia Amick, nationally known canning authority, is being sponsored at Memorial Hall Wednesday, July 8, at 9:30 a. m., it was announced today by Miss Virginia Bear and Miss Hulda Ungerleicht, co-chairmen of the committee. Miss Amick, who is connected with the educational department of the Kerr Mason Jar Company, will give a practical demonstration in the canning of corn, peas and tomatoes. Following this an open forum will be conducted which will give the audience an opportunity to ask questions on all phases of canning.

All housewives of Columbus and Franklin County are invited to attend this meeting. Admission is free to all.

You never know if you will break your glasses or not. Do you have a pair for such an emergency? If not, why not have this extra pair made up in a sun glass tint with your own prescription?
Then they will do triple duty: Act as sun glasses, give you the same good vision as your corrective lenses and be a reserve pair for the time of accidents.

The Best Men Are Selected Now

About this time every year we urge new voters to get down to the board of elections and register in order to be eligible to vote. Again we present this reminder.

There has been little interest expressed so far in the coming primaries.

There is very little activity in the race for county commissioner and it's somewhat a foregone conclusion as to how the race will turn out. Lots of candidates are in the field for state legislature but not one out of a thousand persons in Columbus could give you the names of four of them.

In the congressional race there is some knowledge that there are several candidates but as yet few people have given the matter any serious consideration.

It should be recalled that unless the better candidates are selected at the primaries there will be no opportunity to vote for the better men in the fall election.

So, don't take the matter so lightly. True enough, the war is taking our attention these days. But let's remember we have a very important home front too. Your vote is a patriotic duty.

We Hope It Won't Be Long!

Remember during World War I, that the teaching of the German language was barred in almost all schools and colleges?

It's different in World War II, report Ohio State University faculty members. German classes this summer are filling to overflowing—most of the students being men who expect to use the language some day as members of the military service—in an army of Occupation!

Victory Garden

Yes sir, it's happened! Bill Haydn Jones' climbing pickle was plucked from the vine last Sunday night. He sent all the way to Connecticut for this variety of cucumber and while reposing lazily in his easy chair last Sunday evening Mrs. Jones took him by surprise and unthinkingly Bill gave consent to pluck his prize possession.

But Bill has a "Yard Long" bean still in his "VICTORY GARDEN" and invites his friends and interested spectators to view its development. This climbing "Yard Long" bean is now doing its stuff in the rear of Bill's garage at 190 S. Roys-av.

Our Park Needs Attention

These are no times to ask the city for anything that will cost more money but we don't feel it is out of order to ask that Westgate and Glenwood Parks be given their share of attention from present forces employed by the city parks division.

These two parks are in need of some immediate attention. If any of the city parks are being cared for it is in order that Glenwood and Westgate come in for some consideration.

To Burn Mortgage On Sunday

Hoge Memorial Presbyterian Church will celebrate a happy occasion next Sunday morning when the mortgage on the church house and Sunday School building will be burned in a specially prepared service following the celebration of the Lord's Supper.

Hoge Memorial Church was organized in 1906 with 25 charter members. The original chapel, in which the congregation still worships, was built in 1907. In order to accommodate the growing church school the present Sunday School unit was constructed in 1923 at the cost of $44,000. This addition provided the needed assembly and class rooms and also a regulation size gymnasium.

The church is named after Dr. James A. Hoge who came from Virginia in 1806 at the age of 21. This young Presbyterian missionary came by horseback to Cincinnati and shortly after founded the first church in Columbus, then known as Franklinton.

A log cabin church was built on a location which is now Spring and Fourth-sts. The First Presbyterian Church was formally organzied in 1818 and Dr. Hoge was the pastor of the church for 50 years. In addition to his work as pastor Dr. Hoge was instrumental in the founding of the State School for the Deaf, the State School for the Blind, besides taking a very prominent part in the advancement of free schools in Ohio.

Assisting Rev. Wold, present pastor, in the mortgage burning ceremony will be T. C. Weir, chairman of the Board of Trustees, Harold V. Mielke, chairman of the building fund committee, H. G. Deems, treasurer of the building fund committee, Dr. M. K. Weber representing the Session, and K. M. Elder, chairman of the Board of Deacons. The service will begin promptly at 10:30.

Cornwell Outlines Proposal For Slap The Axis Scrap Festival

This week the Record received an interesting letter from Dave Cornwell, 356 S. Roys-av, pointing to his regret over the cancellation of the Hilltop Bean Dinner. A few days later he advanced the following plan as a suggested program for a festival to be sponsored by the Hilltop Business Men's Association. His idea is to hold a "Slap the Axis Scrap Festival." Excerpts follow:

Admission only by presenting a piece of scrap metal or rubber. Each person to bring as much scrap as possible and upon entering, place the scrap in a pile, and receive a card. Participation in any events, sports or games to be by presentation of the card only.

Have merchants give prizes, to be on display with a number attached. Prizes to be awarded in various events and in a question and answer game.

Maintain a booth to sell bonds and stamps. Have pretty girls in charge of booth to introduce prominent people and allow them four minutes to sell bonds and stamps. Keep a chart of the sales and determine the champion bond seller.

All scrap collected to be donated to the U. S. O. Have spots for contributing to the soldier's cigarette fund. Provide other entertainment to complete a full program for the day.

Offer prizes for the best decorated bicycle, most unique costume, person bringing the most men as guests in service uniforms, persons bringing most scrap.

Cornwell states he will be glad to work with any group interested in sponsoring such an event to substitute for the bean dinner.

This idea of a one-day city-wide bond and stamp sale by business firms has been tried in some eastern communities and found to be very successful. One city with a trading area of 25,000 people sold $618,427 in war bonds and stamps in one day—$24.72 per capita.

Hilltop residents are urged to take their change in stamps that day.

This will mark the beginning of a series of special sales events for war bonds and stamps, being sponsored locally and approved by the United States treasury department. Beginning next week, local business people will carry special war bond messages in full page advertisements in the Record twice a month for the next four months.

Over 18,000 persons in Columbus have taken first aid since the first of the year. These people should be further trained and placed in the Emergency Medical Auxiliary it is pointed out. Anyone who has completed his first aid training and is interested in joining the auxiliary is asked to call Ruth Thompson, Ra. 8373. Those who have not taken first aid but would also like to join may do so. They will be trained at the earliest opportunity.

Miss Vail Becomes Bride of Mr. Webber

Mrs. Webber

Miss Betty Vail, 656 Chestershire-rd, and Mr. Earl Webber, son of Mr. and Mrs. Harry E. Webber, 216 S. Richardson-av, were united in marriage at a candlelight ceremony in Glenwood Methodist Church, Saturday, June 27, 8:30 p. m.

The bride, who is the niece of Mr. and Mrs. Edgar Marshall of Coshocton, was dressed in a gown of white marquisette, styled with a sweetheart neckline, short puffed sleeves and shirred ruffles trimming the side panels of the full skirt.

She wore a Juliet cap of seed pearls and a single strand of pearls about her neck. Miss Vail carried a white Bible with bride's roses, gypsophilla and forget-me-nots.

The bride's only attendant was Miss Mary Elizabeth Price, who was attired in a gown of orchid marquisette and her bouquet was of yellow gladioli and Talisman roses. Her headdress was made of Talisman roses.

Carolyn Stickel was the flower girl. She was dressed in pink taffeta and carrying a basket of pink roses and larkspur.

Mr. Rex Grabill was best man for Mr. Webber and Mr. Carl Glade acted as usher. Mr. Edgar Marshall gave his niece in marriage.

A program of nuptial music was given by Miss Eleanor Landthorne, organist, and Miss Faye McKinley, vocalist.

Miss Margaret Webber, sister of the bridegroom, and Miss Ann McKinley lighted the tapers for the ceremony.

Mr. and Mrs. Clayton Stickel, 656 Chestershire-rd, was host and hostess for the reception following, which was attended by 75 guests.

The couple will make their home at New Philadelphia after a short honeymoon where Mr. Webber is associated with the United States Geological Survey.

The former Miss Vail is a member of Beta Sigma Phi Sorority and has been an employe of the Motorist Mutual Insurance Co. Her husband is a former student of Ohio State University, college of engineering.

Dilly-Dallying Congres'men Must Go--Mrs. Criswell

Bess Willis Criswell, woman Democratic candidate for Congress from the twelfth district, continues her plea in her regular talks to voters groups and organizations, that Franklin County must send someone to Washington this year who will work hand in hand with the administration and heart to heart with the people. She insists that no one is better qualified to work in Congress during this war than a woman.

"Women," states Mrs. Criswell, "know what broken hearts mean. They know that when the dead and broken bodies of our boys are returned to us, the excuses of dilly-dallying politicians are going to look mighty thin."

"Our congressmen of the recent past, again in the race, may not be indifferent now, but they knifed and fought everything the president wanted. This is no time to play personal grudges in politics! This nation is at war. Every home here is on the edge of a precipice. And a woman down in Washington is going to fight for those homes and sons and husbands and adequate living conditions better than any man hampered by political strings."

Mrs. Criswell, the wife of Robert L. Criswell, attorney, is herself the mother of two adopted children. Formerly a newspaper editor and magazine publisher, she had many contacts with Washington government life, and has made many surveys of social conditions in Franklin County. During the past two years she has been engaged in national rehabilitation work among the prisons of America.

The Married People's Class of Hoge Memorial Presbyterian Church will have a picnic at Westgate Park Friday, July 10, at 6:30 p. m. Members are requested to bring sandwiches and a covered dish.

Retailers To Make War Bond Drive

In conjunction with the United States Treasury Department, the retailers of the nation, both big and small, will celebrate on Friday, July 17, the big day of their July War Bond and Stamp drive with "American Heroes Day." Each place of business will put on their own individual campaign.

Colorful displays and posters will greet the public wherever they turn. Investing one's change in War Stamps will be suggested at all times on this day. Every true American is expected to be a part of this billion dollar War Stamp and Bond drive.

America has never faced a more clear-cut issue. It is fight or die for all of us. There is no time left for people who just live in America. This is a war for people who live for America. People who love their freedom, their children, their homes. We can preserve all of these by entering into this drive one hundred percent.

It has been suggested by the Treasury Department that every man, woman and child carry with them at all times as their patriotic duty their War Stamp book, and with every purchase to buy more War Stamps and Bonds.

A delicious dessert is a serving of baked apples which have been baked in pineapple juice. Peel and core the apples and bake until they are soft and juicy.

Gas Ration Cards Don't Mean Much If Filling Stations Don't Have Gas

Editor's note: The following story is by Malcolm Forbes, publisher of The Fairfield Times, Lancaster, O.

Rangley Lakes, Me., June 30—You have heard and read a great deal about the East's gasoline "Ration Cards"—A cards, B cards, X cards, etc.

"It doesn't mean a thing," to use the slang.

"A" ration card today means as little to the Eastern motorist as a beautiful tire in a store window—because you can't have the tire—and you can't have the gas, even with all the ration cards printed.

There simply is little to be had.

Almost immediately after entering the rationed area you pass station after station and they all have signs hung around the tanks —"Sorry, No Gas," "No Gas for Three Days," "Closed, No Gas," etc.

Perhaps one station in 50 has a supply, and when approaching one of these rare few oases it is apparent some distance away—cars are stretched in line literally for miles waiting their turn.

People who live in residential communities near the great cities come home in the evening and leave their cars parked overnight in line in front of their regular filling station, and when that place opens in the morning with its limited allotment for the day the early birds can usually get from three to six gallons, but almost without exception within an hour after opening the station is dry and late comers either leave their cars there in line for the next day—or put them on blocks for the duration.

It is difficult to realize what this amazing situation has done to "business as usual" in the populous, car-dependent East. Public transportation systems are sorely overloaded and completely unable to handle all the millions who now must look to them. The full effects of the critical situation are just beginning to be felt. The head of a large Eastern can manufacturing company told me that 31% of his workers were late Saturday, and that a good portion of them never did get there but phoned up to say they couldn't get gas and had no other ready means of transportation. And this company is engaged wholely in war work.

What tremendously complicates the situation in the East is the fact that so many hundred of communities are strictly residential—the people have their homes there, but work in large cities such as New York, Philadelphia, etc.

Steps are being taken to remedy the more acute phases of this situation. Companies like Bendix Aviation have, under government auspices, taken over several neighboring filling stations and keep them stocked to supply only their workers. This idea is being followed by other war plants employing large numbers of people.

In addition, the pooling and clubbing of cars by commuters is being made mandatory for certain types of ration cards by the government.

Partial relief will come with the completion of a new pipe line, but this is many months away. Meanwhile the war effort must not be allowed to relax, and to allot available gasoline where it will do most good is a mighty thorny problem that faces Oil Co-ordinator Ickes

Your Car Is «Alive» Don't Let It Die

Remember, your car is just like a human being . . . it must have exercise to keep it fit. Vital parts deteriorate quickly from lack of use . . .
There are thousands of miles of good use in your car if you take care of it and do not let it deteriorate and become deadened.
Above all else you should remember that LUBRICATION is the source of long life for all machinery and it is doubly important at this time that you give your car all it deserves in the way of expert lubrication.
These Hilltop service stations urge your careful and continuous driving to save your car.

THE LITTLE WHITE HEARSE

When the little white hearse is passing along
It will hush any song in the boisterous throng
It will cause us to pause from our work or play
Ponder and wonder why a child is called away.
The righteous and sedate for a moment hesitate
Some foolishly debate the great mystery of fate
We stop in our shop, our factory and our store
If a little white hearse is passing our door.
A great name of fame, lived a life mild or wild
Deceased are all different than a small child.
Robbers on their throne with heart or stone
Can't stop a last sob, a moan, a tear, idle and alone
No child of their own, and never known to atone
But their sins for a second they will ponder on
It will hush any song in the boisterous throng
When the little white hearse is passing along.

Rutherford Files For Congress

Rev. Walter F. Rutherford, pastor of the Wagner Memorial United Brethren Church, has filed his petitions with the board of elections for another try at the congressional race in the twelfth district. He finished second two years ago.

In filing his petitions he said, "I have two major objectives in seeking a seat in the national congress. First: I hope to blot out forever the disgrace which came to us when the present incumbent in office representing this district, cast his vote opposing the war effort in practically its entirety. Second: I am mindful of the tremendous task which will confront the congress in the post war period.

"Those will be days when it will be necessary through impassive, clear and careful long range planning to insure the future of the United States and the world from the re-occurrance of the present world tragedy.

"If nominated and elected I will devote my every energy and my every talent to represent this district in a manner which will bring lasting credit to our people."

CARD OF THANKS
We wish to express our appreciation and thanks in the recent bereavement of our daughter and sister, Mary Ruth Davis, to Rev. J. B. Shellhaas, Mrs. Leach, Mrs. Leonard, organist, and J. R. B. Class, all of Glenwood Methodist Church, Floyd Born, pall bearers, Mrs. Kelly and associates of the B. U. C. and the Treasury Department, Washington, D. C., members of Highland Friends Church, neighbors and a host of other friends and relatives. We are especially grateful for the music and beautiful floral offerings.

IN MEMORIAM
HARMER—In loving memory of our dear grandson and nephew, Roland Harmer, who passed away four years ago July 9, 1938.
Remembrance is a golden chain,
Death tries to break, but all in vain,
To have, to love, and then to part
is the greatest sorrow of one's heart.
The years may wipe out many things but this they wipe out never—
The memory of those happy days when we were all together.
Sadly missed by grandparents, aunts and uncles.

The Hilltop Record

In Its 26th Continuous Year Of Community Service

Vol. XXVI, No. 13 | The Hilltop, Friday, July 17, 1942 | Total No. 1219

The Great Cause

In today's issue of The Record there is set forth the Great Cause to which all citizens of the country must rally, the purchase of War Bonds and Stamps, not to help the United States out of a bad hole, but to win the world wide battle for freedom of men.

The message on page three today, sponsored by some 60 local individuals and business firms, is in response to an appeal from the United States Treasury that such a campaign be sponsored.

It has been pointed out that the kind of force that will win the war has its roots only in moral, civic, patriotic, dynamite. Without it tanks, guns and planes will never win the war.

The Hilltop has never lacked the moral explosive or the fuse to touch it off, when a worthwhile cause has presentted itself.

Today that cause can be furthered by your sincere analysis of this American Heroes Day message and your immediate response in the purchase of more War Bonds and Stamps.

There Are Some Leaks That Need Checking

A release this week from the Ohio Bureau of Unemployment Compensation shows that unemployed workers in the Columbus area received benefits of over $153,000 more in the first six months of this year than over the same period a year ago.

This report is disappointing in view of the great demand for workers today and the difficulty many employers are having in getting necessary help.

From this point we cannot give a satisfactory analysis of the situation but we have observed one thing, along with many other employers who have recently received their merit ratings giving them a new contribution rate for the year.

We have observed that it is easy for a person who has left a job voluntarily to apply for and receive unemployment compensation, and a great number of individuals are doing so. This in turn makes the rate for the employer higher than he should be paying.

In many instances an employer suffers the loss of a valuable employee and in addition is required to pay a penalty on his rate because the employee draws compensation.

We sincerely believe there are leaks in the system that need checking.

Injunction To Be Heard In Few Days

A meeting was held at Schmelzer's Restaurant last Monday evening by Westgate home owners to discuss steps to be taken in stopping the building of low cost homes in that section. Hearing for the case will be called some time within the next 10 days.

New Store Hours

New store hours have been announced by Oakley Market, 2373 Sullivant-av, as follows: Daily 8 a. m. to 6 p. m.; Friday and Saturday to 9 p. m., and Sundays and holidays 9 to noon. The store has formerly been open until late evening.

Drive For Records Starts Today

Hilltop residents are urged to gather all old phonograph records, regardless of condition, and turn them in to the American Legion. These records will be turned over to the factories for processing and making of new records for the boys in the service.

This is a non-profit job. The musicians have donated their services, waiving all royalty rights. The Legion's job is to gather the records. There will be no middleman, no junk dealers will handle these records, the manufacturers will make new records at cost.

All records or pieces of broken records are requested.

W. T. Lewis, 474 Wilson-rd, is chairman of the local post's committee. The following places of business will accept the records: Bob Nowell Market, Jos. M. Briggs, Broad-Hague Hdwe., Capretta Market, Davis and Herbert, Dr. Paul Haugh, Dr. A. C. Myers, John Riepenhoff, Dr. F. L. Sulzberger, West Side Motors, Yost Florists, Hauntz Market and Hilltop Furniture Co. The drive will start July 17 and will run two weeks. The goal for the nation is 37 million records.

Two Close Games Played On Wed.

The large crowd of softball fans who turned out at the State Hospital diamond Wednesday night for the Hilltop Merchants night witnessed two of the finest games ever played in Columbus although unfortunately the feature game between Hilltop Merchants and Timken All Stars had to be postponed.

In the first game Tims A. C. blanked Highway Division 1 to 0 when Harry Price bested Herb Marshall in a real pitchers' duel. Each hurled allowed one safe hit. In the second game National Guaranies downed Standard Savings and Loan 3 to 2 in 15 innings. This game was scoreless for 13 innings. Each team scored in the fourteenth and National put across the winning tally in the fifteenth.

The Hilltop Merchants-Timkens game was postponed because the former game was not completed until 10:45 and the Timkens players had to report for work at 12:00. This game is rescheduled for Monday night at 9:15.

LAWN FETE

The Sunday School of Burgess Avenue United Brethren Church will sponsor a lawn fete Tuesday evening, July 21, at 7:30. Hot dogs, pop, ice cream and watermelon will be served. Articles made in the handicraft classes of the Daily Vacation Bible School will be exhibited for sale. Tickets may be secured from members of the Sunday School.

PASTOR ON VACATION

Rev. L. L. Cooperrider, pastor of St. John Lutheran Church, left Tuesday on his vacation and will return to his pulpit Aug. 16. His work during the month will be taken care of by ministers from the city. Any member of the congregation needing the services of a pastor is asked to call W. J. Miller, Ra. 3117.

New Real Estate Firm Organized

Announcement is being made this week of the formation of a new realty firm on the Hilltop specializing in city properties and farms. It is the John C. Baker Co., 3127 W. Broad-st.

The firm is headed by John C. Baker, 143 S. Westgate-av, and Frank W. Prince, 2525 Westwood-dr, is an associate.

Both Baker and Prince have been active in real estate for many years and are well known among Hilltoppers. Both have been connected with the Ken Dickerson Co., building and selling homes, for the past three years.

Mr. Baker specializes in auction sales of real estate.

Ration Board 25-6 Announces Schedule

Rationing Board 25-6, which serves Valleyview, is now organized in such a way to make it possible to be open the first five days of the week from 8:30 a. m. until 5 p. m., and from 8:30 a. m. until 12 noon on Saturdays. The office of the board is in the First Community Church, corner of First-av and Cambridge-blvd. The telephone number is Ki. 3914.

All persons having business with the board, related to automobiles, tires and tubes, or recapping, as well as with bicycles and typewriters may leave applications at the office of the Board during the hours mentioned above.

Anyone who is able to determine at this time, needs for canning sugar for fruits available in July, August and September, may come to the office of the board and make application for the proper amount.

Wheatland Market Is Selling Out

Stock of groceries and fixtures of the Wheatland Market, Wheatland and Sullivant-avs, will be disposed at public auction Thursday, July 23, starting at 1 p. m. The owner, Harry Shkolnik, has been called to the army. Miller and Meyers, business brokers and liquidators, 1112 N. High-st, are conducting the sale.

Salvage Program Under Way

Three salvage campaigns are being launched by the government in its war effort. Chief among these is the rubber drive of which there is a very poor showing. A survey taken has shown that 30 percent of the people have not even looked for scrap rubber, it was stated this week.

Although the drive ended officially Friday evening, the collections at filling stations will continue for a longer time.

Hilltop residents are being urged to go all out in this vital collection and take any scrap rubber to the nearest filling station.

Plans are now underway for the tin can and fats salvage campaigns. City trucks will collect the tin cans at intervals, which will be announced. The following rules have been given for preparing the cans for collection:

1. Rinse the can as soon as it is emptied.
2. Remove top and bottom.
3. Flatten can, tucking top and bottom inside. Do not flatten completely, but allow some space for the detinning chemicals to get at their work.

The newest reclamation process reclaims tin cans 100 percent, one percent being salvaged as tin and 99 percent as steel.

Monday was the first day for the salvage for fats campaign. Housewives are to save their cooking grease and fats and turn it in to meat dealers when they have one pound or more. The dealers will pay for the fat at a current price of about five cents a pound. Glycerine, a war essential, is salvaged from these fats.

Salts and Peppers and Guns Are Hobbies of Mr. and Mrs. Xander

Editor's Note: This is the first of a series of hobby stories we hope to present. If you have a hobby or know of an interesting hobby of a Hilltopper we will appreciate a call.

The most common reason for having a hobby is to usefully occupy spart time but Mrs. W. D. Xander, 3003 Crescent-dr, put a new slant on the pastime this week.

"I just have to have a hobby in self defense," she said.

And so she does. Mr. Xander has a collection of guns and fishing tackle which he started some years ago but had to stop at the outbreak of the war. He now has complete equipment and has made home movies his new hobby.

These hobbies of her husband caused Mrs. Xander to think the matter over. One time while she was on a trip with her husband about two years ago she decided she would collect salts and peppers.

Since then she has collected 400 and each one different.

"When you get that many in a collection it is a thrill to get something new and find it to be entirely different," she said. "It's just like catching fish, the bigger they are the better you like it."

Among her collection are such oddities as a set which includes a chef and a refrigerator. Another set is a top hat and cane.

"I have a couple pieces that are 100 years old that friends have given me," she told us.

One that was especially fascinating was a cradle telephone, the bottom of which furnishes salt and the cradle pepper. The article is complete with a little dial.

Even though she is enthusiastic about her hobby Mrs. Xander usually ends up telling her listeners about the experiences her husband has gone through with his different guns.

One of which bears repeating is the tale connecteid with the elephant gun with which Mr. Xander actually shot and killed an elephant — in the United States!

Mr. and Mrs. Xander were visiting at Emporia where the circus was quartered for the winter several years ago when the elephant with the company got mad. When it was decided the beast was to be killed the circus manager asked Mr. Xander if he would "do the honors." They had heard he was a great one for hunting so they were going to give him a chance to do big game hunting in the circus grounds. Mr. Xander walked in, gun poised, pulled the trigger and the beast fell dead.

And so they go on—hobbily ever after.

Patrick Divney and Wife Remember Hilltop With Only Twenty Houses

By Jean Young

Can you imagine what the Hilltop would look like with only 20 houses here?

Eighty-one-year-old Patrick Divney, 82 S Warren-av, and his wife, Mary, do remember very well when there were only 20 houses on the Hilltop and the streets were mud. The land around the home where they now live and which they built when they came to the Hilltop 39 years ago was pasture.

"We could see the children coming from St. Aloysius School as far away as where Mykrantz Drug store now stands," said Mrs. Divney.

"Our children used to go to public school over old Charlie Karne's store at Hague and Broad. I think it was about the sixth and seventh grades they attended there," she continued.

Mr. Divney came to America from Ireland in 1879 at the age of 19. He doesn't remember much about his native land. He came to Shawnee and lived there for awhile and moved on to Corning and soon found himself in Columbus.

On last May 20 Mr Divney retired from the employment of Jeffrey Manufacturing Co. where he had worked 41 years. His first job in America was "digging coal."

When the streetcar was running on Broad-st back when Mr. Divney first started working at Jeffrey's the conductor would take his passengers as far as Highland and cry out, "This is as far as we go." It was a long walk from there.

Divneys say they feel as though they are being closed in now with all the houses around them when the country used to be so open. The Hilltop grew before their eyes, Mr. Divney said he could count the houses from his front porch when they came here, but now he has no idea how many there are.

Not long ago when Mrs. Divney was doing some cleaning she came across one of the first Hilltop Records to be published.

"We were right here when the Record started and we've had it ever since," she said.

They have three children, Capt. James who is with the army at Little Rock, Ark., a veteran of the last World at the age of 18, having volunteered again at 42; a daughter, Isabelle, who is working in the navy office at Curtiss-Wright; another son, Raymond, who lives at 154 S. Westmoor-av, an engineer at Jeffrey Co.

TAGGED FOR TOKIO

An American Heroes Day Gift from YOU to the Axis!

This is American Heroes Day. This is the day that you and your neighbor and all the rest of the Hilltop are out to honor our local heroes of this war and past wars. You can honor that boy of yours in Alaska or Australia or England, or wherever he may be in devotion to his country and his people . . . you can honor him AND HELP HIM today, American Heroes Day!

This is not a "word tribute," but an ACTION tribute. Words won't buy the gun your boy needs to fight the enemy . . . words won't buy the clothing that protects his health. Words won't buy planes, guns, tanks, ships, gas masks, trucks, ammunition, bombs or the thousands of other items needed to insure victory.

Words don't buy these things . . . only your buying of War Bonds and Stamps will! Remember that when you buy War Savings Bonds and Stamps you're not buying bits of paper . . . you're buying bullets for the gun someone dear to you may be defending himself with . . . you're buying fighter planes that will ward off death-dealing bomber raids . . . you're buying all the things a fighting army and a fighting people need.

American Heroes Day has been set aside to get you — all of us — into the fight. All of the Hilltop . . . merchants, citizens, housewives, children, civic leaders . . . all of us are out to honor our heroes by buying bonds and stamps . . . to make and exceed the quota set for this day! Let's buy, BUY **BUY** and show the world what we think of our American fighting men! Let's buy, BUY, **BUY** to show that the Hilltop is not exceeded in spirit and patriotism by any other community.

This is American Heroes Day. It is the biggest townwide, patriotic event in the history of our community. Help put it over . . . BIG . . . by buying all the War Bonds and Stamps that you can . . . buy till it hurts! Your neighbors and friends are . . . everybody in town will! Get out today and shop the biggest bargains your merchants have ever offered . . . bonds and stamps that buy the way to freedom and happiness for you, your family, your town and country!

Schneider In Roll For Commissioner

Charles W. Schneider, 126 N. Nelson-rd, a life-long resident of Columbus and Franklin County, announces his candidacy for the Democratic nomination for Franklin County Commissioner.

He has been a building contractor for more than 30 years and served as county commissioner (1936-1940) and believes that he is well qualified by experience again to serve the public these critical times. His interest in the tubercular hospital during his four years as commissioner is one of record. During that time the old building at the institution was reconditioned in order to provide more beds for the unfortunates suffering from tuberculosis.

Mr. Schneider now pledges his whole-hearted cooperation in the complete operation of the hospital as well as all other county departments essential to national health and safety. He is also opposed at this time to any tax levy for the operation of the hospital and believes that with careful consideration and cooperation on the part of the commissioners that the institution may be operated to its full capacity at all times.

"THE SCHOLAR'S SPREE"

We should listen to men of learning
What ever they are talking about
They may impart what appeals to our heart
Some jewel without any doubt.
But it's not our great wisdom and learning
What counts is the circulation
One dollar'll buy more down 'at the store
Than millions in a hidden station.

If we go on a spree of self-indulging
Traveling or reading good books
We should impart what is in our heart
People can't live on our looks.
"Oh teach me, Lord, that I may teach
The hidden truths thou dost impart
And wing my words that they may reach
The hidden depths of many a heart."

Letters To Editor

Dear Hilltoppers:

Greetings of two transplanted Hilltoppers from War Zone No. 1, Pacific Bay Area.

All is quiet on our Western Front. This is a very different and interesting place. The attitude of the people is very good. We all feel that our greatest menace is unintentional information to the dirty sneaks who are among us disguised as loyal Americans. This whole area is made up of army and navy people and we hear and see a lot that must not be told.

This is a town of 20,000 people in ordinary times and now there are about 80,000 here so one can easily imagine the housing problem. The government is trying to provide homes for us/but it is a very difficult task even for Uncle Sam. We live two miles out of town on a hill that overlooks Vallejo and the bay and there are lovely mountains all around us.

The flowers and fruit are beyond my meager powers of description. We have strawberries so large three berries make a pound and the cherries are as large as plums. The geranium and rose trees are beautiful and the palm trees are very attractive to us Easterners.

The sunsets are breathtaking I wish I could tell you about the weather but——, and as we watch it slip into the ocean we say, "Well, it's midnight back home."

We are 30 miles from San Francisco. It is a very interesting city and since it is built on seven hills reminds us of Cincinnati even to the cable cars. This town is very hilly too. Several of the streets end on many of them.

We are not far from Yosemite National Park and the Giant Sequoia trees and the scenery there is wonderful.

This begins to sound like a California Chamber of Commerce bulletin but thought you might find at least part of it printable.

Mr. Freeman is an electrician, second class, with the navy at Mare Island and is working at the submarine base. We are both singing in the USO chorus and the church choir and helping in civilian defense work.

My mother, Mrs. O. F. Cassidy 449 S. Terrace-st, sends us the Record or parts of it every week so we can keep in touch with our friends on the Hilltop. We still call that home as we own a home at 3086 Steele-av.

Yours for the duration.
Mr. and Mrs. W Luther Freeman

The Hilltop Record

In Its 26th Continuous Year Of Community Service

Vol. XXVI, No. 14 — The Hilltop, Friday, July 24, 1942 — Total No. 1220

Let's Not Forget The Home Front

This community has a serious problem facing it. We have reference to the fact that such a large number of physicians in the Hilltop and West Side have been asked to volunteer their services to the army and have done so.

These men were recently told they had the privilege of enlisting now with commissions or being called later as buck privates.

Under the circumstances it was expected that they would take the very steps they did take.

The loss of so many of these doctors in this community is a serious matter. If they are all accepted it will mean an increased load to approximately 11,000 persons to be served by each doctor remaining in the community.

We sincerely believe some of these men can serve their country better at this time on the home front than on the war front. We believe the people of the Hilltop are ready to stand behind any such claim.

Westgate Park needs a flag and pole. Anyone interested in contributing toward the purchase of one should contact the playground instructor in charge of the park.

Famous Excerpts

Following are some excerpts from speeches made during the past term of our representative to congress from this district:

From the Columbus Citizen, Sept. 1, 1941: "I don't know how far we have gotten into the war but I do know how far the war has gotten into us—$52,000,000,000 . . . the question is not whether we are opposed to the Hitler regime but whether the price of defeating him is worth the money."

From speeches in Congress: "One other question. We have four substitutes for rubber. We have supplies of tin. If our Far Eastern supplies were cut off, of course we would have to go on strict rationing but since we cannot be brought to our knees by cutting off these supplies, what do you think the Japanese or whoever else owns the East Indies are going to do with their rubber and tin except sell it to the United States?"

Sept. 7, 1940, he said, "I am against this bill (compulsory military training) as it stands. Peacetime conscription is not necessary now for our national defense and is a dangerous departure from the American way of life . . . I cannot see how we can arm and equip the masses we propose to conscript."

John Vorys voted against every pre-war preparedness bill that was presented. He is seeking election again this year.

Bingo!

Bingo and euchre took it on the chin this week as the city clamped down on "gambling."

Yes sir, it's a shame the way Columbus treats its gamblers. Everybody agrees it's time the big gamblers like the keeno and bingo players be stopped! Now if it was something like a bookie or a gyp game that would be different.

• • •

Parents of children who play at Westgate Park, where the toilets have been boarded up, and where weeds grow higher and higher, are reminded that some of the other city parks have not been so overlooked.

• • •

Coming events cast their shadows before them. While the city gropes on with no constructive program being put into action for the re-employment of our police and firemen the people are coming closer and closer to the place where they are concluding that it is time the system be changed and Columbus be given something new in the way of city government that will have the confidence of the public. The least we can do is give serious consideration to the city manager form and a union of the city and county government.

District Tournament To Open

The ninth annual central district softball tournament with an entry list of 32 men's teams and eight girls' teams will start next Monday at the State Hospital field.

The central district is composed of six counties, Franklin, Delaware, Licking, Fairfield, Union and Madison. Twelve out-of-town teams are entered, including the strong Anchor-Hocking Glass from Lancaster and the Owens-Corning Glass from Newark. Most of the teams from the Columbus Night League, including Bobb Chevrolet, defending district champions, Ferguson Auditors, Hilltop Merchants, Highway Division and Standard Savings, will be among local favorites.

In the girls' division J. and K. Shoes are the defending champions and their strongest competition for the 1942 title will come from the Wilke Meats. Other girl entries include Wylie S. Shroyer Funeral Home and Standard Savings from the Girls' Night League.

Old Records Are Wanted

A nation-wide drive for old phonograph records entered its second week on the Hilltop today. Records that are collected will be turned over to factories for processing and making of new ones for the boys in the service. The American Legion is sponsoring the drive nationally. Any type of damaged record will be accepted in the drive or even a piece of an old record. The goal has been set at 37 million.

W. T. Lewis, 474 Wilson-rd, is chairman of the local post's committee. The following places of business will accept the records: Bob Nowell Market, Jos. M. Briggs, Broad-Hague Hdwe., Capretta Market, Davis & Herbert, Dr. Paul Haugh, Dr. A. C. Myers, John Riepenhoff, Dr. F. L. Sulzberger, West Side Motors, Yost Florists, Hauntz Market, Hilltop Furniture Co., Kent's Modern Market and the Westmont Theatre.

B-M To Have Family Picnic

Members of the Hilltop Business Men's Association and their families will have an outing at John Bentz' farm on Big Darby Wednesday, July 29. It will be a basket lunch. There will be facilities for swimming and fishing.

In the course of events there will be a baseball game between the Broad Street Giants, managed by Curt Wilcox, and Sullivant Avenue Dodgers, managed by Jos. Briggs.

Parties planning to go are to meet at either Hague and Sullivant or Hague and Broad at 3 p. m.

County Fair Set For Aug. 18 - 19 - 20

Frank E. Kirkpatrick, president of the Franklin County Agricultural Society, has announced that the annual county fair will be held at Hilliards, Aug. 18, 19 and 20. The fair this year will place emphasis on the importance of the Allied Nations winning the war.

It was previously asked that fairs be postponed this year due to the transportation situation. At the same time, Joseph Eastman, director of national defense transportation states, "there may be cases where a fair is to open at such an early date or plans have been made so far in advance that a postponement would be impractical."

That the county exposition will essentially be a Victory fair is indicated by the fact not only in emphasizing the importance of food production on the farms, but space and facilities will be made available for promoting the sale of Victory Bonds and Stamps.

Andy's Ark Christened And Launched In Scioto After Rest In Dry Dock

A bottle of beer was the christening campaign for Andy's Ark, a 34-foot unclaimed houseboat built at McDonald's Lumber Co., Eureka-av and the Big Four Railroad, when it was "launched" in the Scioto River at O'Shaughnessy Dam, Sunday.

Stanley Fielding, Hilltop sign salesman, and original owner of the craft had planned to take it to Zanesville, launch it in the Muskingum and go via the Ohio and Mississippi Rivers to the gulf. After paying for the boat in 1938, Fielding went to Florida for a vacation and has never been seen since.

While the boat was under construction Fielding changed specifications and the McDonald's had to tear out one side of their mill to get the boat out. It has been resting on oil barrels in the lumber company yard since 1935.

After Ann McDonald became a partner in the lumber firm with her brothers she made several unsuccessful attempts to contact Fielding by letters sent to Florida but they were returned unclaimed.

Recently Mr. and Mrs. Andy Harrison, 523 W. Broad-st, made a deal with Miss McDonald, now Mrs. Raymond Highfield.

The houseboat is completely finished with bunks, a galley, toilet and water tanks. The ark is painted blue and white and rides off the Scioto shore, just north of the dam.

A city ordinance prohibits residence on the boat so Harrisons will use it for week-ends and warm summer evenings.

Harrisons say that some day they will put a small air-cooled motor and paddle wheel on Andy's Ark and "go to sea."

12-Year-Old Girl Is Heroine In Blaze At Thomas Avenue Home

Quick thinking and action of a 12-year-old aunt saved the lives of three small children Friday.

Marjorie Pauline Redmon had struck a match to heat some milk for her youngest niece, seven-month-old Sharon Ann Redmon, when gasoline fumes ignited and set the kitchen ablaze at 1542 Thomas-av.

Immediately the girl ran upstairs and awakened the children's grandmother, Mrs. Glenna Reimer, 3524 E. Broad-st, and helped the other two children, Sandra Lee, 4, and Ronald Lee, 3, down the stairway. The young aunt carried the baby.

Just after they got outside the flames enclosed the stairway leading upstairs.

Mrs. Winifred Redmon, mother of the children, was taken to Grant Hospital the day before, suffering from an illness which has not been diagnosed. The father, Ernest Redmon, was working at Curtiss-Wright.

By using a garden hose Forrest Sparks, a neighbor who lives at 1544 Thomas-av, kept the flames from spreading to his home.

The blaze was extinguished by two companies of firemen. Unofficial loss was estimated at $175.

Mrs. Reimer's pocketbook containing all her money and the family's entire stock of sugar rationing cards were destroyed in the fire.

This is a national camp honorary fraternity.

An Indian pageant will be presented in the evening in which a number of Hilltop boys will participate. A great deal of work has gone into the production to make it as authentically real as possible. The public is invited.

Interesting Hilltop Hobbies - - -

John Jester Has Autographs of Every Governor In United States

Perhaps one of the most complete autograph collections on the Hilltop belongs to John Jester, 303 N. Warren-av. The collection was started five years ago and nearly every person of note, excluding movie stars, is represented in the two scrapbooks in which the autographs are neatly pasted.

"John never showed any particular interest in their autographs," said Mrs. Jester, referring to the movie stars.

On the piano in the Jester home are three pictures. Two are of the well known athlete, Gene Tunney and the other is of Major John A. Lejune retired commandant of the second division of the U. S. Marine Corps of the last World War. Jester got the first picture of Tunney when he wrote for an autograph. The second came unexpectedly when Tunney went into the navy. The last pictures him in his naval uniform and bears a personal message to Jester.

In his book is a picture of the first airplane flown by the Wright brothers with Orville Wright's autograph on it.

Such notables as Anthony Eden, Edsell Ford, Secretary of the Navy Frank Knox, the late Lou Gehrig, Joseph Kennedy, Charles Edison, Richard Byrd, Paul V. McNutt, Egyptian Foreign Minister Hassan, Thomas Dewey, Edward Benes, former president of Czechoslovakia, Lewis E. Lawes, retired warden of Sing-Sing, H. Morgenthau, Walter Chrysler, J. Edgar Hoover, Chief Justice of the Supreme Court Charles Hughes, Eleanor Roosevelt, Philip LaFollette, Radio Commentators Lowell Thomas and Boake Carter, Dorothy Thompson, Eddie Rickenbacher, Lord Halifax, Maxim Litvinoff, Russian ambassador, Cordell Hull, Francis Biddle, Theodore Roosevelt, Gen. John J. Pershing, Eve Currie, discoverer of radium, and Jacqueline Cocheran have graciously contributed to Jester's collection.

The novelty of his collection is that Jester has the autograph of the governors of every state in the Union. Some of these have enclosed the seal of their state which adds color to the collection.

Jester started about five years ago collecting stamps as a hobby with a club he belonged to in elementary school. He soon tired of collecting stamps and started his present hobby.

Few people have refused autographs. President Roosevelt's secretary wrote to Jester and told him it would be impossible for the president to give an autograph until the expiration of his term. A few foreign diplomats wrote a similar reply to Jester's request.

Mrs. Jester takes pride in her complete collection of small pitchers. The largest stands about one and a half inches tall and the smallest is less than one-eighth of an inch in stature. A number of states and many countries are represented in this collection.

An unusual piece is the small pitcher with a bust of Andrew Jackson carved on it. But the oddest piece in the collection is a very small white glass jug with a cork that has a smaller red glass pitcher inside.

Mrs. Jester has several articles that were made by Indians and have the maker's name scratched on the bottom.

So to pacify the Jesters present them with either autographs or pitchers.

Children Attend "Snipping" Party To Aid War Relief

Ever hear of a snipping party? Well, Mrs. Arthur Tomlinson, 436 S. Ogden-av, invited the neighbor's children to a back yard party to snip. "Bring your own scissors and come over." They came and snipped for two hours and make a 13 lb. sack full of snips that will be used to stuff an ambulance pillow to send to Britain, along with loads of other renovated and repaired garments that are being boxed and shipped from British War Relief Headquarters, 307 S. Front-st.

The children who attended and snipped were Louellen, Larry, Gerald and Jimmy Hoffman, Joan, Jerry and Nancy Horn, Nancy and Norman Smith.

Now - - - - It Is Terrace Avenue

Now it is Terrace Avenue . . .

For a great number of years there has been confusion over whether this was a street or an avenue. All the other north and south inlets into Broad-st were known as avenues.

But the city officially listed this one as Terrace-st, pointing out that there is a Terrace-av on the north side.

But recently the city has been putting up new street markers and Terrace is now officially listed as an avenue. From now on it is Terrace-av.

Huge Fire Attracts Thousands

This is probably one story that needs little more said about it—the fire that destroyed the large barn on the Judge Turner farm just west of the city Wednesday night—to which practically the entire Hilltop turned out.

Thousands of spectators lined the roads in all directions and crowded as near the inferno as possible.

The fire broke out at about 9 p. m. from an undetermined origin. It is thought it might have started from faulty wiring in the barn or from spontaneous combustion.

Judge Turner, from his home across the national highway, noticed flames coming from the barn and called the Prairie Twp. volunteer fire department. Water was pumped from a cistern to save a tenant house but was of no avail in checking the huge blaze which quickly crumpled the large building and even destroyed a water tank nearby.

All livestock was in the pasture at the time.

The barn was filled with hay and feed. Loss is estimated at nearly $20,000.

Injunction Hearing Postponed

Hearing in the injunction against the construction of low priced homes in the Westgate section of the Hilltop was postponed on Wednesday following a misunderstanding in the court plans.

Sam Roessler, owner and builder of the homes, has been given until Aug. 8 to answer the injunction. The hearing will be held after that date.

Nearly 100 people from the Hilltop were present at the court house Wednesday morning for the hearing.

Residents of the community state that they are interested in seeing houses erected near their homes which will more nearly conform to the type and value of those already built, and that defense homes should be erected nearer defense plants in order to eliminate transportation problems.

Requirements To Get Tires Are Listed

Local residents learned from the government this week that they must share their auto rides to be eligible for grade two and recapped tires. The announcement was made by the office of price administrator in Cleveland.

Persons needing tires will report to the advisory committees that were established Wednesday in the war industries.

Eligibility for tires must be shown in four ways:

1. That he is a bona fide employe of a war industry with 100 or more workers.
2. That he is a participant in a recognized "share-a-ride" plan.
3. That he is giving his tires reasonable care and not abusing them.
4. That the use of his car for other than home-to-shop transportation is reasonable.

At federal government request, a survey of tires on cars driven by Curtiss-Wright workers will be made to determine how soon it will be necessary to provide employes with supplementary means of transportation. They will be asked the number of miles they drive each week, both for business and pleasure purposes.

Our Error

Through a mistake in proof reading an error appeared in the advertisement of Hoover's Meats in last week's Record. The correct price of round, loin or T-bone steaks should have been 38c per pound.

It May Be Warm, But Results are Hot!

Mrs. Engel advertised a table model gas range in the Record on July 10 and it was sold right away. There were 18 other calls for it. The range sold for $25, the ad cost 42c.

Also on the same day Mrs. Clover sold a coal basket and fire screen for $9.50. The ad cost 28c.

A SOLDIER TO HIS GIRL FRIEND

My Dear .....

I am one of the fellows who made the world safe for democracy. What a crazy thing that was. I fought and fought, but I had to go anyway. I was called in Class "A". The next time I want to be in Class "B". B here when they go and B here when they come back. I remember the day when I was registered. I went to the desk and my milkman was in charge. He said "What's your name?" I said, "Young man, you know my name." "What's your name?" he barked, so I told him, "August Childs." He said "Are you an alien?" "No", I said, "I feel fine". Then he said, "When did you see the light of day?" so I told him "When I moved to Philadelphia from Pittsburgh." He said "How old are you?" I said, "Twenty-three the first of September." He said, "The first of September you will be in Australia, and that will be the last of AUGUST."

A veterinarian started to examine me. He asked me if I had ever had measles, smallpox, St. Vitus dance and if I took fits. I said, "No, only when I stay in a saloon too long." Then he said, "Can you see all right?" I said, "Sure, but I'll be cockeyed tonight if I pass." Then he listened around my chest and said, "I think you have a wart somewhere." I said, "Wart, my neck, that's a button in your ear." The doctor said that he had never examined a more perfect physical wreck. Then he handed me a card—Class "A."

Then I went to camp and I guess they didn't think I'd live long. The first fellow wrote on my card "Flying Corps." I went a little further and some guy said, "Look what the wind's blowing in." I said, "Wind nothing, the draft's doing it." On the second morning they put these clothes on me. What an outfit! As soon as you are in it you think you can lick anybody. The shoes are so big I turned around three times and they didn't move. And what a raincoat they gave me. It strained the rain. I passed the officer all dressed up with a fancy belt and all the stuff. He said, calling after me, "Didn't you notice what I have on?" I said, "Yes, what are you kicking about, look what they gave me!"

I landed in camp with $75. In ten minutes I was broke. I never saw so many 3's and 12's on a pair of dice. No matter what I did, I went broke. Something went wrong even in the cards. One time I got five aces and I was afraid to bet. A good thing I didn't, for the fellow next to me said he had six kings. Finally I said, "This is a crooked poker game." They said, "We're playing pinochle." Everything was crazy. If you were a lively hand you were put in the medical department, if you were a watchman, you were made Officer of the Day. I saw a guy with a wooden leg and asked him what he was doing in the army. He said, "I'm going to mash potatoes." Oh, it was nice—five below zero one morning—and they called us out for underwear inspection! You talk about scenery—red flannels—BVD's—all kinds! The union suit I had on would fit Tony Galento. The Lieutenant lined us up and told me to stand up. I said, "I am up—this underwear makes you think I'm sitting down." He got so mad he put me at digging ditches. A little while later he passed and said, "Don't throw that dirt up here." I said, "Where am I going to throw it?" He said, "Dig another hole and put it there." By that time I was pretty mad, so another guy named Jones and myself drank a quart of whiskey. Finally Jones acted so funny I ran to the doctor and told him Jones was going blind. He asked what we were doing and I told him. So he asked me if Jones saw pink elephants. I said, "No, that's the trouble. They're there and he can't see them."

Three days later we sailed for Australia. Marching down the pier I had some more bad luck. I had a sergeant who stuttered and it took him so long to say, "Halt," that 27 of us marched overboard. They pulled us out and the captain came along and said, "Fall in." I replied, "I have just been in." I was on the boat 12 days — seasick all the time. Nothing going down and everything coming up. I leaned over the railing all the time. In the middle of one of my best leans the captain rushed up and said, "What company are you in?" I said, "I'm all by myself." He asked me if the brigadier was up yet. I said, "If I swallowed it, it's up." Talk about your dumb people. I said to one of the fellows, "I guess we dropped the anchor." He said, "I knew they'd lose it—it's been hanging out ever since we left New York." We had a lifeboat drill and when the boat was being lowered over the side of the ship it spilled some men into the water. Only the second lieutenant and I were left in the boat. The lieutenant gave orders to pull the men out of the water by the hair of their heads. I was struggling with the men when one fellow with a bald head yelled, "Pull me out." I said, "Go down again and come up the right way."

Well, we landed in Australia and were immediately sent to the trenches. After three nights in the trenches all the cannons started to roar and the shells started to fall. I started to shake with patriotism. I tried to hide behind a tree but there weren't enough trees for the officers. The captain came around and said, "Five o'clock and we go over the top." I said, "I'd like a furlough." He asked, "Haven't you any red blood in you?" And I answered, "Yes, but I don't want to see it." He said, "Where do you want to go?" I said, "Anywhere it's warm." He told me where to go!!! Five o'clock and we went over the top. Ten thousand Japs came at us. They all looked alike. They looked at me as if I had started the war. Our captain yelled, "Fire at Will." I didn't know any of their names. I guess the fellow behind me thought I was Will. He fired his gun and shot me in the excitement. On my way to the hospital I asked a fellow where they were taking me. He said, "You're going to the morgue." I said, "There's some mistake. I'm not dead." "Lie down," he answered. "Do you want to make a fool of the doctor!" Finally a pretty nurse came in and said, "Move over." Oh, well——that's another story.

Love and kisses,

Bicycle Club Plans Moonlight Ride

The Bicycle Club will hold its annual moonlight ride Saturday evening according to an announcement by the club's publicity chairman. This ride is planned to be leisurely and non-competitive so that all riders may participate.

At the present time there are only 50 active members as the army has taken many from the group. The club is still open for new riders, it was announced. Rides are taken during the week and also on week-ends.

For further information regarding the moonlight ride and midweek rides, call La. 1865.

Washington Firsts —

John Adams was the first president to occupy the White House, moving in November, 1800.

The earliest explorer known to have navigated the Potomac River to within 25 miles of Washington was Spanish Admiral Pedro Menendez (1571).

Sessions of the House of Representatives were first held in a temporary chamber of the capitol known as "the Oven."

First public telegraph message, "What hath God wrought," was sent over the wire from Washington to Baltimore, May 24, 1844, by S. F. B. Morse.

A steam hoist, used until 1900, was the first elevator in the Washington Monument. The monument is 555 feet, 5⅛ inches high.

Data gathered by the U. S. Department of Agriculture show that ewes with open faces (not covered with wool) produce about eight and one-half pounds more lamb a year than ewes with covered faces (wool blind).

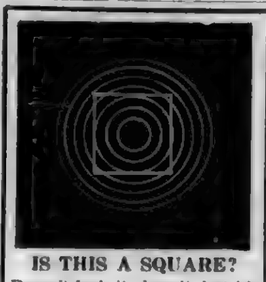
Today's Bicycle Safety Lesson

Every person riding a bicycle, under the Uniform Traffic Act for Ohio, is subject to the same regulations as if he or she were driving a vehicle. So obey all traffic regulations—stop lights, stop signs, one-way streets, etc.

(This is the first of a series of eight bicycle safety lessons prepared by the Division of Traffic and Safety, Ohio Department of Highways.)

Household Hints

Sheets and other linens should be ironed in different folds each week so the creases will not break through.



Food bought in season will help to keep that part of the budget within reason.

Those yellow piano keys are crying for some care. A soft cloth dampened in borax water will do wonders for them. Dry thoroughly with another soft cloth.

To protect garden shoes keep them well greased or oiled with neat's-foot oil or cod or castor oil, tallow or wool grease. Let dry in a warm place.

To keep bread in the best condition, store it when cool in a clean, well-aired, covered ventilated container and keep in a cool, dry place.

Sweet corn, green string beans, green peas, pumpkins, squash, celery and greens are best vegetables for home drying. Apples and berries are best adapted in the home among fruits.

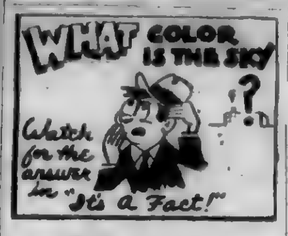
Private Wells Will Assist In Fire Problem Say Dept. Officials

The use of private wells as an auxiliary water supply for the fire department will help alleviate a problem that has long puzzled fire department officials. In spite of the many chemical aids developed for fire extinguishment, water, and lots of it, must still be had to control and extinguish all large fires.

In Columbus, as in most other cities, the pressure for the city water mains is maintained by one central pumping station. One large bomb, well placed by some fifth columnist, could destroy the pumping station in one blast. Even though all of the water mains remained intact and undamaged, they are useless unless the pressure is maintained.

To overcome this dangerous situation the fire department is developing several auxiliary water supplies that can be used for fire fighting purposes in case this disastrous condition should arise in Columbus.



The most outstanding development is the use of the wells that are used in connection with the cooling systems in theaters, department stores, office buildings and some of the large manufacturing plants.

These wells can be utilized by the fire department simply by installing a hose connection on the pump outlet. Many of the pumps are capable of supplying 500 gallons of water a minute, at a pressure of from 60 to 90 pounds, and will be a definite aid to the fire fighting forces should the regular water supply fail.

Connections have already been installed on almost one hundred of these private wells located in all parts of the city. The installations will continue, according to Fire Chief E. P. Welch, until every available well has been equipped.

Strange but true, but when a man starts pressing his suit, he loses his shirt.

FRUIT TREES IN FULL BLOOM

After the freeze, in the springtime breeze
All fruit trees in full bloom
Nurtured with care, Peach, Apple and Pear
Nothing anywhere has that perfume.
Chemists of fame never blended the same
Never a rhyme one-half as sublime
There's nothing anywhere that can compare
With trees and breeze in blossom time.

Fancy fruit I define, as a gift Divine
And our best food for health
If we hadn't the fruit we couldn't compute
Our loss in health and wealth.
We can't buy health with cheats of wealth
But get good fruit for a dime
After the freeze and the springtime breeze
The bloom and perfume of blossom time.

MILLIONS suffer less from Headache, Acid Indigestion, Distress of Colds "Morning After" and Muscular Fatigue because they have heard—and believed—Alka-Seltzer radio announcements.

To these millions, the relief obtained by the use of Alka-Seltzer is worth far more than the genuine enjoyment they get from the broadcasts.

The most important parts of our radio program, both to you and to us, are the commercial announcements. Once you have tried Alka-Seltzer we believe you will agree with us.

But try Alka-Seltzer because it is an unusually effective medicine not because you enjoy the radio programs.

WHY ALKA-SELTZER IS SO EFFECTIVE

The pain-relieving analgesic in Alka-Seltzer is in complete solution, ready to ease the distress as soon as you swallow it. The painrelieving action is made more effective by alkaline buffers. The alkalizing elements in Alka-Seltzer reduce excess stomach acidity.

Motorists Don't Get Angry When Red Light Flashes

Have you ever wished, when you stopped for a traffic light or went ahead on the green signal, that the light would show you how much time it had to run?

A story in the July 'Readers Digest" says that a young man in Atlanta, Ga., has just come up with such a device. He thinks it's new, but there is a man in nearby Ashville who patented a superior highway signal as far back as 1932. T. A. Boor, the inventor, has in his Ashville workshop at the corner of Long and Station-sts, a lamp which gives a change of color with each complete revolution of the indicator and thereby becomes, as he phrases it, "the most nearly complete light in the world."

How effectively the indicator light actually clears the intersection ahead of time may be shown from the fact that, although this type of lamp has been hanging at a downtown corner in Ashville for about eight years, no accident has been reported caused there by motorists confused by changing lights.

"My invention," Mr. Boor says "has been admired by people from every state in the Union, but I haven't been able to sell it because of official regulations." Some time ago, he said, a salesman took one to Dayton, but the city fathers would have nothing to do with it. Moaned one, "If we put up a single indicator lamp, people would demand them all over the city, and we haven't got the money to spend."

However, the inventor is not discouraged. "Mine is the only traffic light in the world that prevents a man from getting mad when the red flashes," he concludes, "and some day, politicians or no politicians, it will sell."

RECORDS FOR OUR FIGHTING MEN

Petite Betty Winkler, CBS actress and star of "Joyce Jordan," spends her spare time collecting old records to be made into new ones for our fighting forces. Along with many other CBS artists, Betty can be heard shouting "Any old records today" as she joins the drive of Records for Our Fighting Men, Inc., to collect 37,500,000 old records. Any kind will do, says Betty, broken, cracked or warped—just as long as they are records.

Barbecued Spareribs

If you always have sauerkraut with spareribs, surprise the family, and yourself this time, by barbecuing the spareribs. You are in for a treat.

Ingredients: Four pounds spareribs; one medium-sized onion; two tablespoons butter; two tablespoons vinegar; four tablespoons lemon juice; two tablespoons brown sugar; one-eighth teaspoon cayenne pepper; one cup catsup; three tablespoons Worchestershire sauce; one-half tablespoon ground mustard; one cup water; one-half cup celery or one tablespoon celery salt; two tablespoons fat.

Directions: Brown spareribs in a large skillet over high heat. When entirely browned, put them in a baking pan. Melt butter and brown onions cut fine; add other ingredients. When hot, pour over meat. Roast two hours in oven preheated at 350 degrees F. Serves four to five.

READ THE RECORD WANT ADS.

Wife (angrily to drunken husband)—I suppose you expect me to believe that you came straight home from the office.

He—Sure I did (hic): I just came home like the crow flies.

She—So I see. Stopping frequently for a little corn.

The Hilltop Record

In Its 26th Continuous Year Of Community Service

Vol. XXVI, No. 15 — The Hilltop, Columbus, O., Friday July 31, 1942 — Total No. 1221

Lightning Kills Two Monday

Two persons were dead and several injured this week after a short and freakish electric storm on the Hilltop. Richard Allen Schisler age 14, and Joseph A. Ehrenfeld, 23, were killed on the grounds of the Juvenile Research Bureau on Broad-st. Monday when a bolt of lightning struck a tree under which they were standing.

A group of boys from the institution were seeking shelter under the tree when the mishap occurred. Milan Arbutini was sitting under a tree on the grounds watching the other boys play when the lightning felled him. When he awoke in St. Francis Hospital, still a little shocked, he was unaware that the same bolt of lightning had killed two of his companions.

Hordes of people jammed traffic in W. Broad-st to watch physicians, firemen and policemen work over the bodies of the victims. Firemen worked over Schisler and Ehrenfeld an hour before pronouncing them dead. Dr. Clair H. Calhoon, supervisor of the bureau, staid he believed the victims were killed instantly.

Milan is an orphan from a home near Alliance, O., and has been at the bureau for five weeks. Ehrenfeld's parents, Mr. and Mrs. Herbert R. Ehrenfeld, are employed at the institution. His body was taken to the Born Funeral Home and he was buried in Pittsburg Wednesday. Besides his parents he leaves his brother, Sgt. Robert Ehrenfeld who was on his way to Fort Bragg, N. C., Monday when the accident occurred. Ehrenfeld was formerly employed at the Boys' Industrial Home in Pittsburg.

Schisler's body was taken to Spears Funeral Home and then sent to Hamilton for funeral arrangements and burial. He had been at the bureau for three weeks.

Then and Now

Max McCarty was a visitor at the Record office Wednesday afternoon. Max is home on a furlough from an army camp in Utah where he is a first class private.

Max was telling us about receiving the Record out there and how much he enjoyed the news from home when in stepped Chet Wagner, commander of Camp Chase Legion Post.

And Chet came in to show us a copy of the Hilltop Record he had received upon landing in France in the last war.

Back in those days the Record was a very small tabloid paper of four pages and contained little news. But that particular issue did carry a letter from a Hilltop boy telling that his contingent was sailing that week for France. This was the same unit Chet was in.

In World War No. 1 many Hilltop boys received the Record in camps and abroad. Today the same is happening. Hundreds of copies are being mailed weekly all over the country to keep the boys informed of happenings on the home front.

Interesting Hilltop Hobbies
Wanted: USED Casket Handle To Help Pen-Pal With Hobby

Mrs. John J. Rings, 70 S. Burgess-av, doesn't have a hobby—she has hobbies. She collects miniature dogs, old buttons, pennies and studies genealogy.

Mrs. Rings exchanges hobbies with pen-pals. Her requests usually are for pennies of a certain year with a particular mint mark, old buttons or dogs. In an exchange letter recently a man asked for used casket handles. Mrs. Rings has been wondering ever since where on earth she will get a USED casket handle.

She has the names of all the people she exchanges with filed and indexed. The collector tries to get the anniversary dates of her friends and send them their "pal" hobby at that time.

Mrs. Rings has dogs made from fiddlers (crabs) from Florida. She has some made from soap and gum drops. A couple are made from shells and pine combs. In her collection Mrs. Rings has two sets of dog musicians.

When you are done gazing on her 500 dog miniatures she has her cards of buttons ready on the dining room table for inspection.

In this collection is a series of buttons from uniforms. Each army uniform since the Spanish-American War is represented on these cards as well as some from old street car conductors. Mrs. Rings has a button in her collection from the vest of the renowned Shakespearean actor, Richard Mantell. Another button is from the uniform of the oldest cornet band in Ohio.

An most unusual button is one that was given her from Austria. It is carved from a stag's horn. This one is 82 years old.

Mrs. Rings has a transportation series in buttons. It consists of a covered wagon, train, high wheeled cycle, street car, automobile and airplane.

She has collected buttons since she was a child when she used to keep them on a string.

And then after you have seen her buttons Mrs. Rings shows you with a decided glow of pride in her eyes, her scrap books with genealogy work in them. She has spent years on these books.

In one of these books is a history from old newspapers of Lucas L. Sullivant, founder of old Franklinton and Camp Chase.

For her personal interest and admittance to the D. A. R., Mrs. Rings has traced her family back on both sides to the Revolutionary War.

"Most of this material is secured by reading old newspapers," we were told.

When a remark was made about the exciting manner in which all of her hobbies are kept Mrs. Rings remarked, "I want my hobbies to mean something to someone else as well as myself."

Each article in all her hobbies is known and accounted for. No one would have trouble enjoying Mrs. Rings' collections.

Old Dobbin Novel Feature of Fair

A real opportunity is going to be afforded "Old Dobbin" to stage a real comeback during these days when so much is heard about the conservation of rubber. This will take place during the annual Franklin County Fair to be held at Hilliards, Aug. 18, 19 and 20, when he will be honored with free admission providing he is attached to a buggy.

This is one of the novel features that has been planned and Frank E. Kirkpatrick, president of the fair, states that the fair board hopes that many owners will give the faithful old steed a chance to enjoy one or more days at the county exposition.

Joining with many of the counties that will hold their fairs this year, plans are going forward for carrying out at Hilliards a number of the recommendations adopted by a special committee of the Ohio Fair Managers' Association at a meeting held in Columbus the past week, for "emphasizing the war effort."

Among these will be to set a day yet to be selected as "Patriotic Day" for which a complete special program will be set up. On that occasion the schools of Franklin County will have an opportunity to participate in various ways.

In fact the fair will be characterized with many features intended to emphasize the part this county is playing to bring about world peace by winning the war. The management hopes to be able to secure various exhibits of war materials and equipment, and to lend further interest in this direction, all men in the armed forces who attend the fair will be admitted free.

Assurance has already been given the fair board by the Ohio Council of Defense that it will aid in putting across the sale of War Bonds and Stamps during the three days of the fair.

It is announced that many of the features of a patriotic character which they are now planning will take definite form at an early date and will be ready for announcement.

May Close No. 10 Fire Engine House

There is a possibility that still further reductions may be made in available fire fighting equipment for the Hilltop and West Side, it was indicated this week by Fire Chief Ed Welch.

He states that the closing of No. 10 engine house at Glenwood and Broad is being considered as well as one other engine house elsewhere in the city in order to make more manpower available for service on the trucks that will be running.

At present the city has 241 firemen on duty, with three men to an average shift in each house. No. 17 has a truck and ladder and pump and No. 10 is a pump company.

In Again, Out Again —Andy's Ark Is Back On Dry Land Again

If boats could talk it is likely that Andy's Ark would say, "Life is so complicated."

After resting in dry dock since 1935 the house boat belonging to Mr. and Mrs. Andy Harrison, 523 W. Broad-st, wended its way in the waters of the Scioto recently only to find itself again in dry dock on the shore of the river.

It seems Harrisons had not consulted the city water department before launching the boat and for sanitary reasons it was ordered removed. It now rests on the bank north of the Columbus Zoo.

And now Andy's Ark would like to know, "Where do we go from here?"

Sugar For Wartime Canning

Prepared by the U. S. Department of Agriculture

YOUR HOME FRUIT CANNING MUST:
Help Save the Nation's Fruit Crop.
Help Feed Our Nation and Our Allies.
Conserve the Nation's Sugar Supply.

HOW MUCH SUGAR WILL YOU GET FOR CANNING?
You will get one pound of sugar for every four quarts of finished fruit you are putting up, and an additional pound for each person in your family to put up a small supply of jams, jellies and fruit butters. You may can as much fruit as your family needs.

HOW DO YOU GET SUGAR FOR CANNING?
You apply to your rationing board for a certificate for canning. With this certificate you can buy sugar at any store.

WAYS TO "STRETCH" SUGAR:
1. Add a small amount of sugar to the fruits own juices, instead of making the usual sugar sirup.
2. Honey may be used to replace up to one-half the sugar called for in canning, and corn sirup up to one-third.
3. Fruit juices are not provided for in sugar rationing, but they may be bottled or put up in jars with little or no sugar. When sweet and tart juices are mixed together, no sugar is required.

SMOOTHER AND CREAMY MILK
If I can smooth over your pathway
Occasionally cause you to smile
My efforts to me will be a delight
That I will consider worth while.
My object is to furnish you pleasure
Replace your frown with a smile
Help you enjoy some of your leisure
In my rustic uncouth style.
I try to cover subjects in season
And write them around into rhyme
Obscure at times may be my reason
And not many will be sublime.
But if I can in some way entertain you
Shorten just one weary mile
I won't regret the time I detain you
But consider it well worth while.

ADOLPH
Are you kinda worried now, Adolph? Well, all Germans are like that. Don't you remember how you mussed up your paper hanging job? Sure, you caught us asleep, so did the Japs! You have been sticking a pin in us for some time so don't sleep too soundly, we'll be along pretty soon, so look out! Do the dads and mothers of the boys you have murdered keep you awake? You talk of being pushed into war. Why don't you take your army of boys and old men and go home? And don't forget—we are going to get you and some time you are going to stay put. You can't fool us twice in the same place.
Remember, Adolph, we fight and quarrel among ourselves. We call President Roosevelt, Franklin, and make speeches on street corners. That's America! Young Roosevelts, four of them, are looking for you. My boy is also on the job. He, too, is marching your way. Look out, Adolph, these are tough kids, and they'll get you sure. Adolph, you will need a traffic cop in German skies pretty soon. Do you know what I mean?
You and your gang didn't think we would help the Chinks? Well, we divide up with anybody who is hungry, even you, Adolph. We don't care how Russia runs its business in Russia, or the little big-tooth people run Japan, or poor Mussolini runs Italy. But remember, the waters all over the world are FREE, and we purpose to keep them so. "Get that."
Right or wrong, we are solid behind our leaders, but they had better be on the up and up with us all the time, too.
The name Adolph Hitler will go down in history. What a history—"Adolph, the murderer." You will be goose stepping backwards some of these days, and after we take care of you we will take care of the Japs in short order.
Now, Adolph, we have cut down on some things voluntarily, and we can cut down a lot when the time comes. And, Adolph, we have used wildcats for playmates over here for a long time and lots of our boys are looking for you, and when they find you—ouch! Think it over, Adolph, we'll be seeing you.
Even if I voted against F. D. he's my president just the same, and we all feel like that, understand? Well, soon you will be back hanging, but it will not be wallpaper. Get it? Just keep your eyes open, for Goering may slip a knife under your rib some dark night. He doesn't like you either. Better take the tip. You should know it—do you?
This time we are not singing songs or making speeches. We are getting mad, and when we take time out to get mad—look out, Adolph. You don't know how to play our game. You had the Japs doing the hit and run, while you tried to work the steal. That was bad business Adolph, but just wait. We will soon put on the squeeze and the game will be over. Won't you be mad when you find the ump was a Jew.
Better get your axe fixed up, Adolph. I remember another German who chopped wood—the Kaiser I think they called him. Remember, Adolph!
Cap Ansel,
158 N. Oakley-av.

Pound of Nuts Will Serve 30 Small Cups

When planning to serve nuts at large parties you can always figure that 1 pound will fill 30 nut cups with 10 large meaty nuts at each place or 16 small saucers with 2 dessert spoonfuls at each plate.
One-fourth pound fills 8 cups and correctly serves 8 at luncheon with 10 whole meaty nuts at each plate.
One-half pound is enough for two tables of bridge or 16 at luncheon.
One pound will serve 16 at dinner and bridge afterwards with a nut cup generously filled with 10 great big whole meaty nuts at each place, with enough remaining for bridge tables.

Teach economy . . . That is one of the first and highest virtues. It begins with saving money.—Abraham Lincoln.

Hoover's HOME KILLED Meats
Very few places offering home killed meats are still in existence due to complications arising from government ceilings. The few who remain are taking a terrible beating. We have tried hard to give our customers the lowest possible prices on our home killed meats and still make enough profit to remain in business—this has been difficult to do. Please help us to continue by giving us a portion of your meat trade and we can continue to serve you at lower prices.

Construction Men Needed Combat Zone

The U. S. navy recruiting station, Room 304 old Post Office building, is seeking construction men in nearly all trades to bolster the ranks of the "Seabees," designation of the construction battalion whose work paves the way for attacks to be launched against the enemy.

What's At The Base Of The Trouble?

Tuesday's primary election was a greater disappointment than had been anticipated.

It was truly a political party field day.

What could be sweeter to any political boss than to know he doesn't have to worry about a lot of votes. The fewer there are the better are his chances of controlling them.

Tuesday's primary shows this to be a fact. Organization selected candidates went in. They were backed by organization workers. It could safely be said that many precincts didn't have many more votes than could be expected if all the organization worker in the precincts got their families out to vote.

Down at the base of this evil, I maintain, is the fact that the two organizations have adhered to the policy of endorsing a slate of candidates and working for them in the primaries. They should lay off. Better men can be induced to run if they feel they have a chance of running the gauntlet in the primary.

Then too why should the public go out and vote for a bunch of political machine picked candidates? They have already arrived at the conclusion that one evil will perhaps be as bad as the other, that it doesn't matter who is nominated.

Tuesday's primary did not attract a sufficient number of candidates to make it worthwhile for people to go out and vote. The one exception was the race for nominations for the state legislature. Here again about three-fourths of the candidates entered the race in the first place just to get the publicity from running. Running for the state legislature is a favorite way for a young attorney to get free advertising.

Tuesday's primary results do not necessarily represent the way the people of Franklin county are thinking. A Gallup poll, I dare say, would have been a more representative cross section. When only 47,000 votes are cast in Franklin county it is evidence that not a great number of them were from among people who do not rely on politics for a livelihood.

Thanks To These Volunteer Workers

This past week several thousand Hilltop and West Side persons applied for their fall canning sugar through the local ration board. To take care of this great number of applications it was necessary to send out a call for volunteer help.

For the most part the response was generous and to all those who helped we are extending a great big "Thank You." Your services were of great value and the fine spirit shown in the work was further evidence of the willingness of the public to cooperate in the war effort.

Rationing is not popular with anyone. But we have been told by the government it is necessary and with few exceptions the public has been most courteous in their cooperation with those who have volunteered to take on this duty.

Bits and Bits: We have it from good authority that Don Smith outhit all the gang at the H. B. M. A. picnic out at John Bentz's farm, was a 1000 percent man . . . Margaret More is a nurses aid at St. Antoine Children's Hospital at Detroit . . . Reports have it that Kathryn Ogden likes the summer theatre colony fine . . . Now it is Corporal Chet Rinehart . . . he's down at Waco Field in Texas . . . Dr. Glennon tells one that even Sulzberger and Fox can't match—says that over at Buckeye Lake he has found a place in which to fish that is so deep he has to draw the bait up every so often and warm it to keep it from freezing.

Don't Forget!

Columbus has its police and fire protection again.

But let's remember one thing. The problem is still with us. It has in no way been solved. It has merely been postponed and thereby costing the city an additional $30,000 in interest.

Next year it will spring up again. And it's going to get worse!

Scrap Drive Gets Started

Robert M. Draper is chairman for the Hilltop scrap metal drive. He states that his division will collect all scrap metal and rubber, but no tin.

People are asked to have a scrap box in their homes and when it is full one of the committee should be contacted to pick it up. For any larger pieces the men will come immediately to take them away. The scrap will be taken to a Hilltop depot and then to a central depot. Money from this collection will go to charitable organizations. The drive will start Sept. 1 and last until Sept. 30.

Districts in the drive are from the Scioto River to Glenwood-av which will be taken care of by G. Arlowe Bryant, Ad. 2614; from Glenwood-av to Columbian-av, Walter Wilcox, Ad. 6021; from Columbian to S. Harris-av, Whittie Looker, Ra. 8627; from S. Harris-av to Derrer-rd, Dave Cornwell, Ra. 8879; from Wheatland-av north to the railroad, including Valleyview, Arthur Bellar, Ra. 0776. Draper can be contacted by calling Ra. 6203.

Horse Show At Co. Fair

Offering $1,200 in cash prizes, in addition to various trophies and ribbons to be awarded, the night horse show at the Franklin County Fair at Hilliards, Aug. 18, 19 and 20, is expected to attract the largest array of fine gaited horses that has ever been assembled at the county exposition.

On account of thousands of people being employed in war industries and in other war activities making it impossible for many of them to attend the fair in the day time, the management is putting forth every effort to make the horse show the outstanding feature.

Chester Caldwell of the Flor-sheim Red Top Stables of Chicago, who officiated at last year's show, will be back again this year to judge the saddle and harness horses, it is announced by Frank E. Kirkpatrick, president of the fair. Ted Stribling, Columbus horseman, will judge the entries in the hunters and jumpers classes. George B. Earley of Galloway and J. F. Margarum of New Albany will be the superintendents in charge of the show.

Although the horse show will be the featured attraction each night of the fair, President Kirkpatrick emphasizes the fact that all departments and all other attractions on the grounds will be in full operation, affording plenty of entertainment for any whose interest may be in other directions.

Burial Park Changes Name

Due to so many burial lot organizations taking as a part of their name "Memorial Park," the trustees of the Memorial Park Association have changed the name of the local organization to Sunset Cemetery Association and what was formerly known as Memorial Burial Park at 6959 W. Broad-st is now known as Sunset Cemetery.

O. D. Leach organized the Memorial Park Association.

There has been no change in policy, officers or management, the only change being in the corporate name of the organization as O. D. Leach is still the treasurer and active managing trustee of the organization. Early in 1926 William H. Coulthard took service with the organization as assistant managing trustee and is still serving in that capacity.

Sunset Cemetery, has grown rapidly and has expanded its service and is now able to announce that it is the only cemetery in central Ohio which affords its patrons a five way burial service, namely: interment or ground burial in family lots; entombment or crypt burial; cremation or the reduction of the body to ashes; inurement or placing of inured cremated remains in niche of columbarium; inground ment or interment of cremated remains in family lot.

In order to give this five way burial service it was necessary for "Sunset Cemetery Association" to erect a granite building with marble interior and install two cremation retorts, niches for the inurnment of cremated remains and crypts for entombment. This is shown above.

Interesting Hilltop Hobbies . . .

This Lady's Hobby Is Collecting Data To Give Family History

(Editor's Note: Anyone who has an unusual hobby is asked to notify The Record if they desire an interview.)

When you are 75 and live alone you have plenty of time to let your mind wander over the past. Mrs. Ola Runyan, 125 S. Wayne-av, let her mind slip back over the years. That is, as far back as her own memory would take her.

For a period of 12 years Mrs. Runyan has been collecting data on her family. It proved to be a sort of hobby for her in her spare time. She has traced the Runyan family back to 1665.

The Runyan name was originally spelled Rongion. This is the French. A Vincent Runyan came here from France in 1665 and was married in the colony around New Jersey by the clerk. The governor of the colony issued the license of which a copy is still in possession. Twelve children were born to this couple. Six were boys and thus the Runyan family in the growing United States was begun.

In looking back over the history she has compiled, Mrs. Runyan can relate many interesting incidents that occurred when the redskins still infested these parts.

A young girl in the family was out in the rear lot of her parent's home when two Indians, who were lurking in the brush, pounced upon her and dragged her away. The girl's body was found scalped.

She had a young brother who had just been married and vowed that he would kill any Indian he saw. From that day he was never seen without a gun in readiness. A few days later when the people living in the settlement went into the woods to bring their cows home the young lad was lured further into the woods by the tingling of his cow's bell. The Indians, who had heard of his threat, detached the bell from the cow and rang it, leading the boy in pursuit. When they got him far enough into the woods they killed him. The next day his body was found and his gun was battered and chopped with a tomahawk which led his people to believe he had put up a strong fight against the Indians.

But the whole family history isn't as unpleasant as the trouble with the Indians. In the War of 1812, the same day the British burned Washington, John McClenen was born in Virginia. He was the late Mr. Runyan's grandfather.

Mrs. Runyan's daughter, Mrs. Vance Smith, wife of the principle of West Junior High School, has a letter that was written by a close relative who witnessed the battle of the Monitor and Merrimac in the Civil War. He describes the whole fight in this letter.

Mrs. Runyan completed her history in March of 1941. She made three copies and gave one to each of her daughters.

When the history was completed Mrs. Runyan didn't rest a minute but set to work putting the poems she had written since a child in a notebook. Many of these have been published and some are typewritten.

One poem entitled, "Musings At the Grave of A Confederate Soldier," was prompted when Mrs. Ryan was attending a ceremony held in the Confederate Cemetery in 1940. She noticed the marking on the grave of a soldier near to where she was sitting bore the same regiment number as her father's only he was with an Ohio outfit and this soldier was with a Virginia Co. Her father had served four years in the Civil War and this marker caused her to think over tales she had heard after the war. She wrote down a poem that was later published in the Columbus Citizen. In this poem she wonders if her father might have shot at this Confederate since they were in opposing armies.

Another poem she wrote called "Hollyhocks," was first printed in the Dispatch and later she found it had been printed in several papers throughout the state.

Although she doesn't know what a meter or a foot is, Mrs. Runyan still writes poetry people like to read.

Mrs. F. N. Prather, 132 N. Burgess-av, was rescued from the Scioto River near the Town-st bridge from which place she jumped Sunday in an attempted suicide, by Dewey Parris, 460 W. Cherry-dr.

A fisherman on the south side of the bridge saw Mrs. Prather jump, and stopped Parris, who was driving by. When Parris jumped into the water and reached the woman he found that she was not breathing. He swam to the second abutment and administered artificial respiration by holding her against the abutment and pressing her back with his arm. The third time he did this Mrs. Prather coughed up water and started breathing again, according to Parris. In a few minutes the police and inhalator squad arrived and took them both from the water in a boat.

Vote Light In Primary

This may be news to many Hilltoppers . . . There was a primary election on Tuesday!

From the account of the number of persons in this community who went out to vote it might be concluded that few residents were aware there was an election. But Hilltoppers were no more unconcerned than were people of every other section of the country where a total of 47,000 cast their ballots.

In the race on the Republican tickets for state legislature, Joe C. Nailor, 109 N. Burgess-av, was the only successful Hilltop candidate, garnering 16,651 votes to come in fourth in the field of six who were nominated. William V. Crowe, 360 Wrexham-av, came eighth with 7072.

On the Democratic ticket Robert M. Draper, 74 N. Roys-av, came in seventh in the state legislature race, with 5301 votes, one place out of being nominated.

Newton Thatcher, 2966 Crescent-dr, Democrat, present county auditor, with no opposition, polled 16,315 votes. Edward C. Turner was unopposed for judge of the supreme court and polled 21,185 votes.

George Trabue, Democrat, for county commisioner, was nosed out by Charles W. Schneider who led the ticket for the nomination.

In the eleventh ward George Sinclair was re-elected Republican committeeman and Dr. Fred Sulzberger was elected Democratic committeeman.

In the tenth ward both committeemen were re-elected without opposition, Henry Koontz as Republican and Oscar Dildine, Democrat.

Little interest was shown in the nominations for governor in this community. On the Republican side Governor John W. Bricker had no opposition and received all the votes cast in this party. On the Democratic ticket McSweeney led the ticket, followed by Ferguson and Heer.

"It used to be in days gone by,
Tin cans would in our alleys lie
Cafeterias for rat and fly,
Or dangle after puppy's yap—
Now used against a yapping Jap.
So salvage tin—this war to win
And leave the Jap without a grin."

Collections are to be announced each month.

Inhalator Squad of Service To Public

The Fire Department's two Inhalator Squads render a greater emergency service to the public, perhaps, than any other group of city employes, according to a statement by Lt. John E. Jordan of the fire department.

The duties of the emergency squad are of a varied nature, ranging from regular fire fighting to suicides, drowning, automobile wrecks, and in some cases, to assisting the stork in making rush deliveries. For the first six months of this year they have averaged 208 runs a month, compared to 166 runs a month in 1941.

Each member of the Inhalator crew is an Accredited First Aid Instructor, and most of them have attended the Red Cross School for Water Safety. Their record in rescuing drowning persons is above average, having saved seven lives out of 13 calls during the present summer months, Lt. Jordan stated. Much of the squad's work is, of course, connected with fires and the resultant injuries. The victim is given first aid before being sent to the hospital, thus relieving the suffering and making the work of the physician much easier and faster.

Columbus Wheelmen Schedule Two Rides

Sunday morning at 9 o'clock three groups of the Columbus Wheelmen will meet at the north end of the State Office Building for a breakfast ride.

According to reports from the groups, new enthusiasm has been put into the bicycle rides since the recent merger of the individual clubs into one organization. At the present time all rides are short and new members are being encouraged to join the club. It is not necessary to be an experienced rider to partake of the fun, according to the officers of the West Side group.

A mid-week ride to Edgewater Park is being planned for Tuesday, Aug. 18, at 7:30 p. m. For those interested in this ride, further information may be had by contacting the local representative.

½ cup Pet Milk
2½ cups drained, whole kernel corn, freshly cooked or canned (No. 2 can)

Heat 2 inches of vegetable shortening or lard in kettle or heavy saucepan to 360° F., or until a 1-inch cube of bread will brown in 55 seconds. Meanwhile, put flour and sugar in mixing bowl. Mix together eggs and milk. Add to flour, all at once, mixing quickly but thoroughly. Fold in drained corn. Drop by teaspoons into hot fat and fry a few at a time until brown. Drain on unglazed paper. Serve at once with tomato cream sauce if desired. Makes 3 dozen.

With pastry blender, 2 knives or fork, work 3 tablespoons cold shortening into flour mixture. Then proceed as directed above.

Twilight School To Offer College Courses

Hilltop residents are invited to enroll in the new "Twilight School" opening Sept. 29 at Ohio State University, offering nearly 100 full-credit, regular university courses in the evening.

A preliminary brochure describing the new program is now ready, and it will be sent on request addressed to the News Bureau, Ohio State University, by mail or telephone. Copies may also be obtained in person up to 6 p. m. through the week and 5 p. m. on Saturday.

According to President Bevis, the new "twilight school" will not interfere with the already established non-credit work in the Adult Evening School and in the offerings of the government-sponsored engineering, science and management war training program at Ohio State.

Much of the work to be offered this first quarter is for beginning college students, with no prerequisites. Admission requirements will be the same as for regular day students. Students who have never attended Ohio State for credit will be required to secure from their high schools or from colleges previously attended transcripts of their credits.

New Director

Ralph H. Stone, immediate past state commander of the American Legion, has been appointed acting director of the Ohio State Council of Defense. Assuming his new post Mr. Stone today stressed the importance of civilian protection in the event of air raids or sabotage and called upon local defense councils to increase their volunteer enrollment.

Although more than 120,000 persons have completed defense courses Stone pointed out that the state will need at least 300,000 more adequately trained volunteers to carry out the Ohio defense council's protection plans.

Urging local defense councils to immediately increase their volunteer enrollment and inaugurate new training classes, Stone said that all cities, towns and villages look to the state council for guidance and direction. He emphasized the importance of cooperation between the state and local councils, and indicated that a closer relationship would be effected.

ORANGE BREAD

Here's a new bread treat which will go equally well with picnic feast or in the war-worker's lunch box. Easy to make right in your own kitchen, it is delicious

1 teaspoon salt
¾ cup sugar
1 egg
3 cups sifted flour
3 teaspoons baking powder
½ teaspoon soda
½ cup orange juice
1 cup milk
¾ cup candied orange peel, cut fine

Blend margarine, salt and sugar. Add egg and beat well.

Sift flour with baking powder and soda. Add to first mixture, alternately with orange juice and milk, mixing after each addition until smooth. Add orange peel and blend.

Fuller Wins Prize For Telex Sales

Roland A. Fuller, 137 S. Terrace av, manager of Telex Hearing Aid Service, 1132 Beggs-bldg, has recently been awarded a typewriter as a prize for outstanding Telex sales in a national contest.

Telex, originators of the wearable vacuum tube hearing aid, recently took a step forward in miniature, electronic hearing aid history with their new super model. This new model is the only hearing aid in the world with four pentode tubes in a push-pull circuit, thus assuring maximum performance.

The advanced tone discriminator, an exclusive feature of the new model, enables the hard of hearing to filter out or reduce unwanted background noises, enabling them to hear speech with a minimum of low tone noise interference. This is something people with normal hearing cannot do.

"THE SECOND WORLD WAR"

Call this war any name you please,
"It is world war number two,"
We can't change a cold winter disease
By calling it warm weather flu.
There is no title for this battle
That'll obscure sorrow and sin
Many have acted like a bunch of cattle
Grabbing at feed in another bin.

And who is sure there won't be another?
There is plenty of mystery,
Won't somebody assassinate somebody's brother
And start world war number three?
We should send petitions to all politicians,
And these are the words I would pen
IMMEDIATELY ESTABLISH PERMANENT GODLY CONDITIONS
WE WON'T TOLERATE A WAR AGAIN.

Letter From Son Tells of Injuries

A letter to his parents from Dale E. Weatherman, who enlisted in the navy Nov. 28, 1941, says in part:

"Dear Mother and Dad:

I am sending my picture so you can see how I look after gaining 30 pounds. I never felt better in my life and like my work fine. If and when I send another picture you will see three stripes on my cuff as I have been promoted to Seaman First Class. I will also have a Service Bar for participating in the Battle of the Coral Sea. That's something you didn't know until now, isn't it?"

The letter continues along routine lines telling in addition of an injury to his arm which developed into blood poisoning, besides having a piece of steel extracted from his throat. Details of these injuries are rather vague, due to rigid censoring.

Dale is a radio transmitter operator on the Battleship Pennsylvania. He entered this type of work in the service because of his interest in radio. He had operated the Sterling Radio Repair Shop at his home, 386 S. Terrace-av, before enlisting.

Labor To Parade On August 26

When organized labor in Columbus marshalls its forces for a mammoth parade on Wednesday, Aug. 26, the city will witness the largest labor demonstration ever held here. Local unions of the A. F. of L., C. I. O., Railroad Brotherhoods, and bona fide independent unions, uniting in a joint effort for the first time, are expected to turn out a minimum of 10,000 marchers.

Emphasizing the unity and solidarity of Columbus labor in the war effort, the keynote of the parade will be Production for Victory. Local union officials have indicated that the parade will demonstrate the importance of Columbus as a vital center in the production and transportation of war materials.

Starting promptly at 2 p. m., regardless of weather conditions, the parade will leave Mound and Third-sts, go west on Mound to High-st, north on High to Chestnut-st, and turn west on Chestnut-st, where it will disband.

Sour Milk Savings

When you begin tightening the family purse strings you will find there are many short cuts to good cooking that help save pennies here and there. Take the sour milk you prefer for certain breads and cakes and biscuits because of the tender texture, the delicate, moist quality sour milk gives to home-baked goods.

Now right there is a corner you can cut! Not that sour milk is any great luxury—but still, we don't always have a pailful handy nowadays.

At one time sour milk was a cornerstone in the American kitchen. Every farmer's wife had sour milk lobbering in a deep stone crock down in the springhouse. And such sour milk it was, too! The real clabbered kind—with creamy blobs of curd, smooth and rich and faintly tangy to the tongue, swimming in a blue-white, translucent film of whey.

"Sour milk and sody" was part of our American tradition, and there wasn't a good cook in the land who, before the days of "store bought" baking powder, could turn out a proper batch of biscuits without it then.

In recent years, though, sour milk has become less commonplace, for, with the fine refrigeration folks have today, milk seldom sours as nature intended that it should. And so, when we want to do some good old-fashioned baking, we must now buy sour milk or buttermilk from the dairy or the grocery. Since we seldom use the whole bottleful in cooking either, some of it is sure to be just wasted.

To eliminate these leftovers, and, at the same time, assure successful baking, why don't you make your own sour milk as you need it, by adding vinegar to the sweet milk you have on hand? Here is a general rule to follow: Add 2 tablespoons pure cider vinegar gradually to 1 cup sweet milk, stirring constantly. Sour milk, made this way, may be used in any of the recipes calling for buttermilk or sour milk given below:

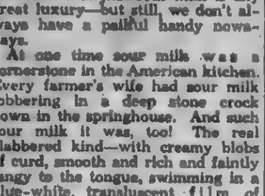
Sour Milk Molasses Cookies

Cream—
1 cup shortening.
Add gradually, creaming thoroughly—
¾ cup brown sugar.
Add, beating until fluffy—
2 eggs.
Add—
¾ cup baking molasses.
To—
½ cup pure apple butter.
Add, stirring well—
1 teaspoon baking soda.
To—
¾ cup milk.
Add gradually, stirring rapidly—
2 tablespoons pure cider vinegar.
Add soured milk to butter and molasses mixture.
Add—
3 cups sifted flour or enough to make a soft dough.

Drop by teaspoons on lightly greased cooky sheet and bake in moderate oven (350° F.) 15 to 20 minutes.

Butterflake Rolls

Crumble in bowl—
2 cakes fresh compressed yeast.
Add—
½ cup sugar.
To—
1½ cups milk (room temperature).
Add slowly, stirring rapidly—
2½ tablespoons cider or distilled white vinegar.



Pour over yeast and sugar, then let stand 10 minutes.

Melt, then cool—
½ cup butter
½ cup lard.
Sift together—
5½ cups sifted all-purpose flour.
½ teaspoon soda
1 teaspoon salt.

Add the melted shortening to yeast mixture. Mix well, then add sifted dry ingredients, beating until a smooth dough is formed. Transfer dough to a well greased bowl and brush top with butter. Place bowl in warm place until dough is about tripled in bulk. Turn out of bowl, without stirring, onto well floured board. Sprinkle top of dough lightly with flour, then roll out to ¼-inch in thickness. Brush dough generously with melted butter, then cut into long strips about 2 inches long. Place three of these small pieces into each well greased muffin tin, in crisscross fashion, having third strip in same position as first. Brush tops again with butter, then set in warm place for 10 to 15 minutes. Bake in hot oven (400° F.) 15 to 20 minutes. Remove from pan at once to cake rack, unless to be served hot. Rolls separate easily in layers when eaten.

Urge Car Owners Take Fire Cares

Automobile owners should use greater precautions for the protection of their cars against damage by fire. The tire shortage and the difficulty in replacing existing cars makes it imperative that we conserve the cars we now have.

In 1941, 532 of the city's 3027 fire alarms were in answer to fires of this nature. During the same period, one hundred and thirty-three garage fires occurred and caused damage to almost that number of automobiles.

Already in this year the fire department has answered about two hundred and seventy-five alarms for automobile fires and 43 for garage fires.

In normal times about 11 percent of the nation's fire alarms are for automobiles, according to the report of the National Board of Fire Underwriters.

The following suggestions may be of help in avoiding fires of this nature:

Have the lighting and ignition wiring checked by a competent service man.

Keep the motor clean and make sure that there are no leaks in the gasoline tank or line.

Extinguish cigar and cigarette stubs in the ash tray of the car. Do not throw lighted cigars and cigarettes out of the car window. If possible, carry a small vaporizing liquid extinguisher in the car and know how to use it.

RATION STAMP DATA

Ration book stamps are good for sugar as follows: Stamp Six will be valid until Aug. 22. Stamp Seven—currently valid for two-pound bonus until Aug. 22. Consumers using stamps five and seven are urged to check their ration books in order that the correct stamps are removed.

You still have another week in which to see "Mrs. Miniver," one of the great pictures of screen annals, now in a third downtown week at Loew's Broad, where it has been shifted after two record weeks at Loew's Ohio. Greer Garson and Walter Pidgeon are the stars and it is being shown as a single feature. Next Wednesday is the last day to see "Mrs. Miniver," so hurry!

Loew's Ohio is now showing the romantic melodrama, "Crossroads," with William Powell and Hedy Lamarr together on the screen for the first time. Added feature is "Parachute Nurse" with Kay Harris and Marguerite Chapman. Starting next Thursday, Aug. 20, the Ohio will show the technicolor Dorothy Lamour special, "Beyond the Blue Horizon," plus "Night in New Orleans."

Camp Chase Defeated

In a 12-inning game Friday between Camp Chase and Springfield, Camp Chase was defeated 4-3. This game took the Columbus team out of the American Legion championship running.

In the twelfth and deciding inning Dick Hoover led off with a single through the infield. The Springfield backstop threw wild into center field in an attempt to cut Hoover down as he stole second, but he advanced on to third.

The winning run was made when Richards uncorked a wild throw on which Springfield scored.

Jim McElwee made one run in the first on a Springfield error and was advanced to second by Donn Haines and scored on Richards' hit to center

Cincinnati defeated Camp Chase by a score of 5-1 last Thursday. Columbus scored its only run in the third inning. George Ours, who was pitching, was safe on Ed Weyrich's Springfield error and advanced to second on Jim McElwee's sacrifice. Bill Richards came through with a line single to center to score on Ours. Donn Haines fanned.

The Columbus team held Cincinnati in check until the seventh when Bob Hoernschemeyer was safe on Dick Carter's error. At this point Dick Hoover went into the game to pitch.

In the eighth Cincinnati added an unneeded run.

Cincinnati won the final game in the tournament from Springfield by a score of 3-1, which makes that team the state champ. Cincinnati will play in the sectional games to be played at Charleston, W. Va., Saturday and Sunday.

Protect Cars From Damage By Fire

The Fire Department is urging automobile owners to use greater precautions for the protection of their cars against damage by fire during the emergency. The ture shortage, and the difficulty in replacing existing cars, makes it imperative that we conserve cars.

According to Lt. Jordan, in 1941, 532 cars of the city's 3027 fire alarms were in answer to fires of this nature.

Already in this year, the fire department has answered about 275 alarms for automobile fires and 43 for garage fires, it was stated.

The following suggestions may be of help in avoiding fires of this nature: Have the lighting and ignition wiring checked by a competent service man; keep the motor clean, and make sure that there are no leaks in the gasoline tank or line; extinguish cigar and cigarette stubs in the ash tray of the car; do not throw lighted cigars and cigarettes out of the car window. If possible, carry a small vaporizing liquid extinguisher in the car and know how to use it.

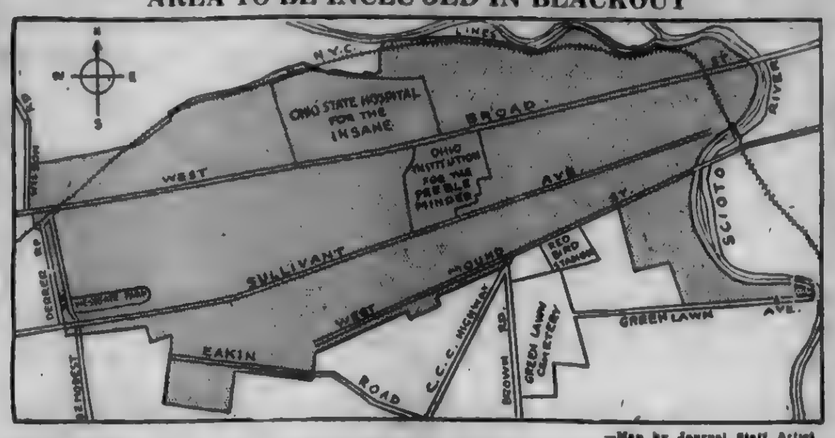
Hilltop To Have First Blackout Next Week

Commander Paul Gingher, Office of Civilian Defense, will request that the Hilltop area and West Side, from the Scioto River to Derrer-rd, have a trial blackout either Thursday or Friday night of next week. These nights are not definite because they have to be approved of by army officials.



The night it does come it will be in the hour between 9 and 10 p. m. Air raid wardens will be ordered to stand by and wait for their call. Every citizen must remain at home. There will be no traffic moving on the streets at this time.

Headquarters asked that anyone planning to be away from home the night the blackout is slated leave no lights burning. Those at home should either have their lights off or windows blackened so that the light will not shine through to the street. City lights will be turned out at the beginning of the blackout and the siren will be the signal to the people to turn their lights out.

Civilian Air Patrol will be requested to fly in this blackout like they did in the Tri-Village blackout last week, spotting lights that can be seen from the air.

It has also been requested that people do not leave automobiles on the streets during this blackout. They should be put in a garage or under cover of some kind.

Invite The Boys To Dinner

A local family with two attractive daughters tells us that they are having two boys from Fort Hayes over for dinner Sunday.

This is a mighty fine gesture on the part of this Hilltop family. Probably many others have already done it and probably many more will be interested in learning that the chaplain at Fort Hayes encourages such an idea.

And incidentally these two young ladies will probably learn a lot about the army Sunday.

Clean Parks

Frank Fetch, supt. of city parks, was in this week to tell us that the cleanup job in Westgate Park has been completed and that Holton and Glenwood are scheduled to receive attention soon. He also points out that the toilets in Westgate Park come under the recreation department and since they have no money it can't be expected that they will be opened. They were ordered closed by the health department. But we wonder which is the greatest menace to health . . . . ?

Thanks for this attention Mr. Fetch . . . . the Hilltop appreciates it!

Sugar Stamp No. 8 Good For 5 Pounds

The West Side and Hilltop Ration Board this week called attention of residents of the community that stamp No. 8 in their ration books will be valid for the purchase of five pounds of sugar anytime in the ten week period between Aug. 23 and Oct. 31.

The stamp will permit disposition of five, ten and 25 lb. packages in the hands of wholesalers and retailers.

Institutional and industrial users of sugar are also advised by Board 25-10 that they are now issuing allotments of sugar for September and October periods. The deadline for receiving applications without penalty is Sept. 5. After that date if applications are not on file deductions will be made in the allotments made each day until the application is filed.

The local board this week issued a call for volunteer helpers. Several young women are needed for about a week or ten days full time at the local board office, Sandusky and Broad-sts., to do filing work. Those desiring to aid in this phase of the war effort are asked to call Ad. 3550 for further details.

Edgar House Will Be Principal At West Junior When School Opens

Edgar House

Edgar House, 670 S. Hague-av, will be back at West Junior High School again this fall when the school doors open.

He has been principal at Starling Junior High School since 1940 but is being transferred back to fill the vacancy that will be left by Vance Smith, who is being transferred to Crestview Junior High School as principal there.

House worked as attendance officer for the boys at West High School three years before he went to Starling. He had worked in West Junior High seven years previous to that. House began his teaching career in Caldwell, O.

He received his art degree from Ohio University in 1930 and his masters degree in the school of administration from Ohio State University in 1937. He attended Muskingum College.

C. W. Riggs, principal of Fulton Street Elementary School, will take House's place at Starling.

Mound Street Opened

Mound-st was opened for travel Tuesday evening from Whitethorne to Wayne-av.

This opening extends through what was formerly private property. It connects old Mound-st with a newer section of the Hilltop and will make a better route to town from the Hilltop.

This is part of a five point program advocated by Councilman Ray Hauntz.

Church Buys Bldg. Site

Westgate Methodist Church, through a deal completed Friday by the Methodist Union, purchased a triangular tract of land in Westgate bordered by Algonquin and Brinker-avs and an alley for the erection of the church in the future.

Services have been held in West High School by Rev. James F. Lorenz, pastor of the congregation, since last December when it was organized.

The site is three squares south of W. Broad-st, has a 250-foot frontage on both Algonquin and Brinker-avs and 238 feet on the alley in the rear of the lot.

Playgrounds Are Closed

The Hilltop's three playgrounds, Westgate, Holton and Glenwood, have been closed down for the summer because the city's funds for playgrounds have been depleted, according to Jack Cannon, director.

Cannon conferred with Mayor Green Monday before issuing orders to close the playgrounds. Tennis courts at Westgate were also closed. Equipment in the closed playgrounds was collected Tuesday.

Schedule Coon Chase For Sunday

Stu Planck and Bud Poston are sponsoring a Coon Chase, three miles west of West Jefferson at Routes 29 and 40, Sunday, Aug. 23. There will be a purse of $275 and a final of $125.

West High's Coach Collins Joins Air Corps; Rose To Cincinnati

When West High opens this fall two members of the coaching staff will be missing and two new men will be added to replace them.

George Collins, athletic coach at West High School, enlisted in the U. S. Naval Air Corps' Physical Fitness program recently and will report for training at the University of North Carolina, Chapel Hill, Aug. 27. He will receive a month's instruction under Tom Hamilton and then be assigned to active duty. Collins will go in as a lieutenant junior grade.

Dale Rose, junior high basketball coach and senior high track coach has resigned to accept a position as coach at Central High in Cincinnati.

Collins, who is 32, came to West High School six years ago from Rutland, O. He has received a leave of absence from the school board and will resume his regular teaching duties when he returns. His wife, Vera, will join him after he has finished his month's training and is stationed. They live at 221 N. Hague-av.

No coaches have been hired by the board of education to fill the places of Coaches Collins and Rose.

Schools Will Open Later

Hilltop elementary schools will open at 9:30 a. m. and the high schools, both junior and senior, will open at 9 a. m. this fall. Elementary schools have been opening at 8 a. m. and high schools at 8:45 a. m. The change was made because of the hour advance in war time last spring. Closing hours were adjusted accordingly.

Kenneth Bahler, chemistry teacher, retired from West High School and is now engaged in government work at the Scioto Ordnance Co., Marion, O. Ida Schlafy, art instructor, retired because she was married this summer. Russell Slater, who went to the army July 1, received a leave of absence from the board of education.

Those students who are working and unable to come to the high school on these days should have brothers, sisters, or neighbors get their books for them. However, any one person will not be issued books for more than three students.

The board of education now furnishes every textbook for every course offered, including First Aid. Only work books, in which the student writes, making them unusable a second time, are not furnished.

A large number of books have been re-bound and re-conditioned during the summer, looking like new books. Many of these books have already given five or six year of service, testifying to the good care which most students give their books.

Hilltop Man Has Varied Experiences In Six Months Job In South America

By Jean Young

"If I had my wife and baby with me I would have been willing to stay there forever," is how well James R. McLees, 625 S. Burgess-av, enjoyed his six months' stay in British Guinea. He returned home last Friday.

McLees was down there on business for the Elmhurst Contracting Co. of New York. He stayed in a camp 30 miles from Georgetown, British Guinea. The only way to get there from the camp was by boat which took two or three hours. "It really was too long a trip to take often," he said.

Ninety-five percent of the populace in Georgetown is of the black race. Some are Aborignal Indians and others Indians, Chinese and Portugese. These people all resent being referred to as a member of one race when they belong to another but the most violent curse they have is, "You make me very angry."

"They are not violent physically, but do most of their fighting with their tongue," McLees explained.

The people there are very slow and not very clean, according to accounts he gave.

"When you have a job to be done you ask six natives to do it where ordinarily you would have one American doing it," he said, "then you are fortunate if it is done in two or three days."

They bathe and wash their clothes in the same stream.

The natives have an abhorrent fear of fever and disease. They always clad themselves in heavy clothes. Usually they wear their dress over a pair of pajamas that they keep on until "they fall off."

The best entertainment one could find in B. G. would be to see a six-months or a year old movie or take a launch up the River Demerra to a native village. Another pastime is hunting for such game as wild rabbits and tigers.

In Georgetown the natives make jewelry from gold and silver which is mined near there. This work is all done by hand. McLees brought back a gold ring and silver bracelet with him that had very fragile carving in them.

There are many British subjects in B. G.

"While I was there I had some fine clothes made by English tailors," McLees told us.

McLees said he was paid in American money but since B. G. money is the medium of exchange there, a representative of the Royal Bank would come and

Cowboy Coach Calls For Grid Candidates

First call for candidates for the West High Cowboy eleven were issued this week by Coach George Williams. Anyone interested in going out for the football team this fall is asked to report to the coach at the gymnasium on Monday, Aug. 24, at 4 p. m. Regular practice will begin Tuesday. Boys are asked to bring their locks with them Monday.

Coach Williams had his usual pre-season comment this week. . . . "Prospects aren't so hot." But then he softened up by saying the Cowboys would be alright if they can develop some speed.

Eight lettermen are scheduled to be back. They are Harry Andrews, tackle; George Ours, end; Mondo Lombardi, guard; Charles Weidner, end; Bob Bates, back; Bob Byerly, back. Dick Gilmore, back; George Strickland, guard. Strickland, however, it is reported, may not return since he is interested in continuing to work this fall.

Coach Williams believes North may furnish the stiffest opposition in the league since they have more lettermen back this fall.

The Cowboys open the season at Newark on Sept. 18. Following is the remainder of the schedule:

Sept. 25—At Marion.
Oct. 2—Aquinas here.
Oct. 9—East here.
Oct. 16—At Ironton.
Oct. 23—North here.
Thursday, Oct. 29—At South.
Nov. 6—Dayton Roosevelt here (homecoming).
Nov. 13—At Central.

Injured In Battle

Dale E. Weatherman

Dale E. Weatherman, formerly of 386 S. Terrace-av, wrote home last week informing his family that he had received injuries in the Coral sea battle. He received a service stripe for this. Dale is a radio transmitter operator on the Battleship Pennsylvania. Before entering the service he had the Sterling Radio Repair Shop at his home.

Her First Kill

Mrs. Laura Wilkens, 89 Eldon-av, was a very elated lady when she came into the Record office this week carrying the above picture of herself and the five foot ten inch snake she killed recently. Of course many people have killed snakes but this is the very first time Mrs. Wilkens was ever on a farm and to have a snake slinking toward you and to show enough courage to bat it over the head with a limb deserved some comment.

After she had killed it Mrs. Wilken's daughter, Edith, and herself found great pleasure in playing with the reptile.

Push Home Owners Injunction

Additional legal assistance has been called into the Westgate Home Owners vs. Roesaler Builders case this week, according to R. A. Chapman, 307 Demorest-rd. The case is being handled by Knepper, Dempsey and White for the Westgate Home Owners.

Chapman said he looked up an old deed dated for 1925 stating that home owners in this section of town had a right to go to court when there was an infringement of property. There was doubt in some people's mind Chapman implied, about whether the case would be carried to court.

The case will definitely not be dropped for any reason, Chapman said. "There has been too much general interest shown to drop it now."

The decision rendered by the judge in the case will affect all property owners in Columbus, he stated.

A further invitation was extended this week to all property owners of Westgate, Westgate Park Addition, Broadview and Broadview Annex to become members of the Westgate Civic Association. It is pointed out anyone owning property in the territory from Broad to Sullivant and from Derrer-rd to the first alley east of Roys-av, is eligible.

Membership may be had from any of the following officers: Mrs. P. B. Benton, president; Clyde Moore, vice-president; A. E. Wollerman, second vice-president; Mrs. H. Kight, secretary, and Mr. Orr, treasurer.

Board Lists Selectees

Indians Have Pow-Wow To Hold Their Own Reservation

There's an Indian reservation on the Hilltop at Ridge and Powell-avs.

A group of Hilltop boys pitched a tepee city on this site Thursday night that was originally meant to be a city playground and have camped there every since and quite legally too.

Adults from Friends Rescue Home told the chieftain, Bill Wilson, 14, 234 N. Hague-av, that the ground belonged to the home and they would have to move. Chief Wilson returned to his tribe with the message and held a meeting or pow-wow. After a ceremonial dance the trib seated in a circle before a smoking camp fire passed the tommyhawk in vote as to whether the chief and the tribe should descend upon the city hall and determine if they could remain in their tent city. Everyone handled the tommyhawk (blunt-edged hatchet) making the vote unanimous.

After consulting plats, city engineers informed the tribe the land did not belong to the home but to be certain they were sent to inquire at the county auditor's office. They received the same answer. Then they journeyed on to the police station to see if they could be evicted. They could not. They could remain in their tepee city as long as they conformed to the "rules."

The proudest possession of the tepee city is an American flag that stands in the center of the grounds and which is put up each morning with much ceremony.

Braves are Gilbert Winebar, 10, 196 N. Powell-av; Kenneth Williams, 12, 2742 Steele-av; Dale Thatcher, 211 N. Hague-av; Jack Harmer, 11, of 192 N. Powell-av; Joe Grandstaff, 10, of 139 N. Powell-av; James Hunt, 8, (mascot), 225 N. Hague-av; Roger Moury, 10, 181 N. Powell-av; Roger Riggle, 13, of 215 N. Powell-av; Bobby Winebar, 8, of 196 N. Powell-av; Boots (canine mascot); Lorene Lohmeyer, 9, of 212 N. Powell-av, and Barbara Riggle, 10, of 215 N. Powell-av.

Among the tribe's regulations: "Not too much whooping and hollering; everybody's gotta pitch in a nickle for the nightly wiener roast, and—no squaws are allowed to sleep on the campgrounds."

HILLTOPPER—

(Continued from page 1)

give them their equivalent in this money. One hundred and six dollars in American money would be $116 in B. G. currency. One dollar in our money is 82 cents there.

The common menu among the natives is planten and rice. They make a rice broth from cast off fish heads which they gather on market. This is a choice meal for them. McLees said he stuck to American food.

Days in B. G. get as hot as 150 in the sun and the evenings get so cool that it is necessary to sleep with covers to be comfortable. However the heat there isn't noticed as much as it would be here because there is always a cool breeze blowing in from the ocean.

Modes of transportation there are a bit antiquated but adequate. Most common form of travel is bicycle. They do have Fords and Chevrolet buses with right hand driving. McLees says that the people down there think a lot of movie stars and name their buses for them. For instance you would take a West Broad bus here but there you would be apt to take one more like the Charlie Chaplin or one with the name of some other star of the day.

"The natives even go so far as to call Americans by a movie star's name. I was dubbed Stan Laurel after I had my hair cut," he recalled.

Then he told us about the native style of cutting hair. They grip your head of hair in one hand and with a large razor in the other whack it off.

"I had it done just once. My hair was long when I got back to the States," he said. He figured it was about the only way of being sure that you came back with your scalp.

McLees visited the world renowned botanical gardens in B. G.

"It is not so much the variety of flowers they grow there, but more the maze of colors that attracts people," McLees said.

There are hundreds of birds of different coloring that add to the beauty of the scenic spot, he remarked. The grass and shrubs there are of a deeper green than here.

McLees said he was very close to the "man eating variety" of crocodiles, sharks and squibs. The men who worked in the brush would come in at the end of a day's work carrying a huge 10 or 14 foot land commuddi snake which they had killed. This snake does not bite but squeezes its victim to death. They usually are found in trees and pounce from there on their prey.

One of the widely heard of places that McLees saw was the huge rumbling wooden church in Georgetown which is also called the "Wooden City." This church is constructed entirely of timber and covers a good city block. The grounds of the church cover three acres.

Monkeys are a pest of the people there and they will be purchased for $1 each.

All buildings are set 10 feet from the ground to escape the dangerous snakes found in that region. They are cool but have no windows. The furniture is old-fashioned with horse hair covering.

With all his experiences of six months in B. G. McLees got his biggest thrill when he came home and saw for the first time his little son, James W., who was born July 1. He was informed in camp of the birth. "Everybody came into my room some time the day I got the message and shared in the party that went on all day in celebration." McLees laughed.

He has a saw he plays with a violin bow. A set of London cricket bells will be used which are believed to be the only set of its kinds in the United States. These bells are played by turning cranks causing hammers to strike bars. He will also use the vibra harp.

Rites Held Monday For Mrs. Humphreys

Funeral services were held Monday afternoon in Hillcrest Baptist Church for Mrs. Grace Evans Humphreys, 37, who died Friday at her home, 2611 W. Broad-st. Interment was in Sunset Cemetery. She belonged to the Welsh Club, Columbus Oratorial Society, and was an active member at Hillcrest.

She is survived by her husband, Charles W. Humphreys, two daughters, Ruth W. Humphreys and Mrs. Martha Whetstone; a son, Robert E. Humphreys, and a grandchild.

Wylie Sheroan Funeral Home was in charge of services.

100 Unions In Parade On Wednesday

Arthur Streng, head of the civic organization which has so successfully presented band concerts in the city's parks, will have full charge of band music to be heard in Columbus labor's "Production for Victory" parade Wednesday evening.

Streng is president of the Columbus Federation of Musicians.

The parade, sponsored jointly by the AFL and CIO organizations will start at Mound and High-sts, beginning at 8 in the evening, Aug. 26, and will proceed north on High-st to Chestnut-st.

More than 100 Columbus local unions will be in the line of march, and Mr. Streng will apportion the many musical units at proper intervals for better enjoyment of those who watch on the sidelines.

The motivating factor behind the patriotic labor demonstration in which a minimum of 10,000 persons are expected to march, is to show the Columbus public that the AFL and CIO are laying aside whatever differences existed in the past, and are unselfishly uniting in full production efforts for war needs, and also to bring to the attention of the public that Columbus is an important national center for the manufacture and distribution of vital war materials.

Free Welding Course Offered

Mifflin High School plans to continue its free course in welding to help supply the demand for welders in the defense industries. Registration for the new course will be held at the school, located on Sunbury-rd, Friday evening at 8 p. m. The course is planned for a 12 weeks period with a minimum of 15 hours of instruction each week. There are no fees or restrictions on the course except a willingness to accept a defense job when available. All registrants are to register with the Employment Service on Cleveland-av.

Mr. Robert Mohr and Mr. Albert Skobrak will be in charge of the instruction.

Son Nominated

Stanley Mechem, Nelsonville, O., son of A. G. Mechem, owner of the shoe store at Terrace-av and Broad-st, was nominated for state senator in the primaries last Tuesday. He has been a shoe retailer for over 26 years in Nelsonville and Athens.

IS CHANGE OF PREACHING

I. H. DeRalph, teacher of the Keystone Bible Class, will have charge of the service at the preaching hour on Sunday morning Aug. 23, at Hillcrest Baptist Church.

Why does Hitler hate our Rationing?

Hitler has been consistently wrong about us Americans.

He never thought we would have the courage to fight for our liberty. He thought we were soft, lazy, spoiled by living in a land of plenty.

How he must hate the thought of rationing in America. He knows that rationing here will free vital transportation for troops and munitions. He knows that many plants that used to make civilian goods have been converted to war purposes. He knows that rationing will help win the war.

And how he must hail when he hears that rationing is meeting with wholehearted cooperation in America instead of complaints. He hadn't figured us that way. He thought we couldn't take it. Was he wrong!

SCHOOL CHILDREN
Some children are already complaining
"School days will soon be here"
Vision with gloom the old school room
They appear to fear each year.
Then others are rejoicing and singing
Longing for school to begin
Glad to hear the school bells ringing
Ushering the year in with a grin.
If indifferent to schools and learning
That attitude teachers deplore
If studies neglected, wise counsel rejected
Then teachers can do no more.
There is an old rhyme, a slogan sublime
Goes something like this I think
We can lead to the brink but many will sink
Sink, before they will drink.

State Tourney To Open

The ninth annual men's state softball tournament under the auspices of the Ohio Amateur Softball Association will be played at the State Hospital Field, Friday, Saturday and Sunday, Aug. 21, 22, 23.

This meet brings together 16 of the strongest softball clubs in Ohio competing for the right to represent Ohio in the national regional tournament which will follow the next week-end at Lakewood, O.

Columbus will present two strong teams—Bobb Chevrolets and Ferguson State Auditors. Bobbs are the defending district champions and defending 1941 city champions. They have a well balanced club and will make a strong bid for the state title. Fergusons were chosen as the host team and they have a very enviable record for the 1942 season which includes wins over some of the country's best softball clubs.

Fergusons will open against Donnell Fords of Youngstown Friday at 8, and Bobbs first game is against Pemberton Reds Saturday at 2 o'clock. There will be four games Friday night starting at 6, four games Saturday afternoon commencing at 1. The second round games will start at 6 Saturday, the semi-finals Sunday at 2 and 8:30 and the championship game at 8:30 Saturday night. Admission is 30c including tax.

Check Stores For Ceiling Prices

Hilltop retail stores were this week being checked to determine if they are complying with price ceiling regulations set by the O. P. A. Volunteer workers headed by C. H. Campbell are making the calls on local business firms.

The survey seeks to determine if prices are properly displayed, if a cost of living price list is filed, if base price lists are available and if the firm has received certain bulletins from the O. P. A. ration board.

Lewis Is Winner

Tom Lewis, 474 Wilson-rd, won second place and was awarded a ribbon in the archery match that was held on the Ohio State University golf course Sunday, Aug. 16. Norman Isabel, Roberts-rd, Hilliards, O., was awarded first place.

You Can Help By Being Quiet

Lots of people have wondered how they can help in the war effort. Here's a new and not very difficult way . . . Just be as quiet as you can in your neighborhood in order to allow any war workers living near you to get their sleep. This applies to both day and night time.

* * *

And By Riding Street Cars At Proper Times

And if you are a housewife who goes down town to do some shopping during the week, take a street car that doesn't help to add to the overload at quitting time.

Columbus' transportation committee is urging that you ride the buses when they are least crowded. You will be aiding the war effort by complying with this cooperative measure.

* * *

Take Better Care Of What You Buy

Taking better care of what you buy is the keynote of a recent conservation program and it is pointed out just what this means to the war effort as follows:

The cotton in two mattress covers will make one army shelter tent.

The cotton in one sheet will make 10 pairs of soldier's shorts.

The silk in 185 pairs of stockings will make one parachute.

The rubber in 3400 girdles will make one jeep tire.

The cotton in one summer suit will make one soldier's work outfit.

The wool in one woman's sport suit will make 13 army overseas caps.

The leather in two pair of men's shoes will make one pair of shoes for a soldier.

* * *

News Notes: Mrs. F. W. Frank, 427 Larcomb-av, has had 10 boys staying at her home in the past month and all have been called up for army duty and now she receives letters from each of the boys . . . Frank Prince is sojourning in Wisconsin for a brief spell . . . Lee Koontz, the egg eater, had his vacation this week . . . Lucille Burkett is employed in the credit dept. at the Union . . . how about buying the store on credit? . . . Harry Fleming was once a farmer . . . Mildred Williams is recuperating at home . . .

Comes a card from Geo. T. Gusler from Sault Ste. Marie, Mich., wherein he says the big ones did not get away despite military restrictions on the lakes . . . Turn about is fair play: Back when Charley Schneider, Democrat, was a member of the Board of County Commissioners and was up for election again the Republicans claimed it was bad business to have all Democrats on the board and now that Schneider is running again he is using the same story only in reverse . . . claims it's not a good policy to have all Republicans on the board . . . Roy McGhee, former West Sider, has moved to his new home at Palmetto and Powhatan . . . Roy has the American Adjustment Bureau.

Some Sugar:

A very near accurate figure of the population of the area west of the Scioto River was indicated this week with figures released by the West Side Ration Board. The board reports that 53,626 sugar ration cards have been issued in this district to date.

In Hospital

Rev. L. L. Cooperrider, 47 Binns-blvd., is in Mt. Carmel Hospital for observation.

52 Boys Out For Team

Fifty-two boys reported to Coach George Williams for initial grid practice at West High Monday evening of this week.

Coach Williams was in high spirits this week over the fine turnout and exceptional spirit of the boys for the opening week of practice. "If the boys can keep up their fine spirit we will win some ball games this year," he states.

E. V. McPherson, geography teacher at West, has been assisting Coach Williams.

R. C. Class of Eaton, O., is scheduled to report for duty this next week to take the place of George Collins who recently resigned to join the naval air corps.

O. D. Lehman, former principal and coach at Amity High School, near Mt. Vernon, has been called to take the place of Dale Rose, former coach at West Junior High School. Lehman had been at Amity High six years. This was his first teaching assignment after graduating from Ohio State University. He received his master's degree in guidance from Ohio State in June this year. He worked on this at Columbia University and the University of California.

Lehman is married and has one daughter, Joan. They will live at 81 S. Powell-av.

Interesting Hilltop Hobbies - - -
Helping Institution Children Is Hobby of Selective Service Clerk

Grace Price, 109 S. Wheatland-av, has a hobby that she enjoys and others enjoy too. Four years ago she became interested in social service work and has been active in it ever since.

"In explaining my hobby I can't tell you much about myself because it's all about them," Miss Price said referring to the children she works with.

She works with the children at the Institution for Feeble Minded mostly. Miss Price said that at Christmas time and Easter they try to contact relatives of the children so they won't be entirely forgotten.

Children at the institution enjoy doing handiwork such as embroidery at which they are quite adept, according to Miss Price. They have a special teacher in this work. This is usually at the Ohio State Fair but this year their articles will be sold at the institution since the fair has been cancelled.

"They also take a great liking to old jewelry," she remarked.

Miss Price's first contact with this sort of work was made four years ago when she was helping Father Francis J. Schwendeman of St. Charles College with some charity work when he mentioned that he needed more people to help in this kind of work. She became so interested herself that she got her sister, Susan, to take it up with her.

Since that time about 15 organizations have been formed in this work sponsored by the Catholic Chapel. One of the main duties of the workers is to teach Bible history to the children.

"I spend three or four hours on this work each Sunday," she said, "and I can think of no hobby that I would rather have. It's so much fun to work with these children."

Miss Price is clerk at selective service board No. 11 at Highland Avenue School.

Hilltop To Aid War Chest Drive

Plans are now in progress for a committee to be organized on the Hilltop to handle this community's part in the War Chest campaign scheduled for this fall, according to an announcement from the War Chest headquarters.

M. C. A., National U. S. O., Army and Navy Relief; local organizations, Charity League Milk Fund, Central Community House, Columbus Town Meeting, Big Brothers, Local U. S. O., Local Y. M. C. Physical Fitness Thru Dance Training

Medical authorities agree that dance training produces a beautiful, well-formed body, strong and straight with clean-cut limbs and a noticeable absence of over-developed muscles, yet at the same time rendering the body lithe and supple.

Children who take dancing lessons are invariably more poised than their less fortunate companions. They are less shy and more able to get through the more difficult periods of childhood. Children should receive the benefits of dance training, they explain.

SALUTE TO ★ THE WORKING ARMY OF AMERICA! LABOR DAY ★1942★

A Tribute To Labor

and its great role in helping to win the war

The "Minute Men" of Concord and Lexington, who gave us liberty, were workers, too. Just as today, they fought with tools and guns alike.

... Today America faces the most dangerous foes in all its history. This is a people's war—a worker's war—everythig we have is at stake.

... Today all America salutes Labor for its epic four-star Victory Drive—

★ In out-producing the Axis in guns, planes, tanks, ships, and other vital equipment needed for Victory.

★ In supplying millions of men to the Army, Navy, Marine Corps, and Coast Guard.

★ In working on Civilian Defense through air raid protection, salvage, conservation, Red Cross, and other home-front activities.

★ In setting the pace for America's great WAR BOND VICTORY DRIVE for 10 percent of **everybody's** income invested regularly, systematically in War Savings Bonds.

Mr. and Mrs. Donald Mackintosh of Cleveland, were guests at the Burnside-Churton home, 92 N. Powell-av, Sunday of this week.

"THIS NATION WAS SHAKEN BEFORE"

Angry words were spoken, many homes broken
At the time of our Civil War,
Sister and Brother, Father and Mother
Seperated, from shore to shore.
Few were in doubt which side to help out
And they made a desperate stand.
None were sure The Union would endure
Abe Lincoln was then in command.

Now we have war, nothing like it before
This time one half of the world—
Who would cecede from our righteous creed
The emblem of Tyranny is unfurled.
But our people today are standing together
Shoulder to shoulder, none bolder,
Our Union will stand, Lincoln still in command
In spirit, shoulder to shoulder.

HITLER PHONES THE DEVIL

Hitler phoned the Devil on the telephone one day,
The girl at central listened to what he had to say.
"Hello" ('twas Hitler speaking) "Is old man Satan home?"
Just tell him it's the Dictator that wants him on the phone.
The Devil said, "Howdy Doit" and Hitler said, "How are you?"
"I am running your Hell on earth, so tell me what to do."
"What can I do then?" the Devil asked? "Dear old pal of mine,
You don't need any help from me, you're doing mighty fine."
"Yes, I was doing fairly well until sometime ago,
When a man named Uncle Sam told me to go slow.
He said to me, "Dear Hitler we don't want to be unkind,
But you've raised Hell enough, so you'd better change you're mind."
"I thought his lend lease was a bluff, he'd never carry through;
But soon he put me on the spot when he told me what to do.
So that's why I called you Satan, I need advice from you,
For I know you can tell me exactly what to do."
Satan said, "Dear partner, there is not much to tell,
For Uncle Sam will make it hotter than I can here in Hell.
I've been a mean old Devil, but not half so mean as you,
So when you get down, the job is yours to do.
I'll be ready for your coming and keep the fires all bright,
And I'll get your room all ready as soon as Sam begins to fight.
For I know your days are numbered and there's nothing else to tell;
Hang up the phone; Put on your hat and come on down to Hell."

WHICH IS THE LONGER ARC, A OR B?
Your eyes fool you! Both are exactly the same length. And your eyes may be fooling you in other ways, too. There's only one SURE way to know whether or not you need glasses, and that's to have your eyes examined by a competent optometrist. Don't put it off any longer. Sugar Rationing Rules Expanded

Many Hilltop groups are now eligible to register with the sugar rationing board as institutional users, according to a recent ruling from O. P. A., which states as follows:
Civic, educational, charitable, benevolent, religious and social welfare organizations may obtain allotments if all following requirements are satisfied:
Meal service to obtain revenue for organization;
Organization serving meal is recognized in community as permanent or where new, is expected to be permanent;
Meal service is consistent with character and purpose of organization;
Meal is open to non-members; and
Sugar will be used in preparation and service of meal, which does not include preparation and service, separately or in combination, of alcoholic or nonalcoholic beverages, candy, cookies, crackers, potato chips, popcorn, nuts, ices, prepared fountain mixes, milk, milk drinks and ice cream prepared as sodas, sundaes or otherwise.
At least two of the groups that will be benefited by the decision are:
Those churches who serve less than four meals per week, but who do serve outside organizations like Alliance Clubs, Rotary Clubs, etc., or who serve other meals to mixed groups of members and non-members to obtain revenue for the organization.
Those churches who serve less than four meals per week, but who maintain booths for meal service at county fairs.

ENTERTAINS COMMITTEE
Worthy Matron Gladys Dean of Robert Morris Chapter entertained her committees and the chorus at Schmeizer's Restaurant Tuesday, Aug. 25. Everyone enjoyed the game of "Cootie."

The U. S. Savings Bond pledge campaign is a privelege and an opportunity for every income earner to stand shoulder to shoulder with our fighting men, by backing them up with guns and tanks, ships and planes.

LETTERS TO THE EDITOR
Dear Editor:
Life magazine last week, Aug. 17, issue contains an article "Is It True What They Say About Congress" by Roger Butterfield that is interesting and enlightening. It mentions our own John Vorys—the part already played by him and foretells what we can expect of him in the next Congress if returned there. Spend a dime for a copy of the magazine and read it, and
—U Will B Wiser.

Mixed Pickles
2 large heads cauliflower
1 gal. green tomatoes
6 large onions
6 green peppers
6 cucumbers
Separate cauliflower, chop green tomatoes, onions, green peppers, and cucumbers. Mix well and use enamel kettle. Put in first a layer of salt until all ingredients are used, being sure the last layer is salt.
Let stand 24 hours, then squeeze as dry as possible. Make a pickling solution of:
1 pt. vinegar
1 level tsp. each of cloves, cinnamon, allspice and mace
1 lb. sugar
If desired little red peppers may be added
Mix sugar and spices with vinegar, boil 5 minutes and pour over vegetables, stirring well so that vinegar will mix in with them. Allow to stand several hours. Bring pickles to boil and cook ½ hour, then pack into sterilized jars and seal.

COLORFUL BUG
In South America there is an insect called the "railway bug" because it is equipped with both green and red lights. North America can be thankful it does not have him to cause still further traffic hazards — when we have some traffic again.—Washington Evening Star.

How the beauty parlor goes to war: The iron used to go into a single hair dryer is enough for six hand grenades.

An average chair contains enough hardwood to make the stock of a Garand rifle.

There are 80 shots at the enemy in a set of brass curtain fixtures, the metal they contain would produce that many cartridges for a soldier's rifle.

SWEET AND SOUR

Perhaps some of you have been saving sugar to use in making pickles this fall, but with the comparatively small amount of sugar obtainable under rationing, most of us may be faced with a problem when it comes to canning pickles in the good old fashioned way. Of course, one of the most popular sugar substitutes, saccaharine, has been widely used for pickling and can be used again this year.

And, on the other hand, many winter menus are enlivened by sour pickles which do not require sugar in canning. Another possibility is the canning of pickled fruit, of which many of us are fond. In this case, we are lucky because many fruits are already quite sweet and require little sugar for pickling. So, after all, with so many different ways of pickling, we aren't so bad off, are we?

Dill Pickles
50 large firm cucumbers
Mustard seed
Celery seed
Bay leaves
Pickling spice
Dill
5 qt. water
1 C. salt
2 C. vinegar

Wash cucumbers, and pack into 1 or 2 qt. hot sterilized glass jars. To each 1 qt. jar add ½ tsp. mustard seed, ½ tsp. celery seed, 1 bay leaf, ½ tsp. pickling spice, an 1 large piece of dill. Bring the water, salt and vinegar to the boiling point, and fill cucumber-filled jars with this syrup at once. Seal immediately. Can be used after 1 week's standing. Makes 50 pickles.

Mustard Pickles
Wash pickles, pack in cold clean jars. Solution (sufficient for 3 gallons pickles in glass jars):
1 gal. vinegar
1 C. salt
½ lb. dry mustard (worked in paste with little of the vinegar)

Pour over pickles in sterilized jars and seal cold.

Red Apple Pickles
1 C. vinegar
1 C. water
½ C. brown sugar
1 stick cinnamon
6 whole cloves
6 firm red apples, peeled and cut in lengths

Combine all ingredients but the apples. Cook, stirring constantly just long enough to dissolve the sugar. Add the apples and simmer slowly until the fruit is tender. Let stand over night in covered pan. Next morning pack into sterilized jars, add syrup. Process in hot water bath for 20 minutes, or in oven 45 minutes at 250 degrees.

The Hilltop Record

In Its 26th Continuous Year Of Community Service

Vol. XXVI, No. 20 | The Hilltop, Columbus, Ohio, Friday, September 4, 1942 | Total No. 1225

Good Work!

Members of the local Auxiliary Police and Air Raid Wardens are to be congratulated on the fine manner in which they handled the blackout on Monday night.

Army officials and those at the head of the Civilian Defense program have complimented our community for the fine cooperation and the efficiency with which the blackout was handled.

This was merely play. Some day the real thing may come along and its good to know we can take care of ourselves.

Ain't It The Truth

The following bit of verse by O. H. Craft contains more truth than poetry:

The Democrats in new silk hats,
Returned in old array,
Republicans with big brass bands
Proclaimed the Judgment Day.

The platform planks of mushroom stock,
Are toadstools in disguise.
The tarrif skunk and Treaty bunk,
Have made the public wise.

Which shall it be, and be it shall,
I looked at John—he looked at Al,
"It matter not," quoth he to Bill,
"What one can't do, the other will"

Tid Bits From Here and There: George Senft, floor manager of the Hilltop Skating Rink, says the rink was the best place to be during the Monday blackout . . . possibly he has a reason for saying it . . . Giff Markeson was a drop in visitor in the city Monday a. m. . . . he's flying a new route from Chicago to Denver for United Air Lines now . . . hasn't had a day off in two months . . . that goes for me too, Giff . . . Now it's Corporal Russell Moraine and he has been moved from Iceland to some other spot in the war torn world, wants to get the Hilltop Record and he shall have it if Uncle Sam will forward it to him . . . Gene Thipple, West Hi '37, and Bob Mural, West Hi '34, are in a camp adjoining that of Moraine and recently contacted him by phone . . .

Comes a letter from Harry Keys at Danville, Ill., in which he states he noticed our story of a few weeks ago in which we told of the fishing hole Dr. Glennon found at Buckeye Lake that was so cold he had to lift the bait out now and then to warm it to keep it from freezing . . . but says the Mr. Keys, "Tell him next time he goes to take Al Mace with him and start talking about the Japs and I'll wager the water will be boiling in 10 minutes."

Jack Shank will have a birthday Saturday and says he certainly hates to be entering forties! . . . Mr. and Mrs. Charles Crues and family are moving to Dayton on Tuesday . . . Correction: It should have been I. D. instead of D. D. Engle as an air raid warden and the address should have been 44 S. Wheatland-av, in last week's paper . . . Dick Walters, driver for Sherburn's, wishes the blackouts would be held in daytime, says he could see anything at nite . . . All reports have it that a business house on S. Wayne-av, was the one bright spot on the Hilltop during the blackout . . . And then there was the moron who said he would rather live in the city because the country was at war. . .

Hilltop Blackout Big Success

Before

After

The Hilltop was in darkness Monday night when the first trial blackout in this section of Columbus was held. Army officials deemed it as very successful with a few minor violations. Four lights were seen in a beauty parlor shop, school and filling station.

The procedure of the blackout from the yellow flash to the red flash was observed from air raid warden post 11 0 1 was as follows: First the senior warden received the yellow flash at his home which was his signal to call his assistant wardens. When these other men had received their communication they proceeded to their air raid station and waited there for the blue flash while receiving instructions as to the post they were to patrol.

The yellow (alert) flash came at 9:37 p. m.; the blue, at 9:58, the red siren, at 10:10; and the white (all clear) at 10:30 p. m.

Civil Air Patrol planes looked like fireflies blinking their lights overhead. Whenever a light was seen below, pilots in the planes blinked their lights and sent a message to control center telling where a light had been spotted. Control center in return contacted the outlying air raid warden stations who sent messengers (Boy Scouts) to the warden in that district with instructions to get the lights out.

Street lights went out immediately when the siren sounded and just as quickly lights in the homes were turned off or blackened. Even smoking was forbidden for from an airplane a cigarette light would be a guiding light for an enemy plane.

"The people certainly cooperated. The defense workers also did a fine job. One fault was the auxiliary police and air raid wardens were out in the street too much. They might get hit."

Col. H. C. Fellows of the chief control branch of the Fifth Service Command said the blackout in his opinion was "excellent."

Paul R. Gingher, commander of the county defense corps, said the next trial blackout will be county-wide. This will take place sometime in October. Commander Gingher was "very pleased with the blackout."

Benefit Ball Games Set For Sept. 6

Next Sunday, Sept. 6, a gigantic softball program will be staged at the State Hospital field with the entire proceeds going 100% to the Hospital Patients' Industrial and entertainment fund.

At 2 o'clock Shumaker Highway, composed of young college stars, will play Model Dairy All-Stars, which club is made up of some of the best softball artists in Columbus.

At 3, Arcade Market of Painsville, 1942 Ohio Girls' champions, will meet Wilke Meats of Columbus, 1942 runner-up for the state title. At 4, Ferguson State Auditors, 1942 men's champs will cross bats with Rollerland, the team that conquored Fergusons in the district tournament. This should develop into a real grudge battle.

A large committee composed of softball sponsors, managers, captains, etc., are all working hard in an effort to put this job across and show their appreciation to Dr. J. F. Bateman for his splendid cooperation and to assist in this worthwhile work.

In past years the sale of articles made in the industrial department at the hospital and sold at the Ohio State Fair has raised quite a sum to assist in this work but this year with no fair it will prove to be a great handicap.

NITE LEAGUE FINALE

The final games in the Columbus Night Softball League and the Girls' Night League will be played Friday night. Ferguson State Auditors, 1942 Ohio champions, with either Warren Gerber or "Dizzy" Kirkendall on the mound, will play Bobb Chevrolets for the title in the feature game at 9:15. In the opener at 8 o'clock J. & K. Shoes, 1942 district champs, will battle it out with R. Wilke Meats, runner-up to the 1942 state title, for the Girls' Night League cup. These games will be played at the State Hospital field under the floodlights.

Schools Open Tuesday

Tuesday hundreds of Hilltop youngsters will trek back to school for a new term. Elementary schools will open at 9:30 a. m. and the high schools, both junior and senior, will open at 9 a. m.

Books will be issued to students of West High School today and Monday, Sept. 7, from 9 a. m. to 4 p. m. Students unable to appear in person for their books must have someone get them for them. It was also announced that books would not be issued to one person for more than three students.

This year a new study in the high schools will be first aid. Books will be furnished by the Board of Education. All books are furnished by the board except those in which the student writes.

New students going into West Junior have today to register. They should be at the school to do this between the hours of 9 a. m. and 1 p. m. IS ANGLE A LONGER THAN ANGLE B?

You'd say yes, wouldn't you? But it isn't. You can't always believe what you see, and maybe your eyes aren't as good as you think they are. The one way to know is to have them examined by a reliable optometrist. Let us give you an examination, without obligation.

THIS IS THE BLUNT TRUTH ABOUT RUBBER

1. You will not get any more tires while this war lasts.
2. The Japs now have more than 90 percent of the world's rubber plantations.
3. Any artificial rubber that can be made for years to come will be needed for military purposes.
4. Guayule (a rubber shrub) is not the way out. There is not enough guayule seed in the world to increase our crop appreciably.
5. The busses, streetcars, railroads cannot possibly carry all of us if our cars are out of commission.

Does this mean you should put your car up! No!

It DOES mean that you must nurse your tires so that your car will be there for you to use in any emergency for years to come.

Drive only when you absolutely have to. Cut out pleasure driving, double up for shopping, don't ride when you can walk or take a bus. Share your car, if you must drive to work. Learn all the tricks that make your tires last longer.

Can you do it? Man alive, you'd be foolish not to!

For some day you might have to take your child to the hospital—and not have any tires. Some day you might have to move your family in a hurry—or get to the Red Cross or some other war action center in an emergency—and not have any tires.

So if you are wise (as well as patriotic) you'll save the only tires you've got—*or are going to get*—for the crucial years that lie ahead!

DRIVE ONLY WHEN YOU MUST!

HOW TO MAKE YOUR TIRES LAST LONGER

1. Use your car only for essential trips.
2. Check the air pressure in every tire once a week.
3. Drive slowly, never over 40—for high speed causes tire heating and excessive wear.
4. Drive very slowly on hot days and stop occasionally to give your tires a chance to cool.
5. Go around corners slowly. Taking curves fast wears tires faster than anything else.
6. Never slam on your brakes—except to prevent an accident.
7. Have your wheel alignment, front and rear, checked regularly.
8. Shift your tires from wheel to wheel every 5,000 miles to insure uniform wear.
9. Start gently; do not spin your wheels.
10. Do not bump into the curb—no tire will stand such abuse.

The Hilltop Record

In Its 26th Continuous Year Of Community Service

Vol. XXVI, No. 21 | The Hilltop, Columbus, Ohio, Friday, September 11, 1942 | Total No. 1226

Our Doctor Is Our Best Friend

Our Wednesday morning mail contained a contribution by a Hilltop nurse that well expresses our own opinions and contains some very worthwhile advice to local residents in view of the loss of so many Hilltop doctors to the army.

It follows:

A Practical Adage

"Our doctor is our best friend."

This statement can now be put to test. Your doctor has already proven himself in time of need. The chance to prove your appreciation now presents itself.

Scarcity of doctors will not prove tragic with your cooperation. Your doctor will still be answering your needs. He is willing to attend you at all times. Your thoughtfulness in regard to his time is needed.

At all times when possible, consult him at his office. Medical care can be rendered five or six patients at his office as compared with one house call. Consideration on your part in this matter may save a life.

When a house call is necessary, call your doctor as soon as possible when you realize a call is forthcoming. This will give him time to arrange his calls so that this one will be possible.

Emergency and night calls can still be heeded. He only asks that sincere thought be applied to the necessity of the call. Although your doctor seems to endure with little rest, one must admit his rest is of vital importance, scarce as it might be, now more than ever before.

He is having a war of his own waging against time. With your cooperation he can win. Trust in his judgment. He will never fail you in your time of need.

Here in this vicinity, this problem could be serious. Many of your doctors are now in service. Many of you have already experienced the need of medical attention and the problem of securing another doctor. The doctors remaining can attend your needs if you will at all times give them your considerate cooperation.

Bits From Here and There

Our news hawk reports E. B. Graham must have had a good vacation since he starts the new year off with a joke about his school attendence being a military secret . . . And then there is the story about the Hilltop girl who went to church one morning recently for Sunday School services and then it dawned on her that she was slightly early when she found out it was only Thursday . . . Billy West and a boy friend were going to let their hair grow for the duration but it seems the folks about home have changed their minds . . . Curt Roberts and Walter Davis are going squirrel hunting next Monday night and the season opens Tuesday a. m. . . . better watch out boys, those squirrels might make a mistake . . . Church To Have Air Base Day

The Warren Avenue Church of the Nazarene has designated Sunday, Sept. 13, as "Lockbourne Air Base Day," and will be the host to fifty-five soldiers from the Lockbourne Air Base. Members of the church are planning to drive to the base Sunday morning and bring the soldiers to church for the Sunday School and regular church services. A special program has been arranged by the Sunday School.

After the services various members of the church will take these fifty-five soldiers to their homes for a chicken dinner and an afternoon of entertainment.

James E. Mallon, Sunday School superintendent, is in charge of the arrangements. Rev. H. B. Anthony is the pastor.

Cowboys To Meet Newark Next Friday

By Harold Mers

With just one more week until opening of play, the small West High football squad prepared to encounter the perenially tough Newark eleven, on the foe's gridiron next Friday evening at 8 o'clock.

Prospects, according to Coach George Williams, are just about average, "We will be a little faster than last year, but we will also be lighter than we have been for a number of years."

Line-coach R. C. Glass, recently arrived at West High from Eaton High School, opined that "the line will lack veteran material, especially at the tackle positions." The center position also seems to be an open spot with five candidates all trying to make the grade.

E. V. McPherson, also coaching the line, states mournfully that, "the first string is fairly good, but the reserves are negligible. However the fine spirit of this year's squad will help a lot."

From observation, the following would seem to be the best possibilities for the starting positions in next week's opener: ends; Chas. Weidner, Bob Byerly, Charles Hall, Noble Allen; tackles: Ed Beard, Bob Clark, Harry Andrews; guards: Dave Haines, Maurice Embleton, Curtiss Chase, Bob Evans; center: Jim Bell, Sam Estell. Buzz Trabue, Neil Mowrey, Mickey Alban; backs: Rennie Parkey, George Ours, Dick Gilmore, Richard Carter, Ira Blackmore, Ernie Dahlen, Gil Jones.

Others who have also been working with the Cowboys includes: Paul Anderson, Jack Bates, Robert Bates. Bob Battin, Robert Blatz, Dow Cannon, Richard Carey, Virgil Crawford Dave Davies, Jim Green, Dick Gressman, Chas. Hall, Geo. Hopkins, Dick Ison, Don Jeske, Gil Jones, Dick Layne, Robert Minten, Floyd Moon, Jack Moore, Charles McKee, Bob McFadden, Dan McPherson, Dick Painter, Paul Park, Bill Patterson, Lewis Strickland, Gene Shade, Ted Sonner, and Stanley Taylor.

Friday at Fifth and Leonard-ave, while he was on his way home from Curtiss-Wright. The car which was driven by Robert J. Peffers, 19, 258 S. P. Gillilan Train Victim

Last rites were held at 2 p. m., Tuesday in Glenwood Methodist Church for Prescott Gillilan, 75, of 1998 Floral-av, who was killed Saturday afternoon when a fast passenger train struck his car at the Hague-av crossing of the Big Four Railroad.

According to witnesses Gillilan's car stalled on the tracks when he turned to wave to a friend. The train which was running behind schedule out of Cincinnati struck the victim as he attempted to leave the car. Force from the crash hurled the car against the signal post on the south side of the crossing tearing it from the foundation. There was wreckage strewn for more than 200 feet along the right-of-way.

Until recently Gillilan was chairman of the state prohibition party. He was returning to his home from a garden in Hague-av when the accident occurred.

He is survived by his wife, Ella; two daughters, Mrs. John Burr and Miss Frances Gillilan; a son, Howard; four brothers, Homer of Columbus, Gomer of Mt. Vernon, Frank of Chicago, and Edward of Akron.

Interment was in Sunset Cemetery by the Floyd Born Funeral Home.

No Reading Ration Advises Library

There is no ration on reading, so while you are doing your bit toward the war effort by saving gasoline and tires, try some armchair traveling. In these days when the most remote spots on the globe have sprung into prominence, its fine to know something of the character of the people who live there—something of their background and habits of life.

The Hilltop Branch Library, 21 N. Hague-av, has a number of books to help you in such a reading quest.

A most timely book on the lands of Oceania, called, "Westward the Course!" by Paul McGuire, was published after Pearl Harbor, and gives a splendid account of the many of the islands in the Pacific and of the development of western interests in this remote part of the world.

Australia is of course outstanding among these islands. "Introducing Australia" by C. Hartley Grattan, gives the answers to the questions arising about this country "down under."

The name, Dakar, is often in the news. "Dakar Outpost of Two Hemispheres," by Emil Lengyel will furnish full information of French West Africa.

Nearer home, and of vital importance are the colorful countries of South America. "Americas to the South," by John Whitaker is a book designed for the average responsible citizen, who wants to learn what he ought to know about his neighbors to the south.

"The Panama Canal in Peace and War," by Norman Padelford, is a most important book about an extremely important phase of the National defense system of these United States. Everyon should be informed about it.

Other books of timely interest both in non-fiction and fiction are available at the Hilltop Branch Library.

Winter hours beginning Sept. 14, are daily 1 p. m. to 9 p. m. Saturday, 9 a. m. to 9 p. m.

Dr. DeVol, Back From Conquered Shanghai, Says Japs Were Courteous, Red Cross Generous, Food Short

"The trip home was made in rough weather but we had nothing to complain about, we were all too glad to get home," was the remark Dr. William E. DeVol made on his return trip from Shanghai, China, where he had been for 18 days waiting for a boat home.

Dr. DeVol had been in Nanking for two years until the Japanese took over the city. They took over the hospital where he was working on Feb. 12.

"They were most courteous to us in the hospital, truthfully."

Dr. DeVol was doing medical missionary work in the University Hospital in Nanking. Most hospitals were closed after Dec. 8.

The Chinese people are not as skeptical about medicine as they used to be, according to the doctor. After the other hospitals were closed Dr. DeVol said he had as many as five and six major operations a day because the Chinese would flock in for needed medical care.

"You can't say enough for the American Red Cross and the work it is doing where it is so badly needed. We used supplies furnished by them and ate cracked wheat which they sent to us."

The menu in China was rice and cracked wheat, three times a day.

"But I didn't seem to lose any weight on that diet," he laughed.

Of China itself Dr. DeVol said: 'It's a land of tremendous need and opportunity. The need for medical attention is appalling but they do respond very well to treatment."

Dr. DeVol expressed his regret that he could not tell more about the affairs in the far east that would be so interesting at this time but he explained that his brother, Charles, is still there. He is teaching botany in Aurora University.

The reason he didn't get to leave, Dr. DeVol explained, was because the Americans in the interior of China were evacuated first. His brother happened to be near a port and was left.

"You can tell the Hilltop people that know Charles he is well and quite safe," commented Dr. DeVol. "I can't say more because people have no idea how rapidly news travels back to the old world."

Dr. DeVol mentioned that Hilltop people would be glad to know that he saw two well known Hilltop missionaries over there, Elsie and Charles Mattie.

As soon as he learned he was one of the very fortunate people to be on the list of repatriates Dr. DeVol left at once for Shanghai where he boarded the steamship Conte Verde. He went via this boat to Lorenza Marqus, which is on the east coast of Africa, where the Americans were exchanged for Japanese.

"Our boat to Africa, the Conte Verde, was an Italian ship and had white crosses on it so they wouldn't fire on us."

In Africa he boarded the Gripsholm on which he sailed to New York.

"The Gripsholm, a Swedish and neutral ship, was lit up like a Christmas tree so there would be no accident," he said.

The entire trip covered 19,000 miles and the equator was crossed several times.

"You can tell everyone for me that I have been all over the world but no place looked as good to me as the Hilltop."

"My wife met me in New York at the boat and I was very thrilled. Then I came home and saw my daughters, Patricia and Priscilla, whom I haven't seen for two years. I was breathless at seeing them. I'm just dumb when it comes to expressing my feeling about the meeting," Dr. DeVol stammered. His daughters are five years old.

Dr. DeVol spent a few days the first part of the week with friends on the Hilltop and left Tuesday evening for Morengo, O., where his family is making their home.

"I believe I'll stay home for awhile now and I'm mighty glad to be here," was Dr. DeVol's last statement because he was in a hurry to finish his dinner and start that longest trip to home.

While elementary and junior high schools showed some increase in attendance over last year, West High School showed a decided decrease. This is attributed to the war conditions and so many students being employed, it was announced.

Enrollment for West High School, Wednesday, was 1167 while last year it was 1261. West Junior High School had a figure of 1166 against 1171 of last year while Starling Junior High School had an enrollment of 1106 this year and 1089 last year.

Stores Close Wednesday Afternoons

Hilltop merchants, independent and chain stores, will continue closing on Wednesday afternoons until further notice, it was announced this week.

Only exception reported by the Hilltop Business Men's Association is that of the drug stores. They will be open on Wednesday afternoons until summer.

There will be no Wednesday grocery deliveries and the same schedule will be followed that has been followed during the summer. Stores will remain open on Wednesdays in weeks in which there is a holiday.

This continued operation of the Wednesday closing schedule will allow stores to meet with government requirements regarding reduced delivery service and conservation of manpower.

"OUR YOUNG MEN HAD TO PAY"

If we labor at home we help the Nation
Not expecting fame nor applause,
Doing our best in our humble station
Sacrificing for our country's cause.
Regardless of price peace will be restored
And freedom more precious than life,
We can endure what our Fathers endured
For Country, Home, Children and Wife.

Our young men are paying an awful price
We should be ashamed to complain,
Giving their blood, the supreme sacrifice
Among Heathens, Heat, Bullets and Rain
After they come back and we try to atone
The implements of war hid away,
Enscrolled those words on marble and stone
"Our Young Men Had To Pay."

WHICH CIRCLE IS LARGER?
Wrong again! They're the same size. Your eyes are such tricky things that it doesn't pay to guess whether they're all right or not. And it doesn't cost you anything to have an eye examination by a skilled optometrist. Then you KNOW whether or not you need glasses. Come in tomorrow.

Dupler Piloted Team Finishes Successful Sked.

Dave Dupler, manager of the Chubby Distelhorst's Market Baseball Club, formerly known as the Sullivant A. C., of the Heart of Ohio League, this week expressed his thanks and those of his teammates to Mr. Distelhorst for his fine gesture and contribution in sponsoring the club.

Dupler is a well known baseballer and a peppery manager. This ball club under his leadership has the distinctive record of winning 25 games and losing but five this season. This includes a 1 to 0 decision against the strong Allen Milks and a 2 to 0, 14 inning contest against the Grandview Merchants.

Incidentally, Grandview Merchants finished third in the state of Ohio tournament of amateur ball clubs just recently finished at Lancaster.

Dupler led his teammates in batting last year with a healthy .407 mark. Although 39 years old he is still able to produce what it takes.

He lives at 222 Midland-av, and hopes to pilot another ball club next year under the sponsorship of Chubby Distelhorst.

They play the strong Linden A. C. Club on Sept. 13, at Westgate Park at 2 p. m.

This Is A Way To Conserve Tires

With all the effort behind the movement to conserve tires one very important detail is being overlooked.

Up and down the alleys all over the city there is a rank indifference on the part of the public as to where they place their trash and rubbish in the alleys.

In many instances it is allowed to overflow out into the alleys where it does severe damage to tires.

With the cruisers instructed to sweep glass from the city streets it appears time that some steps be taken to see that the alleys are kept clean too.

One hundred pounds of keys is equal to a ton of other scrap metal.

Our navy needs 12 million pounds of nickel-silver which will be used by them in producing navigation precision instruments and in making big gun sights. Nickel-silver is found in keys of the flat Yale and Corbin types and in all other types of keys.

For the reason that it is such a valuable type of scrap and its need is so critical the War production Board has charged the Paper Industries of the United States and the paper merchants and their men who make up the personnel of this organization with the job of collecting as a separate salvage campaign the billions of keys necessary to produce this 12 million pounds of nickel-silver.

To facilitate the collection of these keys, large red, white and blue barrels, stencilled "Key Kollection Kampaign," are located in drug, grocery and miscellaneous type stores.

Everyone has an assortment of keys that are either broken or are misfits and if everyone turns in their keys we may promptly meet the navy's great need for this vital metal.

This collection effort has the wholehearted approval of the War Production Board and all expenses incurred in the local campaign are being met by the Paper Industries of Columbus.

West To Meet Marion

By Harlod Mers

An injury-riddled West football squad will take the field this evening at Marion to oppose the Marion Harding Presidents. The game will start at eight o'clock.

With about a third of the Westerners sustaining some sort of breaks or bruises, and a small and not too speedy team to start with, the Cowboys will definitely be the underdogs in tonight's battle with the Marionmen.

Ira Blackwell and Rennie Parkey, first and second string backs will be out of the line-up, Bob Bates and Gil Jones will be benched due to injuries, and George Ours will see little service. Trying to fill up the holes in the backfield, Coach Williams has moved Bill Richards from end to half back and Ed Collins or Ernie Dahlen will probably start the game in the blocking back spot.

Richard Carter and Dick Gilmore, weighing 131 and 127 pounds respectively, are slated to fill the full back and right half positions.

Ed Beard, guard, has been shifted to tackle to replace Bob Clark, who is also injured. The left guard position is still a toss-up between Maurice Embleton and Virgil Crawford. Jack Underman is expected to see service at one of the end spots.

Newark Defeats West, 33-0

Playing against a markedly superior Newark Wildcat team, the West Cowboys were held scoreless by a heavier, faster charging line.

The light line of the Cowboys had little chance to stop the big ends and backs as the Newark machine rolled up a net total of 437 yards by rushing, to make the final score 33 to 0.

Ira Blackwell, West back, ran strongly but without interference failed to make any impressive gains. He intercepted two Newark passes and Richard Carter grabbed one of the Wildcat's heaves. Dick Gilmore, left half, did some nice punting for the Cowboys.

New Owners

Mr. and Mrs. W. McCleaster, 482 S. Huron-av, are the new owners of the Westgate Grocery, corner of Sullivant and Huron-avs. There will be clean, fresh stock in the store at all times, according to the new proprietors.

To Have Stage Show At Benefit Party

Members of the committee in charge of the big Hilltop Hallowe'en Benefit Party for Army-Navy relief, to be held at West High School on Oct. 31, decided to go one better this week and give the public a full evening of entertainment in the form of a stage show on the West High stage as well as a dance in the school gymnasium.

Indications were that the evening would provide one rollicking good time for all who care to participate.

Admission will be 50c per person with the entire proceeds to go to the Army-Navy relief. One ticket will admit a person to the stage show at 8:15 and also to the dance anytime thereafter. The stage show will last approximately one and one half hours and the dance will run from about 9:30 to 12.

Persons interested in contributing their talents to the stage show production are requested to call C. Carlton Hartley at the Hilltop Record office, Ra. 1125. Talent will be selected on the basis of merit and variety.

The general committee is headed by John Riepenhoff with Mary Bentz as secretary. In charge of the dance are Tom Lewis and L. E. Saunders. The show will be in charge of C. C. Hartley and Ray Hauntz.

Curtis Wilcox will have charge of publicity. Tickets will be handled by Curtis Roberts and Edgar Planck. The arrangements committee consists of Dr. E. E. McNamee and Harriett Huff.

The entire program will be sponsored by the Hilltop Business Men's Association in cooperation with the Camp Chase Post American Legion and local Civilian Defense Corps.

What Can I Do?

These Men Solve Problem For Themselves And Hope To Help Others

"What Can I Do?"

This is a question so frequently asked by people who are not already connected with the war effort.

That was just the thing that happened in the case of H. A. Crossman, 337 S. Eureka-av, and Ed. Batson, 309 S. Eureka-av.

Mr. Crossman is 73 and Mr. Batson is 71. They wondered what they could do to help.

So upon interviewing Major Branson at Civilian Defense Headquarters they solved the problem and in so doing hope to be able to solve the problem for a lot of Hilltoppers.

The United States office of Civilian Defense has issued a small booklet entitled "What Can I Do", listing many opportunities for the butcher, the baker, the candlestick-maker and all the home folks to participate in the war effort.

Mr. Crossman and Mr. Batson are going to start Monday morning making a house to house call on the Hilltop delivering these booklets and asking families to read them thoroughly.

If you are not already involved in the war effort here is your opportunity to determine what you can do.

Mrs. Webb's "Window By The Sea" Off Record Press This Week

The Hilltop Record is justly proud of a volume of poetry published this week. The book was written by Tessa Sweazy Webb and is titled "Window By The Sea."

Mrs. Webb has dedicated her book to the memory of Osman C. Hooper, for many years Professor of Journalism at Ohio State University and Literary Editor of The Columbus Sunday Dispatch. The book carries a foreword by Dr. Harlan Hatcher, Professor of English at Ohio State University, eminent author and lecturer, whose latest book is "Buckeye Country."

Tessa Sweazy Webb needs no introduction to poets and poetry-lovers as she is the founder of Ohio Poetry Day, founder and editor for thirteen years of "Voices and Echoes," a verse column in The Columbus Sunday Dispatch, and editor of The "Singing Quill, a magazine of verse which is published by The Record.

Quoting in part from Dr. Hatcher's splendid foreword: "Here in this collection of sixty poems is a perception and a voice recreating the world anew. The poetry of Tessa Sweazy Webb is already well known and highly esteemed. It has been read at home and abroad, not only in the pages of nearly two score poetry magazines but in her published books, Life's Titled Cup and Sittings in Sentiment. Though a

Mrs. Webb

period of years has elapsed (too long a period) since her last book, Mrs. Webb has not been idle. Poetry grows, or springs up, in its own wayward fashion. It cannot be forced or hastened. And poets betimes must live and make their way . . . We pay grateful tribute to the mature work of a poet whose name is known and spoken of with high respect wherever readers and lovers of current poetry are gathered together."

Copies of "Window By The Sea" may be obtained by writing to Mrs. Webb, 251 W. Eighth-av. The price is $1.50.

Cox died in China and since his death Mrs. Cox has continued her work in that country. Mrs. Cox has had considerable experience with Japanese bombings, and had to leave her station by airplane.

Hilltop Scrap Drive Will Be Continued

According to reports from Robert Draper chairman of the Hilltop scrap drive the showing in this end of town has been very good.

"People shouldn't get over anxious because we are having a little trouble in getting the trucks around fast enough," Draper said.

It was asked that everything that could possibly be moved by the individual be taken to the scrap depot which is the filling station nearest to your house.

First Hilltop families to contribute to the drive which began Monday were the Wolfes at 361 S. Harris-av, and the Shields at 489 Catherine-st, each of whom donated a stove.

A man came into a local filling station this week with a generous contribution. He said he has served in the Philippines in 1902 and 1912 and he knows what "those rats are."

"I know this scrap will come in handy sometime at least its good to scrap and kick the Jap," he said in a note attached to his scrap.

Common among the articles found in the scrap piles in filling stations over the Hilltop are hot water boilers, lawn mowers, beds and old wash tubs.

Persons having items too large to convey to a salvage depot are asked to call Draper at Ra. 6203 and arrangements will be made to cart the material away.

The drive will continue for two more weeks and every citizen is urged to check in his attic, kitchen and basement for scrap metal. It is badly needed and is the least we can do to back the fellows firing the guns.

Hilltop Ladies Make 300 Bandages A Day To Assist In Red Cross Work

By Jean Young

Deft hands were busy folding Red Cross bandages this week in Room 1 of West Broad Street School. At the end of a day's work which begins at 9:30 in the morning and lasts until 3:30 in the afternoon, there was a neat pile of 300 bandages to be shown as the finished product.

"We have no quota for a day's work," explained Mrs. Carl Wisker, 246 S. Warren av, "our job is to do as many as possible."

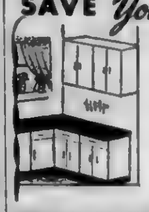
The work is not done in a rushing manner but in a sure handed way because each dressing must be right the first time. There is no such thing as doing them over.

Each lady wears a white cloth over her head to prevent hairs from falling into the bandage she is making. Other regulations are: no nail polish and no jewelry with sets. These are merely precautionary measures. Foreign matter in a bandage may mean an infected wound. Each lady must either wear a nurses uniform or a wash dress which she puts on when she gets to the room.

On an inspection tour of the room Tuesday, we saw an elderly lady industriously folding her share of the bandages and who scarcely looked up when spoken to. It was Mrs. J. S. Seager, 638 S. Wayne-av, who was so enveloped in her work for the "boys over there." We were informed that when the other ladies working for the Red Cross left for their lunches Tuesday Mrs. Seager worked right on. Now and then during the day's work the ladies were encouraged to walk around the room and stretch, but not Mrs. Seager, she felt that her time was better spent in working right on.

"I'm so comfortable here that I'm just too lazy to get up I guess," she said in her modest manner.

We walked away and Mrs. Seager's head dropped down and she was once again wrapped in her work of folding bandages.



Mrs. Wisker's co-chairman on the project is Mr. Floyd F. Green.

The following people helped get the work under way: the school board, Miss Matilda Stewart, janitors at West Broad Street School, Hoge Memorial Church, Hilltop Van and Storage, Hilltop Business Men's Association, Robert Zellers, Mrs. Paul Benton, Fred Gurley and Carl Wisker.

Don't Scrap Your Old Stoves

Don't scrap your old heating or cooking stoves, IF at any time in the near future, or the duration, you will need to purchase a stove of any type. In order for any merchant to sell any type of stove he must request his customer to turn in a stove. The stove may be broken up and ready for scrap. The merchant then in turn will be able to sell you a new stove, and turn in the old for scrap. This proceedure is according to government regulations and your merchant cannot sell any person a stove who does not comply with them.

HITLER AND SATAN

I dreamed Hitler was using the telephone
With old Satan on the sly.
It seems he was in his hotel room alone
Was feeling too bad to fly.
Hitler says, Mr. Satan, I wish you'd fix up
My room with plenty of wood and coal
I have got myself in a desperate mixup
And I think I have lost my soul.

Put in some papers, a few old magazines
Ones that you could not sell,
Uncle Sam's soldiers and fighting marines
Are making me sicker than—Well—
I am sick and sad and I want your advice
A frown came over old Satan's face,
Say Hitler, I wouldn't have you at any price
Call up some other hot place.

Wheeler Windsock Arrives Regularly In Hilltop Home

When the mailman leaves the "Wheeler Windsock" at 260 N. Ogden-av, it's pages are perhaps more carefully read and scanned than any Columbus daily for the paper is printed by the air men at Wheeler Field, Hawaii, the vicinity in which E. H. Epperson's son is stationed.

"Sometimes, although, the home address of the boy isn't mentioned, his name and state are often in the paper. I always look for Willia...'s name," said Epperson.

Whenever he sees the name of a boy he knows lived in Columbus, Epperson phones the boy's parents and tells them.

The paper is published bimonthly and is believed to be the only printed paper issued by an air force group overseas, according to Epperson. It is tabloid and the mast head is made up of a sketching showing a thatched hut with palm trees and a giant U. S. bomber in the center. The paper is sold for five cents a copy. On the front page is an editor's column with comments and congratulations to men of the field and nearby who have performed feats in this present conflict. The paper is so complete that it can boast of a comic strip. Air fighters in this camp have dubbed themselves the "Sunsetters."

There is a section in the paper devoted to outlying air fields in the Hawaiian sector whose correspondents send in interesting items for the issues.

Young Epperson who is a private enlisted in the service Jan. 1 and left Jan. 7 for training at Jefferson Barracks, Mo. From there he went to California for more training after which he on to his present location. His parents haven't seen him since he left Jan. 7.

Any pots and pans today? Anthony Marino, five, used the hawkers' technique as he roamed the streets of New York collecting pots and pans in the drive for this vital war metal. Tony takes his job seriously for he knows that 7,700 of these pots and pans will provide enough scrap aluminum to build an American pursuit plane for our fighting men. You, too, can take part in this war job by rounding up your old junk—scrap metal, rubber, rags, manila rope, burlap . . .

How To Mail Soldiers Their Christmas Gifts

Although they will not be at home to open their gifts with members of their families, men in the armed forces will receive Christmas packages if friends and relatives follow the instructions released by the postal department.

Important in the sending of such packages is that they be mailed as early as possible after Oct. 1, and not later than Nov. 1. To aid in the transporting problem, the post office department and the war and navy departments have requested the public to voluntarily restrict the size of Christmas parcels to that of an ordinary shoe box and the weight to six pounds.

However, the parcels can be 11 pounds in weight or 18 inches in length or 42 inches in length and girth combined, but it was pointed out that there is an urgent need for shipping space.

Other instructions included: The packages should be packed in substantial boxes or containers and be covered with wrappers of sufficient strength not only to resist pressure of other mail in the same sack, but to withstand the weight of other stacks of mail; no perishable matter and the following articles will be prohibited: intoxicants, inflammable materials and poison.

Toilet kits, watches, pipes, wallets, pens and photographs make good presents. Because they must be handled frequently, gifts should be packed in substantial boxes or containers, covered with strong wrappers. Don't seal parcels, but tie to secure them so they can be readily opened for censoring.

Several important "don'ts" are included in the regulations governing mailing of holiday gifts:

Don't send food. Don't send electrical appliances. Don't send clothing unless a certain item is specifically requested. Don't send any packages weighing over six pounds or bigger than an ordinary shoe box.

Relatives and friends are warned to address packages completely and distinctly, but post office officials said such inscriptions as "Merry Chistmas," "Please Do Not Open Until Chritmas," and "Happy New Year," and "With Best Wishes" and other such greetings may be placed on the covering of the parcel in such a manner as not to interfere with the address.

In addressing, include the name and address of sender, the name, rank or rating of the addressee and the naval unit or ship to which he is attached. Never include the location of the ship, if it is known to you.

Only two postoffice addresses should be used: Care of postmaster, New York, or care of postmaster, San Francisco, depending on which is nearer to the addressee.

Postage should be full prepaid, books at the rate of three cents a pound.

All money gifts should be sent through use of money orders, as there are local prohibitions against importing of U. S. money in many places abroad.

Game Room Raided

Ten Negroes, nine men and a woman, were arraigned in Municipal Court Tuesday following a raid on a room at the rear of a shoe shine parlor at 2284 Sullivant-av, where gambling and black-jack games were being held. Mrs. Jessie Rose, 357 S. Wheatland-av, was charged with promoting the game. She pleaded not guilty and was released on $200 bond pending trial.

Library Has Books Helpful In Preparing Foods

There are many books at the Hilltop Library telling in an interesting and helpful way how the right foods promote good health and how careful planning is a means of economy and thrift.

"Food Nutrition and Health" by McCollum and Becker, gives in non-technical language the common fallacies about diet, pointing out also what can and what cannot be accomplished by a prescribed course of food.

"America's Nutrition Primer" by Sense is a safe guide for the woman in the home who selects, combines and prepares the daily menus for the family and who does not have time to study nutrition scientifically.

"Vitamins and Minerals For Everyone" by Pattee, explains in what foods to find these elements and what they do for us.

In the book, "Feeding The Family" by Rose, is a list of food plans and dietaries for people of different ages, weights, occupations and stages of health.

Other books such as these are available.

"Essentials of Nutrition," Sherman and Lanford; "Sweets Without Sugar," White; "Vegetable Cook Book," Brown; "Food and Health," Callow; "Young Food," Hilles; "Cheese Cookery," Ripperger; "Foods of Our Forefathers," Thomas; "Entertaining Is Fun," Draper; "Sunset's Host and Hostess Book," Muhs.

A collection of interesting pamphlets may be found helpful, among them are the following: "Tips on Thrifty Meals"; "Lost Cost Food for Health"; "Better Buymanship for Meat"; "Dairy Products;" "Poultry, Eggs and Fish"; "Fresh Fruits and Vegetables"; "Quantity Recipes for Cafeterias, Church and Club Suppers"; "Ways To Cook Lamb, Beef, Pork, Rice," and "Uses of Nuts and Honey."

Ensign Edward Nicklaus and Mrs. Nicklaus, the former Mary Randall, were week-end guests of Judge and Mrs. Cecil J. Randall, 1989 W. Broad-st, and Mrs. Russell Tinkerton, 91 Algonquin-av. Ensign Nicklaus is enroute to Hanover, N. H. for his training period at Dartmouth College.

Heart of Ohio Hiking Club will attend the organ recital at the Wagnall's Memorial in Lithopolis Sunday, with Esther Boehm as hikemistress, and will spend the afternoon at the home of the Smith sisters in Canal Winchester where they will serve cider and apples to the group. Hikers are to carry light evening meal.

MODERN POETRY

Edited by Esther Weakley

DOGGEREL

A little doggerel now and then
Is relished by the best of men;
For poetry I often find
Is quite confusing to the mind.

BRIDGES

Along life's winding roadway
From morn to setting sun
We're always building bridges
Until our course is run.

They span the storm-washed gullies
By sorrow oftimes worn,
Or ridged and roughened roadways
That sin and hate have torn.

Our bridges must be sturdy.
Life's road has no recall,
So build a shining highway
That others may not fall.
—Verda R. Barr,
in The Posey Book.

TRUE TRIBUTE

Do not bewail hypocricy;
Rather rejoice, that Evil pays
Her tribute thus unwittingly,
To Righteousness pure ways.

WHAT PRICE TOIL?

She fills her day with toiling,
Her mind with petty cares,
Fearing a blemish may be seen
On tables, floors or chairs.

But Lord, keep my day busy,
With heaven as my goal
And careful, lest there may be seen
A blemish on my soul.
—Laufa M. Lockwood,

TO A MOTHER

She will walk a shining way,
No matter what life brings.
Each of us walks a rainbow trail,

A pathway paved with roses.

TODAY AND TOMORROW

I'll eat when I'm hungry,
Drink when I'm dry,
For today I am living,
Lest tomorrow I should die

If things go wrong,
And the day looks blue,
I will cast my anchor,
And ride things through.

When things are serene
I will hustle along
And finish my day,
With a gladsome song.

There is a rhythm in life
That cannot be denied,
With my fragile bark
I'll ride with the tide.

For as today I live
Without promise of more,
At the close of the day
I'll add up the score.

Tomorrow, yes maybe,
Great things are in store,
Yet today I am living
In tomorrow's hope for more.
—O. H. Craft.

Metal scrape to lick the Japs. These hot water heaters—when they are converted into guns and bullets—ought to make it warm for the Japs. And converted they will be to meet the critical shortage of scrap metals which is now already forcing some steel furnaces to shut down. The hot water heaters shown, by the way, are only a few of the 200,000 collected during the past year by Julius Weinstein (atop the pile) in a recent Los Angeles salvage campaign. You, too, can contribute to the war effort by turning in your junk. Sell it to a junk dealer . . . give it to a charity . . . take it yourself to the nearest collection point or consult your local Salvage Committee. If you live on a farm and have as yet no method of disposing of scrap, phone or write your County War Board or consult your farm implement dealer.

PATROLMAN DISMISSED

Patrolman Paul Knight, 32, 180 N. Hague-av, was dismissed from the Police Department last week after three years of service with the department. He was charged with "conduct unbecoming an officer," it was stated.

Ohio State Squad To Play Ft. Knox

The lightest and fastest football squad Ohio State University has had in more than a decade will pry the lid off its 1942 football schedule Saturday when the team meets the burly Fort Knox Army eleven at the stadium.

From Saturday until late in November, the Buckeyes will be in the limelight of the nation's gridiron pastime, tackling two intersectional rivals, another service eleven, and six Western Conference teams. The 10 game schedule is the stiffest ever set up for the Scarlet and Gray, Head Coach Paul Brown stated, with seven of the games to be played on the home field.

Nearly half of Coach Brown's 1942 squad of 43 men are sophomores and it is on these first year varsity men the former Massillon wizard will rely most for replacements. Eleven members of the squad were letter winners last

Breaking a precedent of many years standing, all seven games in Columbus this year will start at 2:30 p. m. instead of 3 p. m. Non-commissioned service men in uniform will be admitted free, according to Henry D. Taylor, director of ticket sales. Student books will go on sale at the stadium today.

PURSE STOLEN

Mrs. Willard Merry, 46 S[illegible]rris-av, was awakened from her sleep Thursday night by a noise in her house and discovered her purse had been stolen, according to police reports.

STRIKES

They've closed my station for the duration;
I may be a jockey on the race track,
It's tough to eat snow around twenty below
Waiting for the boys to come back.
I may have to unpack my old black war sack;
I've a gun that's stood many knocks,
Throws lead but the year; then I shift gear
And the rest of the year it throws rocks.
It will be fun to watch the Hun run
I'm longing for the bugle call.
I cannot abuse it and if I have to use it
They won't see their Mother this fall.
I have nothing to sell in my empty hotel
So there isn't any use to advertise,
I'll discard my rhyme for the present time
And watch for Japs in the skies,
Poetry's hard to subdue and I'll write a few,
Gradually slow down like I heard a man say
When his team ran away with a load of new hay
And began to bog down in the miry clay.

Scouts Hold Annual Regional Meeting

Many North Side Boy Scouts will attend the annual regional meeting of the Scouts Friday and Saturday, when regional executives from Ohio, Kentucky, West Virginia, Tennessee and Virginia meet at the Deshler-Wallick Hotel.

Saturday's program will feature the presence of four King's Scouts from Great Britain. These boys, comparable to our Eagle Scouts, are known as "Blitz Scouts," because of their outstanding services during air raids over their own communities. The King's Scouts will be welcomed by Mayor Green at the Union station, and at 9:15 a. m. will be presented to North Side Boy Scouts at a downtown theatre. Following a luncheon with Governor Bricker, the King's Scouts will witness the football game at the Ohio stadium. Since the Boy Scout organization is a Community Fund agency, it will be included in the coming War Chest campaign.

BACK IN U. S.

Russell Moraine, son of Mr. and Mrs. R. E. Moraine, Arlington, a graduate of West High, has arrived in the United States after serving in the army in Iceland for many months. He arrived by a bomber in Maine Wednesday morning and called his parents. He left immediately for another point in the United States.

The Spectator

By C. C. Hartley

Here and There: The Mechems have moved to Athens where Mr. Mechem will be interested in the shoe business again. They will maintain their store on the Hilltop . . . George Matson received a grade of 99 in his Red Cross test and was high man at the court house . . . Ira Blackwell drew Dr. Reighley's name in the bond drawing at West Tuesday and we have it he is to receive a free dinner on the principal . . . Our apologies to Esther Weakley for not adding a by-line to that story last week on "Windows By The Sea." It was an oversight . . . Melba Powell is visiting on the Hilltop after an absence in California for two years. Says air raid drills are common stuff out her way . . . W. W. Barlow has joined the navy . . . Monday is the last day to register in order to be eligible to vote at the November election.

If you are interested in assisting—in the share the ride program call us and we will arrange for a windshield sign.

Forget-Me-Nots On Sale Here

Again the local chapter of the Disabled Americans of World War I makes its annual Forget-Me-Not plea to civic minded citizens with the hope that they will generously respond with contributions in exchange for one of these flowers, in order that this organization may continue its service to those who were disabled as a direct result of their service during World War I.

Local men on the sponsoring committee are Floyd F. Green, Ray G. Mauntz and Clarence Ogborn.

The flowers will be on sale on the Hilltop this Friday and Saturday.

William Hill Dies In Fall At Home

A fractured skull sustained when he fell from the second to the first floor at his home Saturday resulted in instant death for William A. Hill, age 50, of 816 Terrace-av.

Hill had been employed at the Columbus office of the American Telephone and Telegraph Co. for the past 10 years. He came to Columbus from Tipp City, O., and had worked at the company for more than 24 years.

He leaves his wife, Mrs. Isabel Hill; a son, William Hill Jr.; a sister, Miss Pauline Hill of Nashville, Tenn., and his mother, Mrs. Alice Hill, also of Nashville.

Services were held Tuesday morning at Spears Funeral Home followed by burial in Sunset Cemetery.

Radio Operators Needed By OCD

Paul R. Gingher, commander of the Citizens Defense Corps of Franklin County, calls attention to the need for radio operators, either men or women, and for additional equipment for the "War Emergency Radio Service."

Amateur and commercial radio operators, or other persons, who can and will build receivers and transmitters, are urged to volunteer for this important service. American citizenship and residence in Franklin County are required. Applications, including name, address and telephone number, should be forwarded to "War Emergency Radio Service," 408 City Hall Building, Columbus.

Daugherty and Paul Marxlauf, both Hilltop residents, and his parents, Mr. and Mrs. A. A. Simmons, Johnstown, O., formerly of the Hilltop. The couple also visited Mrs. Simmons' parents, Mr. and Mrs. Atkinson, Sandusky, O.

Would You Be Willing To Pay To

Subscribe To The Record?

This is a message directed to all who read The Hilltop Record.

We are interested in learning just how much the Record means to you and want an expression from you.

Every week our problems are becoming more and more acute and we must definitely face certain unpleasant situations and do something about them. We have reference to the ever increasing costs of production of a community newspaper and the difficulties we are encountering in the proper distribution of it.

We have given the matter careful consideration and have concluded we have one of two alternatives to follow.

1. We must reduce our costs by reducing the size and quality of our paper, or
2. We must start charging a subscription price for the paper.

If we choose the first course it will mean that we will probably eliminate over half the news from churches, schools, lodges and various organizations, will accept news copy from all groups and individuals only under the provision that we will not guarantee its publication.

If the public feels the Hilltop should maintain a full sized and complete community newspaper, giving ample space to all their news and notices as well as features pertaining to the community, and are willing to pay for the paper at the rate of approximately $1.50 per year in advance or by the month at 15c, we will choose the second course.

As the war progresses our problems are going to become more difficult. Every week we are experiencing greater difficulty in the proper distribution of the paper. This is due to the great turnover of carriers. Under the circumstances we are doing the best we can and feel no further obligation to deliver a paper to your home if you are missed. If you are a paid subscriber it will be our obligation to see that a paper is delivered to your home if you are missed, and we will then be able to provide a different type of distribution to make such delivery possible.

Some time ago we were forced to discontinue use of photos and cuts unless individuals paid for them. We would like to have sufficient revenue from circulation to make it possible to use plenty of local photographs, as well as increase rather than reduce the size of our paper and give increased attention to all Hilltop affairs. To do this, to give you the kind of first class community paper the Hilltop deserves, would cost us far beyond what we are able to provide at present and in the coming months with advertising revenue at a new low and going lower.

We are about to lose two valuable employees to the service. It is essential that we determine at once what our course will be.

Your expression will be helpful. A letter or a phone call, voicing your sentiments will be greatly appreciated. Do this for us right now.

Jim Cooper Is Named War Bond Champion For Aug.

A specially designed silver medal and a $25 War Bond will be awarded to Jim Cooper, 135 Binns-blvd, at a dinner to be held Wednesday, Oct. 7, at the Westfield Inn, Leroy, Ohio, honoring his selection as War Bond champion for Region 5 of Ohio for August.

Mr. Cooper had previously been chosen as the War Bond champion of the month for Franklin County, which, together with Champaign, Clark, Delaware, Fairfield, Licking, Madison, and Union, comprise Region 5.

In addition to Mr. Cooper, eight other regional War Bond champions have been invited to attend the dinner to receive the awards provided by the Standard Oil Company of Ohio to promote the sale of War Bonds in Ohio. Presentations will be made by John Coleman, Standard Oil division manager at Mansfield.

Mr. Cooper, according to Roy D. Moore, state administrator, has sold $150,000 worth of War Bonds since Aug. 16. He is a news broadcaster at Station WBNS, and after his work at the studio calls upon families, within a radius of 25 miles, who have offered to buy bonds of $100 or more and delivers the bonds in person. His effort is entirely on a voluntary basis.

Junior American Commandos In Drive To Collect Old Scrap and Keys

The Junior American Commandos are on the prowl, searching out every bit of possible scrap in attics, cellars, garages, back yards and junk heaps to add to their collection for the war effort.

At the present time five groups on the Hilltop have already been formed and are active or are in the organization stage.

Columbus Post No. 1 has already collected a large pile of scrap. This group is captained by Miss Rose Mary Howard, 346 Guernsey-av, and covers the territory from Hague-av west, and from Broad-st south.

Post No. 5 is getting organized at Rome and will cover this community. The captain has not as yet been selected.

Three other posts on the Hilltop are about ready to get into action but no announcement can be made relative to them because one of the rules of the organization is that no adult can have his or her name used in connection with its work but publicity can be given only to the Junior American Commandos themselves, although an adult adviser stands behind the children and aids and assists them at all times.

Other groups will be formed as quickly as possible and anyone interested in children, who has enough time free during the day to work with the children, is asked to sponsor a post and act as adviser.

Information about it can be secured by calling any captain who will tell how to contact the advisory board. Those interested before the list of captains is made public are asked to call Rose Mary Howard, Ra. 0774, and she will give the desired information.

This organization is formed for the purpose of aiding in every way that a child could be expected to aid in the war effort, and the first task assigned them is to collect scrap and old keys, the older children on scrap collection and the younger ones on the key collection.

Continue Scrap Drive

The Hilltop scrap drive entered its second week Monday with generous contributions from many people and firms. Robert Draper, chairman of the drive on the West Side, said he "presumed" the drive would run another week, making it a three weeks campaign for old scrap metals to be made into ammunition and equipment for the fighting forces.

People donating scrap are being urged again this week to take all movable scrap to depots at the nearest filling stations. Draper suggested that those who couldn't move the scrap themselves might ask their neighbor for assistance. If it is still impossible for the scrap to be carted away arrangements for having it moved will be made upon calling Draper at Ra. 6203.

H. G. Deems, secretary of the First Federal Savings and Loan Association, announced this week that he was giving the old sign from the Hilltop office to the drive. This piece of metal, which is about six feet in length and at least a foot in width, was removed from the front of the building in 1938 when remodeling was done. The sign was purchased "around 1935," according to Mr. Deems. "I'd say it weighs about 300 or 400 pounds," he added.

Mrs. William Evers Jr., 425 Helen-st, had a real reason for donating her beatrola to the collection this week. Her husband and son are both serving with Uncle Sam's fighting forces.

William Evers Jr. enlisted in the army July 28 and is serving with the engineers at Fort Leonard Wood, Mo.

Mrs. Evers' son, Jack Bowman, a graduate of West High School, is serving with the air corps at Patterson Field, Dayton, O. He is a graduate of West High School and Mrs. Evers received word this week that he had made the football team at the air field.

Every citizen is being urged to "Get in the scrap."

Cowboys Open Home Season Against Aquinas Today

By Harold Mors

Local football fans will have an opportunity of seeing the West Cowboys open their city league schedule this afternoon at four o'clock on the Magly Field gridiron, when the Bucks will oppose the undefeated Aquinas Terriers. The Aquinas eleven has won two for two, edging Findlay 7 to 6, and tripping up Springfield Central Catholic 20 to 13.

However, if the Bucks' passing clicks and their light line holds as well as it did during most of the latter quarters of the Marion game, the spectators should see some thrilling football.

Bucks Score on Marion

Although the Cowboys dropped their second game last Friday to the Marion Harding Presidents, they scored a moral victory by holding the Presidents to 18 points and pushing across one score themselves to become the first team to score on Marion since 1940.

The Westerners showed a large amount of improvement since their first game with Newark. According to Vic Dorris, Marion coach who scouted the West-Newark game, the Cowboys' blocking and tackling had improved 40 per cent.

Brightest light of the game was the booming punting of quarterback George Ours who pulled the West eleven out of trouble numerous times during the evening. Ours averaged 50 yards per punt in the air.

Backs Richard Carter, Ira Blackwell and Dick Gilmore were the sparkplugs of the West offensive and were ably aided by Chuck Weidner at left end.

Amusing incident of the evening came when the Marion first team was taken out of the game as a whole and a second team sent in against the Cowboys who immediately launched a strong offensive attack, starting with a 25 yard over-the-line pass and lateral play. The next play the West team pushed forward eight yards, and the whole second team from Marion was yanked from the field and the first string players were reinserted. The Bucks had tasted the offensive thrill and even the first squad of Marionmen could not hold them as they pushed 15 yards on rushing and scored on a pass from Carter to Weidner.

West Senior Show Is Progressing

In a splash of color and with patriotism as the theme the cast for the West High senior show, "Red, Hot and Blue," is being rounded out. There will be dancers, singers and a swing band.

One of the featured numbers in the show will be a specialized rendition of the popular song "Kalamazoo," by a harmony group. Ethel Mae Thompson will sing several songs with the West High School swing band.

Elaine Planck and Richard Baker will give an accordion duet. Two of the dancers will be Molly Mills and Peggy Fergus. Tom Calhoun will give some selections on his harmonica.

Teachers at West High who are cooperating with the students on the project are Mrs. Jeanne Gilmore, Arthur Buchanan and Charles Bennett. Herbert Stewart is the senior class president in charge of the show.

The 18 other names drawn at this time were Johnny Schmidt, John R. Griffiths, Broad-Hague Hardware, Harry Haney, Joe S. Eaton, Glenn Grant, A. L. Richards, Carl Sherburn, Margaret Koerner, Ralph S. Harper, Stephen Ryan, Edgar Weaver, O. H. Ziegler Jr., Dr. Grace Jordan, C. J. Kohn, Cliff Rice, H. W. Wright and Frank H. Morgan

LIBRARY NEWS

Today when we are all concerned in the fight for liberty, the liberty to worship the God we choose, and to choose the type of government that rules us, we are too often confused by the words spoken over our radios and printed in our newspapers. If we are to choose wisely between the various paths presented to us, a background of theory and thought upon which our system of government was established is necessary. There is no better picture of this than the one presented by Marjorie Barstow Greenbie's "American Saga," a graphic tale of our national struggles for liberty from colonial times to the present.

The Hilltop branch of our public library system is well stocked with books which can give us that important background.

The early struggles and doubts which beset our forefathers are not too different from those which arise today. A few of the books which present these problems are:

"Paul Revere and the World He Lived In" by Esther Forbes. This book gives a vivid and intimate account of the condition of the 13 colonies, telling not only of Paul Revere but many others important in our history.

"If Not Victory" by Frank O. Hough, which gives one a grim picture of those who attempted neutrality in the epic struggle of the Revolutionary War. Additional books, covering the same period, are: "Rabble in Arms" and "Arundel," both by that competent author, Kenneth Roberts.

It was not only our early forebears who fought and died for their beliefs and heritage, but all through our history these sacrifices have been called for and made. A good book for the immediate background for the present war is one by Dwight Lee entitled "Ten Years," which is about the 10 years preceding this war and the causes leading us into it.

The meaning of our present day liberal government to the world at large is portrayed in "From Many Lands," by Louis Adamic, a heart-stirring story of those oppressed immigrants who prefer liberty to tyrrany.

Our job is not done, however, with the winning of the present war against the theory that might makes right. We all have a huge job ahead of us to overcome the economic after-effects of the war. A well reasoned solution to these problems is presented by a famous American banker, Frank Altschel, in his "Let No Wave Engulf Us."

Do not fail to take advantage of these books and countless others available at the Hilltop branch library, 21 N. Hague-av.

Mrs. Lee Walters Jr., of 500 N. Warren-av, the former Gene Porter, has left for Norfolk, Va., to join her husband, who was transferred from Parris Island to Norfolk.

EMCRONIT CLUB IN SIXTH YEAR

A few years ago Mrs. Law Rausch (then Alice Birtcher) discovered she was moving out of the lives of her girl friends. Her work was taking more and more of her time and all of her old friends were busy and growing away from each other.

Mrs. Rausch decided to do something about it. She got in touch with her sister (Rebekah), Mrs. Ivan L. Timmons Sr., and together they asked their friends in for an evening of sewing. The girls had so much fun they decided to organize. The purpose was to retain their friendships and to exchange sewing helps. The name Emcronit Club (EMbroidery CROchet kNIT) was chosen, and regular meetings planned.

Mrs. Paul B. Marzluf is the club's only officer. She has no title but she does everything, sends out meeting notices, keeps the club funds, collects dues, sends flowers in case of sickness, etc.

Thursday, Oct. 1, Emcronit became six years old and celebrated with a party at Schmelzer's Restaurant. The hostess was Mrs. Samuel A. Daugherty, who is Mrs. Marzluf's sister (Faun and Gale Simmons).

Miss Charlot Brower and her sister (Bonnie), Mrs. Leo Roivas, make the third set of sisters. Mrs. Roivas is still staying home with her brand new baby daughter but Emcronit will soon have a new regular guest in Karin Martina.

Mrs. Belford Biddison and Mrs. Earl Stamper make the fourth pair of sisters in Emcronit.

Other members are Mrs. Ernest Gibson, Mrs. Howard Durbin, Miss Mary Swisher and Mrs. Richard Krebs.

Mrs. Daugherty had as her special guest, her sister-in-law, Mrs. Jack Simmons, who is visiting her and Mrs. Marzluf this week.

Victory Service League Open To Car Owners

Formation of a West Side chapter of the national Victory Service League, a national alliance of motorists, was announced here today by John Keefer, manager of the Rodenfels Chevrolet Co., which will serve as local headquarters of the new organization.

The Victory Service League, according to Keefer, has been founded as a patriotic organization of car and truck operators who are pledging themselves to car conservation in the interests of maintaining America's civilian transportation system.

More than 8,000 Chevrolet dealers and 75,000 of their employees comprise the basic group about which the Victory Service League has been established. This group has a twofold purpose in making the league effective in the war effort. First, they have taken an active part in four of the nation's greatest patriotic drives. They were extremely effective in the drive to establish the ten per cent bond drive. Second, they actively engaged in the scrap rubber campaign. The metal scrap campaign just finished has been marked as a tremendous success. The purpose is to assure conservation of passenger cars and trucks and will bring to the nation a full realization that the motorist must protect his equipment to get the most economical mileage and to prolong the driving life of the car or truck he is now using in his country's service.

"Automotive transportation is America's vital life-line," Keefer said. "The 27,000,000 passenger cars and the 5,000,000 trucks now operating in this country constitute a great source of mobility in the hands of the general public. How that essential mobility is conserved has a very direct bearing on the war program. It is the aim of the VSL to foster sane, sensible conservation, of transportation.

"The national slogan of the VSL," Keefer added, "is 'Save the Wheels That Serve America'."

VSL members will receive a free car conservation inspection when they sign the national pledge. In addition, they will be given membership cards and emblems to display on their cars.

Owners of all makes of cars and trucks are urged to sign the VSL pledge, Keefer pointed out, and the fact that local headquarters will be the Chevrolet dealership has no bearing on the aims and intents of the program.

Your Comments Were Appreciated

A hearty "thank you" to all who took the time to call us last week-end and to those who wrote in expressing their approval of our editorial in which we stated last week we would soon have to make a charge for the Hilltop Record.

Many persons have offered us their money for a subscription. But we are not yet ready to accept it. Please do not pay anyone yet. When we are ready to announce the paid distribution plan we will so advise you and only persons with proper credentials will be authorized to make collections.

Just this past week we experienced the very thing we have been telling about. We were about ready to go to press and as yet did not have the church notices in the paper. In order to make room for them we had to withhold the page ad on war bonds and run it later.

We'd like very much to have a nice paid circulation list on the Record and be able to give this community the kind of a home newspaper they have not yet seen. Your subscription will make it possible. If you like the Record now we are certain you will like it much more as a paid newspaper.

Again, if you have not already given your opinion on whether we should start charging for the paper we will appreciate a call or a letter.

Davis Cuts 523 Nonessential Releases

A person who works around a newspaper office and sees the hundreds of press releases that flood in from all departments of the national government can certainly be well pleased with the story that comes out of Washington this week.

Elmer Davis, director of the Office of War Information, last week took complete control over federal publications and press releases and his first step was to discontinue or curtail 523 of them as nonessential.

This will save tons of paper and millions of dollars in publicity costs. More of this sort of action will be welcome news.

This Would Be A Stiff Penalty

First information on the rationing of gasoline has been passed on to local ration boards and among other facts it is noted that the penalty for giving false information on your application is a fine of $10,000 and incidentally, having all your future ration books taken from you.

Members of the boards are of the opinion that the loss of the gas ration books would be a greater loss to most people than to have to pay the fine, if advance interest in "how much gas will I get" means anything.

Legion Asks For Lights At Schools

At the last regular meeting of Camp Chase Post No. 98 of the American Legion the following resolution was read and adopted:

"Resolved, that Camp Chase Post No. 98 of the American Legion having a membership of 303 and stressing child welfare in its program for the coming year, go on record asking that traffic lights be maintained at intersections where school children cross the street going to and from school.

"Whereas, traffic lights at the intersections of West Broad-st and Highland-av and W. Broad-st and Chicago-av have been removed, thereby creating a traffic hazard for children attending Highland Avenue and Chicago Avenue schools respectively, Camp Chase Post No. 98 asks that these two traffic lights be put back in operation."

"We believe that a traffic light either way from the two in question might be removed to accomplish the desired result and at the same time the safety of school children maintained," the organization pointed out.

Scrap Drive Continues To Net Old Metal

According to reports from the general salvage committee and Hilltop chairman, Robert Draper, the Hilltop has shown some of the best cooperation in the city in the scrap drive. This week the schools, elementary, perochial, junior and senior high, joined the collection campaign.

Early this week John Burroughs School donated two tons to the drive, Highland Avenue School gave a ton and a half, Starling Junior High School, eight tons; West Junior and Senior High School, four tons, and West Broad Street School, three tons.

Not long ago the congregation of Hilltonia United Brethren Church was contemplating a new church building but the war changed these plans. Before the proposal for a new building was dismissed a bell had been purchased for the church. This bell, high in metal value, has been turned over to the salvage committee by the church.

Sunday William Ardle, 216 S. Ogden-av, and Hugh Stimson, 254 S. Burgess-av, canvassed the Hilltop in a truck donated by the Davis and Herbert Grocery and collected scrap metal that was placed in the park in front of Stimson's home. Later it was hauled away by the salvage committee.

The drive will continue for a while longer since no definite date has been set for ending it.

People having scrap can now take it either to the filling station depots or to any school on the Hilltop where it will be picked up in army trucks.

Cowboys To Meet East Here Today

By Harold Mers

The West High Cowboys will play the second game of their home schedule this afternoon at 3:15 at Magly Field when they will oppose the East High Tigers.

The East team has won one and lost two, dropping games to two "toughies," Middletown, 19 to 0; and Portsmouth 9 to 0. The Bengals opened their city league schedule in better style, trimming Central 13 to 0. The East team will be sparked by returning lettermen Justice and Watson, who have already shown their prowess in running and other departments.

The West line-up for this afternoon's game will probably be: Left end, Chuck Weidner; left tackle, Harry Andrews; left guard, Ed Beard; center, Mickey Alban; right guard, George Ours; right tackle, Bob Clark; right end, Charles Hall; right half, Ira Blackwell; left half, Dick Gilmore; fullback, Bill Richards; quarterback, Bob Byerly.

Alban is nursing a bad leg but will probably start. End Weidner will start if his touchy ankle improves. Otherwise 125 pound Stan Taylor will open the game in the left end slot.

Bucks Drop First City Game

The Buckaroos opened their city league schedule by dropping a 19 to 6 decision to the Aquinas Terriers, in a game that was more closely played than the score indicates.

The Terriers rolled up 178 yards by rushing and 44 by passing, while the Cowboys were a short distance behind with 164 yards by rushing and 14 by passing.

Poor downfield blocking and listless tackling were instrumental in the Westerners' defeat, as were several badly called plays.

Bright light of the Bucks' squad was Ira Blackwell, who entered the game at half time to help the Cowboys move 60 yards on straight football for their only score of the game.

Aquinas scored early in the game, when Bill Reider snagged a West pass and raced 30 yards to give the Terriers a lead they never relinquished.

Although the West defense was functioning poorly, Bill Richards' tackling was noticeably good. The Cowboys seemed to want to give each of their teammates the first chance to tackle the opposing ball carrier.

RALLY DAY SUNDAY

TONS OF SCRAP HAVE BEEN SAVED HERE ON THE HILLTOP FOR AMERICA'S USE!

Today's the day we tally up our results on the scrap campaign we've started in order to Slap the Japs, Hit Hitler and Muscle In on Mussolini, It's a success, folks—we've really let Uncle Sam know the Hilltop is on the map! Tons to help our boys!—BUT let's not forget that, good as that record is, it's only a drop in the bucket compared with the job that still has to be done! Don't stop collecting scrap any quicker than you want our boys at the front to stop fighting for Victory! These boys and their allies are in really desperate need of arms and war machinery. War production is being done with 50% SCRAP. This is a TREMENDOUS percentage! It DEMANDS the daily, hourly help of YOU and YOU! Don't let those steel furnaces cool down for lack of scrap metal! SAVE NOW!

"MacARTHUR AND HIS MEN"
In every crisis since the dawn of time
All down through the ages
The Lord sent a man with wisdom sublime
As recorded in history's pages.
"Abe" Lincoln, at the time of our Civil War
The nation was shaken then,
Now that we have war from shore to shore
He sent MacArthur and his men.

A Christian nation no one can subdue
"The Lord watches over his own"
To make us pray He'll chastise me and you
But will never leave us alone.
Now that we are facing a grave situation,
The sword replacing the pen
Our Father in Heaven to save the nation
Sent MacArthur and his men.

I want to give thanks at this present time
To my friends so loyal and true
When I grew aweary trying to build a rhyme
Some friend new courage would imbue.
I have received help all along the line,
Environment, seventh grade small,
Best wishes I extend to friends su fime
And I thank them one and all.

FOREIGN RELIEF TO OUR FIGHTING ALLIES! SERVICE TO OUR ARMED FORCES! - LOCAL HEALTH AND WELFARE AGENCIES!
They're Giving All! What Will You Give?

MUST a boy with a war to fight lie awake at night . . . with cold anxiety about his loved ones at home gripping his heart?
Must he wonder who'll look after Mom . . . if she should get sick. Or if planes *should* get through and . . .
Will we ask *that* of him, too? . . .
No. The mother, the wife, the sweetheart he leaves behind is going to be looked after. That's our job. And we're going to tell him so. We're going to tell him with our contributions to the War Chest.

"Red, Hot and Blue" Variety Show At West High Tonight

When the curtains part in the West High School auditorium tonight at 8:15 the audience will find themselves lost in the setting of an army canteen which will serve as the background for the variety show, "Red, Hot and Blue," the 12-A class is presenting. The show will be packed with music, dancing and comedy.

Peggy Fergus will present a toe dance routine while Molly Mills will appear in an acrobatic dance.

One of the highlights of the show will be the quintet composed of four girls and a boy singing "Kalamazoo." The girls in this act are Margaret Foster, Eleanor Smith, Suzy Johnson and Patty Cooper. Gene Wolford will supply the male voice in the group.

An accordion duet "He Wears a Pair of Silver Wings," will be played by Elaine Planck and Dick Baker.

Ethelmae Thompson will sing intermittently with the orchestra. One of her numbers will be "My Devotion." The West High swing band will furnish the music.

The popular dance duo of Mary Kay Marchant and Firman Moore will perform in the show. Barbalee Bachman will be the assistant to Don Doran who will present a magic show.

Tom Calhoun will play a number on his "swing" harmonica.

In the one-act comedy, "The Man In The Derby Hat," are Frankie Williams, Carol Mae Gamso, Jim McElwee, Delbert "Red" Smith, John Glade and Dick Janes.

Herbert Stewart, president of the senior class, has been in charge of the show with the cooperation of Mrs. Jeanne Gilmore, Arthur Buchanan and Charles Bennett.

Other Clubs Can Help Too

On Hallowe'en night people of the Hilltop and adjoining communities have an opportunity to enjoy themselves at a reasonable cost and at the same time be aiding a worthy cause when they attend the big Hilltop Jamboree show and dance to be held at West High School and West Gate Temple.

All the net proceeds of the affair are to be turned over to the Army-Navy Emergency Relief Fund. This money is used to aid needy families of men who have been lost in the armed services of the country.

While the party is being sponsored by the Hilltop Business Men's Association with the close cooperation of the American Legion, it is not an exclusive affair. All clubs and organizations of the community are asked to get behind it and join in seeing that it is a very successful undertaking.

This can best be done by calling a member of the ticket committee and signifying that your group will be willing to try to sell some tickets. Anyone interested is asked to contact Mary Bentz at Ra. 5595.

Doing His Part

Little Charles Falter, four, son of Mr. and Mrs. Leo Falter, 244 N. Warren-av, has been doing his bit in the tin salvage campaign. On days when the collection trucks are to visit his neighborhood he makes the rounds of the homes nearby in his little red auto and tells the housewives to get their tin out on the curb. We understand it is effective too. So here's a rose to Charles.

Turned In Your Old Keys Yet?

Your old keys are wanted to aid the war effort. If you have not already collected all your surplus keys that no longer have a use why not do so at once and turn them in at one of the local key collection agencies. One of your neighborhood stores has a key kan available or they may be turned in at the First Federal Savings & Loan office or the Hilltop Record office.

Remember . . . one hundred pounds of old keys are worth as much to the government as a ton of other scrap metal.

Jamboree Show Talent Being Chosen

As plans went forward this week for the Hilltop Jamboree Show and Dance for Hallowe'en night as a benefit for the Army-Navy Emergency Relief some of the talent that will participate in the show was revealed.

Numerous favorites from recent Hilltop minstrels and other local productions will be in the cast.

Included are Leo Phillips, with some of his well known specialties; a "spook" dance by Miss Keith Lovewell and Sue Ann Elleman; a blackface skit by two famed Columbus minstrel men, Fred Hawkes and Fred Washburn; songs by the Condon Sisters; a dance routine by Mary Kay Marchant and Firman Moore; a dance specialty by Virginia Jones, and numerous other numbers to be announced later.

Lee Koontz will serve as master of ceremonies for the show. Lee has spent several years in show work and has a wide collection of comedy stunts at his disposal.

Tickets are now on sale in local business places. Admission will be 50c per person with the entire net proceeds going to the Army-Navy Relief fund.

Those desiring to dance that evening will have two gala parties available. One will be held at West Gate Temple with Al Baumbusch's orchestra furnishing the music and one at West High gym with Marot's orchestra playing. Admission to either dance will be 50c per person. Novelties will be sold at the dances.

Applications for a place in the show will still be accepted by C. C. Hartley, director.

To Insure A Good Community Newspaper

SUBSCRIBE to the RECORD

This is your invitation to become a subscriber to The Hilltop Record.

During the past few weeks we have been making a survey of the community to determine what plan to follow in future publication of The Record, in view of terribly reduced revenues brought about by the war.

The public has been acquainted with the fact that we must either reduce the amount of news copy in The Record as well as cut down on the number of papers we are distributing or we must have some revenue from those who are willing to pay to have the same type or an improved Record continued to their home.

While we know there are persons in the community who will not see fit to pay for the paper after having received it free for so long we have had a very generous response on the part of the public from those who have expressed themselves as willing to pay.

Therefore beginning immediately we will accept paid subscriptions at The Record office at the rate of $1.50 per year if paid in advance or will place your name on the delivery list at the rate of 15c per month and have this amount collected regularly at your home.

Subscriptions will be accepted at the office at once. The cooperation of the public in advising that they will be subscribers will be most appreciated. Those who have already indicated their desire to subscribe will be contacted and need not call us again.

During the next several weeks the paper will be continued to all homes in the community as in the past and the effective date of the paid subscriptions will be that time when we do begin to reduce the list by cutting off those persons who have not paid.

Advertisers will be constantly advised as to the status of The Record circulation list.

Residents of the community are asked to pay their subscriptions only to persons having proper identification credentials from The Hilltop Record office and should insist upon an official Record subscription receipt. This should be carefully preserved in order to keep posted on the expiration date.

This is a big undertaking for The Record and one that will take considerable time to contact every Hilltop home, but at sometime in the very near future every local home will be contacted.

Need Volunteers For Gas Ration Program Nov. 16

A call for additional volunteers to assist with the gas rationing program on the Hilltop and West Side was issued by the local board this week. State authorities advise that approximately 140 workers will be needed for the week of Nov. 16 to handle the supplementary registration.

The Office of Price Administration in Washington has announced that the basic registration will take place during the week of Nov. 9. Present indications are that this program will be carried on at local schools and will be handled by school teachers in a manner similar to that of the sugar rationing.

All persons owning an auto will be given a basic ration card good for approximately four gallons of gas per week. Those desiring more must make application the next week.

The supplementary ration registration will be conducted for the Hilltop and West Side at Starling Junior High School during the week of Nov. 16, from 9 a. m. to 9 p. m. daily.

The volunteer workers are needed for the supplementary registration and must be available for at least four hours daily for the week. Men and women who have had some clerical or business experience are preferred.

Persons who are willing to assist with the program are asked to call C. C. Hartley at Ra. 1125 or John Barton, secretary of the local board at AD. 3550, or they may fill out the following application and mail to The Hilltop Record, 2465 W. Broad-st. Applicants should designate their preference of working hours.

I am interested in volunteering my services to assist in the gas ration program.

He is Herbert Grant Hahn, 555 Columbian-av, who lost a leg and an arm as a direct result of injuries sustained at Chateau Thierry July 29, 1918. Cowboys To Meet Ironton Tonight

By Harold Mers

The West Cowboys left by bus this morning to reach Ironton in time for their game with the Ironton squad this evening.

The Cowboys will be up against some tough opposition and are rated as the under dogs in the tilt.

Bucks Lose to East, 12 to 6

In a see-saw battle that saw the Buckaroos roll up eight first downs to three for their opponents, the East Tigers, the local team went down under the accurate passing of the Bengals.

The deciding factor in the game was the passing percentage for the Bengals, who completed four passes out fo four, scoring both of their touchdowns with the aid of passes.

The first came after the Tigers had set up on the five yard line with a 35 yard pass. Another five yard pass scored the first East tally.

The second came on a screened pass play, which saw Parker of East race 75 yards for the score.

West tried nine aerial heaves, completed none, although one was ruled complete on interference. East men intercepted three of the Cowboy passes, probably giving the game to the Bengals, as the yardage gained by rushing and punting was about the same.

Record Sells Bonds

A few weeks ago, Martin Block, the New York turntable king, heard a preview of Spike Jones' hilarious Bluebird disc, "Der Fuehrer's Face," decided it was terrific, and offered to give a copy of it to anyone in his radio audience who would purchase a $50 war bond. The next day Block sent out 289 copies of the Bluebird record! But that ain't nuthin! The other day Block frantically phoned RCA Victor for a rush order press job. In two weeks Block's bond campaign has topped $60,000 and, incidentally, eight of the bond purchases have been as high as $1000. That's pushing it right in der Fuehrer's face!

Buckeyes Will Play Purdue Saturday

Ohio State's undefeated Buckeyes, grinding through extra heavy early week practice sessions, pointed for their second western conference game of the season in Ohio stadium against Purdue, Saturday at 2:30 p. m.

The Purdue Boilermakers, aching for a slice of conference honors this year, will be only the first of seven more opponents the Bucks will face yet this season—a lineup of teams dubbed "giant killer row" by sports writers following victories to date.

Head Coach Paul Brown issued a few new plays following the victory over Southern California. Laterals and new forward passing plays were included for the Buckeyes' bag of tricks against Purdue. The latter's upset win over Northwestern means Ohio State will have to "turn on everything to beat the Boilermakers," says Coach Brown.

"TO THE RECORD"

Anyone would pay half a cent a day
That had any community spirit
To keep the Hilltop Record on display
No local paper comes near it.
I consider it a privilege, not a sacrifice
That's the way it looks to me
The paper is worth many times that price
For years we have read it free.

PROPERTY OWNERS OR RENTERS WE ALL PAY TAXES!

When a mother is left alone with minor children to care for—county taxes provide Aid to Dependent Children.

When children are orphaned or homeless—county taxes provide a Children's Home.

When Domestic Relations, Civil or Criminal problems require court actions—county taxes operate the Courts.

What connection does the County Auditor have with these functions? He pays the bills, sees that expenditures are not authorized unless funds are on hand, maintains the necessary records and accounts.

PROPERTY TAXES constitute only a part of county revenue. In order to use available funds WITHOUT INCREASING TAXES, the County Auditor has brought about a $35,000 annual reduction in state hospital charges, required the use of $127,000 utility taxes for their intended county purposes without diversion, and devised means to pay off county debts with delinquent collections thus releasing funds for operating purposes.
